LARGE AND VERY ATTRACTIVE ASSORTMENT OF 1,200 LOTS FRENCH AND SAXONY DEY GOODS, Funs, &c., This Day.—The early and particular attention of dealers is requested to the choice and desirable assortment of French, German, Swiss, and Saxony dry goods, furs, &c., embracing about 1,200 lots of fancy and staple articles, including Paris merinoes, de laines, epinglines, poplins, silks, velvets, shawls, cloaks, gloves, &c., of the importa-tion of Messrs. H. Hennequin & Co., and others, to be peremptorlly sold, by catalogue, on four months' oredit, commencing this morning, at ten c'clock precisely, to be continued all day without intermission, by John B. Myers & Co., auctioneers, Nos. 232 and 234 Market street. Augmon Notice—Sale of Boors and Shoes.

We would call the attention of buyers to the large and attractive sale of 1,000 cases boots, shoes, brogans, balmorals, &c., to be sold by catalogue for cash, this morning (Monday), October 24, commencing at 10 o'clock precisely, by Philip Ford &

THE "FLORENCE" not only combines all the desirable qualities in a Sewing Machine, but in addition to these every machine has one of Jenck's patent hemmers attached, enabling the operator to turn any width of hem desired; and to avoid the strain on the eyes, bent posture, close application. and fatiguing care, more or less usual in operating Sowing Machines every "Florence" is furnished with "Barnum's Self-Sewer," which guides the work ilself. Beside this, there is no other machine which executes so large a range of work. It does not require liner thread on the under side than it does on the upper, and uses one kind of thread or silk with the greatest economy. With all these advantages its price is no higher than that of single-stitch machines. Every "Florence" machine, moreover, is sold with a warranty, written if required, and unless perfect satisfaction is given the money is returned, and each machine is kept in perfect order one year free of charge. Obliging lady operators are gant to

the houses of purchasers, to give instructions, whea destred. We conclude, therefore, that in the purchase of 'Sewing Machines the "Florence" instrument, sold at 680 Chestnut street, has the first claim upon the attention of all who would display good taste and sound judgment in making their selections. THE MOST TASTEFUL, ORNATE, AND NOVEL artiole for the head that we have seen this season is the

"Continental" Hat of Messrs. Wood & Cary, No. 725 Chestnut street. We are glad that they are being largely introduced among ladies and misses of taste. THE STOOK OF GENTLEMEN'S FURNISHING Goods offered by Mr. George Grant, No. 610 Chest-

nut street, is the finest in the city, and his cele. brated "Prize Medal Shirts," invented by Mr. J. F. Taggart, are unsurpassed by any others in the world in fit, comfort, and durability. PURCHASERS may rely upon getting the best Furs at Charles Oakford & Son's, Continental Hotel.

INTERESTING TO MANUFACTURERS OF CLOTH ING.—The American Button-Hole Machine Company, capital \$1,000,000, office 630 Chestnut street, take pleasure in inviting attention to the merits of the button-hole machines, which are now perfected and adapted to general use, and ready for delivery from their office. It is confidently asserted by parties who have their machines in use, that more than the entire cost of the machine can be saved in two weeks by an ordinary female operator, calculating the cost of making perfect button holes at only one cent each, and that they are far superior in uniformity of stitching and finish to those made by hand, besides possessing the advantage of being elegantly finished on the wrong side as well as the right. This machine also does cording, braiding, and embroidering in the most elegant and beautiful manner, and can be used to advantage, not only by manufacturers of clothing, but by a variety of other tradesmen. AN EULOGY: Written on a City Sidewalk, near "Stokes' Porches." BY A POST GRAY HIMSELF.

The State House clock proclaims the close of day, The wearled trader hastes to sip his tea; The pretty store girls homeward wend their way, And leave the streets to "veterans," "stars," and me.

Now from my vision speeds the fading light, And not a sound disturbs the dusty air, Save the "recruiting band" or hotel gong, Whose supper tones but mock my frugal fare.

Beneath the "Continental," gay and grand, The "one-price" store of Stokes doth hold its court Where Clothing fine, and fashion'd to the shape, Makes for the well-dress'd man a first resort. IV.

