The Free Military Academy. To the Editor of The Press:

SIR: I observed in your valuable paper of yester-day a paragraph in your Washington correspondence stating that the Free Military Academy in this city for applicants for command of colored troops will be closed on the 15th inst. In common with hunreds of soldiers in the army, and discharged veterans, who have received valuable instruction at the rans, who have received that its discontinuance its deeply to be regretted. Through its agency hunits deeply to be regularized to the dreds of gallant and patriotic young men are now holding important and responsible positions in the army of the Union, which they would never have secured but for the assistance rendered them at the scademy. There are many others, too, who have aceived furloughs from Sharman's, Rosecrans' Washburn's, and other armies, who have just arrived here to take advantage of the benefits of this acade my, and who will be compelled to return to their regiments disappointed and discouraged. I know of two who arrived to-day, who came all the way from Tennessee on purpose to enter the academy, but finding its doors closed against them, they were obliged to return from whence they came. I can only ask, Messrs. Editors, why the academy is to be ciceed. Is it for want of funds, as I have heard it hinted? If so, I feel assured that if the spirited citizens of Philadelphia, who have for nearly a year past sustained this meritorious institution most liberally, will not now suffer it to languish and die for want of means to support it, when the de-mand for officers is almost as great as when the inmand for one or a standard as great as when the in-stitution was started. Regiments of colored troops are now being formed rapidly, both in the East and the West, and I have understood that upwards of eight regiments have recently been organized in Kentucky by Adjutant General Lorenzo Thomas. the greater portion of the officers of which were selected from the graduates of the Free Military Academy of this city. With the success of our arms in Georgia and Alabama, a wide field will be opened from which to procure material to form additional regiments of this description of troops, for which rge numbers of officers will be required. The academy has received the warm approval Major General Casey and other army officers familiar with its operation, and many of its graduates on the occasion of the storming of the rebel works after the explosion of the mine in front of Peters burg, proved themselves men of undaunted bravery and skilful officers, and several of them sealed their that fatal day. I trust that the attention of the citizens of Philadelphia will be aroused to this subject, and that an earnest effort will be made to continue the school in A DISCHARGED VETERAN. The Democracy of Blair county, Pa. To the Editor of The Press:
Sig: The last revised edition of the "Chicago platform" has been forwarded to us by express, and we are happy to say that it meets with universal approval. All shades of party politicians are in raptures over it. It comes nearer to a stereo copic perfection than anything that has been brought forth for many a day. The Convention was in great travail for a few days, but the most skilful accoucheurs were in attendance to assist in delivery, and to the amazement of all lovers of royalty, a no less personage was brought forth than the tender and lovable "anti-war, anti-peace plat-form." The Democrats of this county (Blair) hastened to convene the savans of their party, and on t Thursday they met together for comfort and consolation. Like the boy with his ten-pins, they considered it lost time to set up a county ticket that they knew would only be knocked down. Among other things done was the instruction of their Congressional conferees to vote for Robt. L. John rom Cambria, for Congress, and at the same time rubbing over the sore back of Hon. Arch. Mc Allister,

the present member, a little oil to soothe his disap-pointment. This Convention was largely attended by the "remains of Know Nothingism," and was all loud for Dr. Johnston. Thad. Banks, Esq., who, n 1861, was elected to the State Legislature upon a 'vigorous war platform," was sent for and made a speech. Speaking of the Chicago platform, he said the "nigger" didn't appear in that platform once. "It is a platform on which all good Democrats can stand, and carry through successfully, and if the military shall attempt to interfere with us we will bare our right arms to resistance." \* "Abe Lincoln wants to destroy this Government to set the nigger free." \* \* \* "The Abolitionists lie when they say the Democrats are opposed to this war, and they know they lie." \* \* "From the time McClellan told that miserable old jester Abe Lincoln, and that infamous rascal Stanton, if he saved the Peninsular army he would not thank them, he has been persecuted." Such, dear sir, is the first out eropping of Democracy in Blair which, if it continues so prolific, will produce a fine rest of Lincoln votes. ONE WHO VOTED FOR BUCHANAN. The Pennsylvania State Agricultural Society will hold its next fair at Easton, Pa., September 27th, 28th, 29th, and 30th, 1864. The most ample accommodations, we are informed, are being made. The grounds and buildings of the Farmer, and Mechanies Institute, where the fair will be held, are among the largest and sneet in the State. In addition to the buildings and sheds already erected, several very large tents have been secured; one for the formal and fruit department, and the other for the Fruit-Growers' Society of Eastern Pennsylvania, who will hold their quarterly meeting upon the grounds at the same time. Their object is to discuss all questions appertaining to fruit-growing as well as to those fruits of their own production. Their discussions are not beneficial but will add much to the general interest of the fair. From present indications the fair will be one of the largest ever held in the State.

NAVAL. FROM THE WEST GULF BLOCKADING SQUAD-FROM THE WEST GULF BLOCKADING SQUAD-RON.

The United States supply steamer Bermuda arrived off the newy yard yesterday morning from the West Gulf Blockading Squadron, with fourteen officers (six of whom were wounded in the capture of Fort Morgan) and two hundred and thirty-three sick, wounded, and discharged seamen. On her outward passage the Bermuda, on the 17th of August, at 2 A. M., sighted a large bark-rigged steamer lying to under spanker. The Bermuda immediately stood for her, but the suspicious-looking craft made sail and escaped to the northward. She was fired at, but without effect, and made her escape under cover of the darkness. The condition of New Orleans, when the Bermuda left, was healthful, and business was improving. RECRUITING QUARTERS. New quarters, for the recruiting of men for the navel service, have been opened at Lombard and Penn streets. This has been considered necessary because of alleged injustice done to parties at the
