THE DUPLEX ELLIPTIC (OR DOUBLE) STEEL and SPRING. L. & J. G. WEST, No. 97 CHAMBERS STREET, NEW YORK, re the owners of the patent and exclusive manufasurers of this, J. W. BRADLEY'S turers of this, J. W. BRADLEY'S PATENTED DUPLEX ELLIPTIC STEXL SPRING SKIRTS. This invention consists of Duplex (or two) Elliptic Steel Springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most elas-tic, fastible, and durable spring ever used, enabling the wearer, in consequence of its great elasticity and fexi-bility, to place and fold the skirt when in uses assacily and with the same convenience as a silk or muslin dress. It entirely obviates and sileness the only objec-tion to hoop skirts, viz: the annoyance to the wearer as well as the public, especially in crowded assemblies, carriages, railroad cars, church pews, or in any crowded place, from the difficulty of contracting them to occupy, while giving the skirt the usual full and symmetrical form, and is the lightest and most stylish and graceful spearance for the street, opera, promenade, or house dress. A lady having enjoyed the pleasure, comfort, and grace convenience of wearing the Duplex Elliptic Spring Skirt for a single day, will never afterward willingly dispense with the use of them. They are the best quality in every part, and by far the lightest, most durable, comfortable, and economical skirt made. Mer-chants will be emplied as above, and ladies in most first-ones retaits. POUBLE ELLIPTIC SPRING SKIRTS. DOUBLE ELLIPTIC SPRING SKIRTS. BRADLEY'S DUPLEX ELLIPTIC SKIRT, Very flexible, folded easily when in use to occupy a small space, making the most agreeable skirt worn. For sale by 902 CHESTNUT Street. BRADLEY'S DUPLEX ELLIPTIC SKIRT-The greatest improvement we have ever seen in LADIES'SKIRTS, and an article of SUPERIOR EXCELLENCE CURWEN STODDARTI& BRO., 450, 452, and 454 N. SECOND St., ab.
