THE voters of the First district have a noble opportunity before them to redeem their neighborhood from the disgrace of its representation in Congress. Never before has success been so possible and necessary. Never before were greater cause and reason for triumph. In the Hon. JOHN M. BUTLER the people have a candidate for Congress worthy of their respect and support; a gentleman of mature experience and sagacity, and a popular public man among all classes of his Tellow-citizens. We trust that every Union man, and every citizen who desires' to be represented by the best and ablest candidates, will make their privilege to vote a Now, who is NAGLEE? duty to succeed. In no district is the election more important.

IN THE Second district we have that amiable and accomplished gentleman, CHARLES O'NEILL. He has been a model Representative-earnest, eloquent, upright. He is opposed by a General who never smelt powder, and whose whole life has heen one series of efforts for office. The General may remain at home with his militia, Mr. O'NEILL must return to Congress.

LEONARD MYERS has been one term in Congress, and has shown himself to be capable, accomplished, active representalive. Against him there has been nominated a young man whose only record is to he found in debating societies. We do not want boys in Congress. Let all friends of the Union vote for Mr. MyERS.

WM. D. KELLEY has been a true friend of the country, and his voice has always been raised for freedom and the dignity of labor. Send this eloquent champion back to Congress.

M. RUSSELL THAYER must be returned to Congress from the Fifth district. If Philadelphia does her share this can be done. He is one of our best and bravest Representatives, and we must preserve him in Congress.

THE noble-hearted GEORGE BULLOCK is the candidate in Montgomery. He is making a gallant fight, and if our friends do their duty they can break the Democratic column, and send Mr. BULLOCK to Washington.

HENRY C. HOWELL, the Union candidate for Sheriff, is a man who would, were it not for party prejudice, be unanimously elected; for he is universally achis fellow-citizens, and pre-eminently fit for this important office.

For Receiver of Taxes we have in nomination CHARLES O'NELL, a high-minded and honorable citizen. This is a very important position, and the interests of the city demand that the office shall be filled by a competent man, and no one is more worthy of confidence than Mr. O'NEILL.

MEN who give their votes to FREDE-RICK M. ADAMS will be sure that our next Register of Wills will do his whole duty, and nothing but his duty. Mr. ADAME understands the business of his position thoroughly, and his loyalty and integrity are above question.

WILSON, of Chicago, Illinois, some weeks ago resigned the position to which he had been elected of president of the Western Independent Telegraph Company. THE COPPERHEADS threaten revolution f Mr. LINCOLN is chosen President, and

Governor SEYMOUR is reported to be ready to lead a million of New York men to Washington to unseat him. We fear this revolution will evaporate in certain Tammany resolutions. The New York riots of July, 1863, inaugurated by SEYMOUR'S " friends," was crushed by a battalion of pelicemen and a few regulars. How will these "friends" manage a revolution or riot against the terrible power of the Fede-

ral Government? "Let 'em come onwe are armed," as Sparticus has it.

Copperheads say you love ?

ALEXANDER LONG, the Copperhead Congressman who advocated disunion, writes from Cincinnati : "There is no enthusiasm in the Democracy, and the election is almost going by default. I see nothing but

defeat." What else, when for years past Mr. Long and his friends have been preaching nothing but defeat and surrender? What else after they have attempted to sell

their party and the country ? How shall we have peace? There are two ways, and both appear to be war methods. General McCLELLAN's friends pro-

pose to make peace by hostility to the North ; the friends of the Union purpose to obtain peace by putting down the rebellion of the South. The issue is a square onebetween Union and Disunion, Government knowledged to be worthy of the trust of and Secession, liberty and slavery, courage and cowardice.

IN OUR JUST EXULTATION over the

mighty Union demonstration of Saturday night let us not forget the marvellous gatherings in the different counties of Pennsylvania. That at Lancaster, of Wednesday last, was a monster assemblage of the people. It was the people's alone ; got up, organized, and paid for by them, and has never been equalled in that unequalled empire county even in the extraordinary campaigns of past years. We seize this occa-

WASHINGTON, Oct. 10. THE MANASSAS GAP BAILBOAD-THE TRACK TORN UP AND TRAINS FIRED INTO BY GUERILLAS.

This railroad has been repaired as far as Rectortown, and trains have recently run between Washington and Alexandria and that point. Major WENTZ, the superintendent of the road, when near the first-named place last Friday, discovered that a small portion of the track had been torn up, and promptly commenced repairing it, when he and hi party were fired upon by guerillas. Notwithstand ing this attack the work was continued until it was completed. Several shells exploded near the la borers, but there were no casualties, and the train escaped without damage. On another day las week a laborer who had been sent out to make re pairs was seized by guerillas, and was taken to the woods, where he was robbed of a number of letters which had been given to him to bring to Washing ton. He was furnished with a receipt for these let ters, and was then set at liberty. Much more seri
