TO THE PEOPLE OF THE FIFTH

WARD.—FELLOW-CITIZENS: A meeting of the citizens of the Ward, without distinction of Party, has framed the following Ticket, which is now presented for your suffrages, with the confident belief that you will find it every way worthy of your support. It has been selected trespective of party, and solely with an eye to fitness and qualifications, and, therefore, cannot be regarded in any sense as a Partisan Ticket. It has originated in a desire of men of all persoasions to prevent the election of ignorant, incompetent, and corrupt men to offices of honor and trust. The Candidates here named are all persoas of education, familiarity with legal form and the modes of public business, and thoroughly honest and reliable. This character they have earned for themselves in their previous pursuits in life, and we feel certain that, should they be honored with an election at this time to the positions for which they have been named, they will reflect lasting credit upon the citizens of the Fifth Ward.

We appeal to you, then, MEN OF THE FIFTH WARD, to lay aside for this once all partisan predilections so far as the choice of your local officers is concerned, and agree barmoniously to rally for one effort elect good men to office. Should this effort be successful it must exercise a powerful influence hereafter in warning all parties of the necessity of exercising more circumspection in making their local nominations. In conclusion, we tespectfully ask your suffrages, fellowcitzens, for the subjoined Independent Ticket.

THE CONSUMERS' MUTUAL COAL COMPANY are now delivering Coal from their Oakland Colliery, on the celebrated Skidmore and Mammoth Veins, at the llowing rates: PER SHARE, so that after the first year Stockholders will not only get their Coal for nothing, but will also probably receive a small dividend on their Stock. The lease runs, at the present low royalty, for Sixteen Years. The ten dollars per share paid now, is for the vhole term of the lease. The present capacity of the Mine is 50,000 tons per year, or one ton per share. This will soon be increased to 150,000 tons, which will give the Company 100,000 tons to sell to outsiders, at the highest market prices, THE PROFITS FROM WHICH WILL BE DIVIDED Subscriptions to the stock (which may still be made at \$10 per share) will be received at the Office of the Company, 5% South SIXTH Street, second story.

This invention consists of Duplex (or two) Elliptic Steel Springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most elastic, flexible, and durable spring ever used, enabling the wearer, in consequence of its great elasticity and fiexibility, to place and fold the skirt when in use as easily and with the same convenience as a calk or muslin dress. It entirely obviates and silences the only objection to hoop skirts, viz: the annoyance to the wearer as well as the public, especially in crowded assemblies, carriages, railroad cars, church pews, or in any crowded pizce, from the difficulty of contracting them to occupying a small space. This entirely/removes the difficulty, while giving, the skirt the usual full and symmetrical form, and is the lightest and most stylish and graceful appearance for the street, opers, promenade, or house dress. A lady having enjoyed the pleasure, comfort, and great convoulence of wearing the Duplex Elliptic

dress. A lady having enjoyed the pleasure, comfort, and great convenience of wearing the Duplex Elliptic Spring Skirt for a single day, will never afterward willingly dispense with the use of them. They are the best quality in every part, and by far the lightest, most durable, comfortable, and economical skirt made. Merchants will be supplied as above, and ladies in most first-class retail stores in this city and throughout the different States.
