The course of instruction includes Book- Keeping in all its Branches, Fanmanship, Plain and	This invention consists of Duplex (or two) Elliptic Steel Springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most elsatic, flexible, and durable spring ever used, enabling the wearer, in consequence of its great elsaticity and first bleness, to place and fold the skirt when in use as easily and with the same convenience as a silk or music dress. It entirely obviates and allences the only objections to hoop shirts, viz: the annoyance to the wearer as well as the public, especially in crowded assembles carriages, railroad cars, church pews, or in any growded place, from the difficulty of contracting them to occupying a small space. This entirely removes the difficulty while giving the skirt the usual full and symmetrica form, and is the lightest and most stylish and graceful	scriptions will be received for Conpon Treasury Notes, payable three years from August 16th, 1864, with semi- annual interest at the rate of seven and three-tenths per	Sixth and signteenth streets.
