For circulars, apply to JAMES H. ORNE, Esg., No. 626 CHESTNUT Street, Philadeiphia, or to Colonet THEO, HYATT, nod-Im President Pennsylvania Military Academy. NEW SKIRT FOR 1864. A NEW AND GREAT INVENTION IN HOOP SKIRTS. THE CUPLEX ELLIPTIC (OR DOUBLE) STEEL SPRING. I. I. & J. O. WEST, No. 97 CHAMBERS STREET, NEW YORK, NEW YORK, Are the owners of the patent and exclusive manufac-turers of this, J. W. BRADLEY'S PATENTED DUPLEX ELLIPTIC STEEL SPEING SKIETS This invention consists of Duplex (or two) Elliptie Steel Springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most elas-tic, ficzible, and durable spring ever used, enabling the wearer, in consequence of its great elasticity and fiszi-bility, to place and fold the skirt when in use as easily and with the same convenience as a silk or muslin dres. It entirely obviates and silences the only objec-tion to hoop skirts, viz: the annoyance to the wearer as well as the public, especially in crowded assemblies, earringes, railroad cars, church pews, or in any crowded place, from the difficulty of contracting them to occupy-ing a small space. This entirelypremoves the difficulty, while giving the skirt the usual full and symmetrical form, and is the lightest and most stylich and grazeful appearance for the street, opera, promenade, or house dress. A lady having enjoyed the pleasure, confort, and great convenience of wearing the Duplex Elliptie Spring Skirt for a single day, will never alterward willingly disponse with the use of them. They are the best quality in every part, and by far the lightest, most durable, comfortable, and economics light in made. Mar-ehants will be supplied as above, and ladies in most first-class retail stores in this sity and throughout the different State. DUELE ELLIPTIC SPRING SKIRTS: DUELE ELLIPTIC SPRING SKIRTS: Are the owners of the patent and exclusive manufac-MISS MARY E. THROPP'S ENGLISH DRIVATE INSTRUCTION IN ENG. LISH BRANCHES and CLASSICS L.