A verse to it would be averse to me, While Stokes' "advers" are a certain pay. No further seek my merits to disclose;

"One price" alike my purse and song supply; For Stokes' "one-price" store shall live and thrive When those who sang its praise forgotten lie. Go to the Best. Office, 28 MERCHANTS' EXCHANGE, Philadelphia.

The District selected by this Company is one of great interest, and is only partially developed, but where developed the results are very gratifying. The wells at Burning Springs 22 detected and Campbell's Run (where our lands are situated) show that this is a great oil-producing district, being in close proximity to the following wells now producing largely, viz: The "Greer Well," on Horse Neck, produces 100 barrels per day, and increasing. The last great well in this neighborbood is on Rawson's Run, a feeder of Horse Neck, owned by Tack & Brother, of Philadelphia, and struck about three weeks ago. It flowed about 330 barrels of oil in a single day. Its average has been, perhaps, 220 barrels a day. It is a shallow well 200 feet deep. Near this, Mesers. Tack & Brother have a well 280 feet deep, which yields from 28 to 50 barrels of oil daily.

The territory secured to this Company has been selected with great care, having called to our aid parties well known in the oil regions, besides having the opinion of a celebrated geologist from our own city. The lands purchased by this Company lie in Wood and Pleasant counties, in West Virginia, at Horse Neck and Campbell's Run. five miles from the Ohio river by a good wagon road.

Professor Thomas in his report says: "The borings at

counties, in West Virginia, at Horse Neck and Campbell's Run. five miles from the Ohio river by a good wagon road.

Professor Thomas in his report says: "The borings at Horse Neck have developed the fact that in this region there are six formations of oil, each of which occurs at different depths, and that it beiongs to an overlying formation of the Pennsylvania region."

At Horse Neck we have the following:

1. One half interest in a lease of seventeen years in a tract of one acre, subject to one-eighth royalty, on which we have one well sunk 327 feet, with a twelve-horse power engine, tank, tubes, boring utensils, &c., and from which has been taken at the rate of 28 barrels of oil per day. When retubed will produce more.

2. Two-thirds of a perpetual lease on one and a half acres, situate about fifty rods from the above; on this we have one well sunk 265 feet and oil in the well 30 feet deep. The Bull Creek Oil Company own the other third interest. The indications show that by boring this well deeper it will be a flowing well.

8. Our third tract (33 acres in fee simple) is situated on Campbell's Run, about one mile and a half from the above, and five miles from the Ohio river. On Monday, September 5th, the great Tack Well was struck, and flowed one thousand barrels in twenty-four hours. This immense well less adjoining our properties.

In conclusion of Profescor Thomas' report, he says; "The dip of the rock, geological situation, and surface indications show this tract to be not at all inferior to Horse Neck."

oc24-mws3t NEW SKIRT FOR 1864. A NEW AND GREAT INVENTION IN HOOP SKIETS. THE DUPLEX ELLIPTIC (OR DOUBLE) STREEN SPRING. J. I. & J. O. WEST, No. 97 CHAMBERS STREET. NEW YORK. Are the owners of the patent and exclusive manufacinrers of this, J. W. BRADLEY'S

This invention consists of Duplex (or two) Elliptic Steel Springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most elastic, fexible, and durable spring ever used, enabling the wearer, in consequence of its great elasticity and fiexibility, to place and fold the skirt when in use as easily and with the same convenience as a silk or muslin dress. It entirely chylates and silences the only objection to hoop skirts, viz: the annoyance to the wearers as well as the public, especially in crowded assemblies, carriages, railroad cars, church pews, or in any crowded place, from the difficulty of contracting them to occupying a small space. This entirely/removes the difficulty, while giving the skirt the usual full and symmetrical form, and is the lightest and most stylish and gracoful appearance for the street, opera, promenade, or house dress. A lady having enjoyed the pleasure, comfort, and great convenience of wearing the Duplex Elliptic Spring Skirt for a single day, will never afterward willingly dispense with the use of them. They are the best quality in every part, and by far the lightest, most durable, comfortable, and economical skirt made. Marchants will be supplied as above, and ladies in most first-class retail stores in this city and throughout the different States. Inquire for the DOUBLE ELLIPTIC SPRING SKIRTS.

BRADLEY'S DUPLEX ELLIPTIO
