The Girard, Washington R C Schmertz, Penua Schington Just H Burns, Baltimore This H Burns, Baltimore	THE CHAMBERSBURG SUFFER.  SURFING abd destitute citizens of Ohmubersburg. A Committee of Ladies of our city have visited Ohambersburg, and their report of what they saw and heard loggars description. Suffice it to say, that the citizens are entirely destitute of the most necessary articles conductive to their comfort. Citating, Beds, Bedding, Crockeryware, Bardware, &c., &c., are wasted at ours. Let it not be said that these four friends and brethrend are unworthy of our sympathies and contributions. No citizens in our Common wealth present a brighter or more loyal record. Our noble soldiers can testify to the fact that when they were sick these people nursed them, when hungry they fed them, when naked they clothed them—and have been for the last three years constantly harassed by an unfeeling and brutal earny, and were it no for their loyalty their homes would not be in ashes to-day. Numerous facts and incidents could be related as to their utter destitution, viz: A teacher of one of four schools was quietly enjoying the comforts of a little home that had been to him the cause of many a days' toll and industry; he was quietly awaiting his turn to be visited by this merciless foe. At the appearance of the enemy he sought to appeal to them to spare bis little home, stating that he was a teacher of the gospel; that he had ofted many years for like little he had around him, and now that he had grown in years he could never replace it: At athe fruits of his labors would be entirely lost, and would avail them nothing. At this point the enemy hestiated, when the folloying opers! and the teacher, ever true to his noble principles, answered in the affirmative. The order was at once given to burn—to fire his house—and in 15 minutes his all was a mass of ruins, and to cound never replace it: At the cound have ever a change of clothing. Say not these poole are unwithy. Hundreds of such facts could be related. We appeal to you to come forward and help us.	MATIONAL UNION TICKET. This invention consists of Duplex (or two) Elliptic Stell Springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most-clas- tic, sexible, and durable spring even used, enabling the weater, in consequence of its great elasticity and first- bleness, to place and fold the skirt when in the se escally and with the same conveniencess a slik or muchin dress. It entirely obviates and stlenees the only objec- tions to hoop shirts, viz: the annoyance to the weater as well as the public, especially in crowded assembles, carriages, railroad cars, church pews, or in any crowded place, from the difficulty of contracting them to occupy- ing a small space. This entirely removes the difficulty, while giving the skirt the usual full and symmetrical form, and is the lightest and most stylish and graceful appearance for the street, opera, promenade, or house dress. A lady having enjoyed the pleasure, comfort, and great convenience of wearing the Duplex Elliptic Spring Skirt for a single day, will never afterward willingly dispense with the use of them. They are the best quality in every part, and by far the lightest, most durable, comfortable, and economical skirt made.
