This interest is situated on the celebrated flyde and Egbert Farm, which has proved itself to be one of the great oil basins, a large, flowing we'l, of some 1,200 barrels, having been struck within a few days. brated Hyde and Egbert Farm, which has proved itself to be one of the great oil basins, a large, flowing we'l, of some 1,200 barrels, having been struck within a few days.

2d. The one sixty-fourth (1-64) working interest in lots 7 and 9, on Hyde and Egbert Farm, known as the Keystone Leases, on which there are two producing wells known as Keystone Wells I and 3, and another well in process of boring, and from the well-known character of the property, we have every reason to expect a second Jersey Well. This interest is also situated on these lots with every indication of being a very large well. In fact, when the above-mentioned well was struck it was the general impression that it was the new Keystone Well No. 4.

3d. The one-half working interest, being one-fourth of all the oil produced from Raibroad Well, on Miller Farm, on Oil creek, now producing about twenty barrels per day. The oil from this well commands a higher price than any other oil on the creek, on account of its superiority for refining purposes. This Company have ordered one of the new patent air pumps, and it is confidently expected that when it is in operation it will bring the yield up to some one hundred barrels per day.

4th. One-twentieth working interest in "Breed Town Lease," on the celebrated Story Farm. containing 3% acres. The working interest have bought a new patent blower for a well on this lease that did produce large quantities of oil; and as there is also a new well going down on this lease, the yield to the Company will be largely increased.

5th. Fifty acres in fee simple on Cherry run, about one and a half miles above the celebrated "Reed Wells" nearly one-half of which is bottom land. On adjoining lands above and below there are a number of derricks going up, and wells in process of boring. The character of Cherry run property has been fully tested. [New York Evening Post.]

There have, for some time back, been intimations that General Scott has been occupied for the past two years, or since he retired from active military life, in preparing "Memoirs of his own Life and Times." Few men have, while living, attained so wide a popularity, and been so firmly enshrined in the hearts of all their countrymen, without distinction of party, as General Scott. It is difficult to feel that one whom we see among us to-day, and whom we have been wont to consider one of our contemporaries, was really living, and a most prominent actor in the early days of the Republic. Scott's position as the hero of the War of 1813 threw him into intimate relations with our Revolutionary Fathers; and now, in our days of adversity, like a voice from the tombs comes to us, transmitted through this great hero, the admonitions and example of those who laid the foundations of this great Republic, and cemented them with their blood. We are assured by those who have read the proofsheets of this book, that it is filled with interesting memories of the past, and written in a most piquant and attractive style. It contains one hundred and fifty penand ink sketches of characters, embracing nearly all our prominent men from the Revolution down.

It is difficult to conceive of a more interesting book. PRESIDENT. [From the New York World.] noll-2t script. JOHN FAREIRA, No. 718 ARCH Street, above Seventh Street, At his old established store IMPORTER, MANUFACTURER, AND

[From the New York World.]

To tell the story of General Scott's life, is to describe nearly all that is glorious in our past military history. From the commencement of the war of 1812 to the beginning of the present rebellion, his name and fame have been so closely in erwoven with the conduct of military affairs, at to claim the attention of every student of the nation's annals.

It would be difficult to conceive a more interesting or instructive record. The long and honorable career of a veteran so conspicuous, portrayed by his own hand, wearled and resting after labors which have done so much toward making the Union a price worth the travail and bloodshed which its perpetuation is costing us today, must be regarded with new and absorbing interest by Americane. Among the autobiographies left by men whose lives have had a national and even world wide influence, few will have celipsed the one now forth coming in varied, and exclibing, and brilliant incident. From The Press, Philadelphia. Winfield Scott does well to place his autobiography before the world. All his life, he has emphatically been a so dier. It has pleased God to make him a successful one, and his own good conduct has prevented any blot upon his escutcheon. He is the American Bayard, 'saus peur at sans reproche.' The life of such a soldier must convey a great moral lesson to his countrymen. SHELDON & CO., 335 BROADWAY, NEW YORK. WILKIE COLLINS' NEW NOVEL, ARMADALE. PART I. Are the owners of the patent and exclusive manufasturers of this,
J. W. BRADLEY'S

PATENTED DUPLEX ELLIPTIC STREL SPRING
SKIRTS.

This invention consists of Duplex (or two) Elliptic Steel Springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most elastic, fexible, and durable spring ever used, enabling the wearer, in consequence of its great elasticity and fexibility, to place and fold the skirt when in use as easily and with the same convenience as a silk or muslinders. It entirely obviates and silences the only objection to hoop skirts, viz: the annoyance to the wearer as well as the public, especially in crowded assemblies, carriages, railroad cars, church pews, or in any crowded place, from this difficulty of contracting them to occupying a small space. This entirely removes the difficulty, while giving the skirt the usual full and symmetrical form, and is the lightest and most stylish and graeful appearance for the street, opera, promenade, or house dress. A lady having enjoyed the pleasure, comfort, and great convenience of wearing the Duplex Elliptic Spring Skirt for a single day, will never afterward willingly dispense with the use of them. They are the best quality in every part, and by far the lightest, most durable, comfortable, and economical skirt made. Merenats will be supplied as above, and ladies in most first-class retail stores in this city and throughout the different States.

TO THE SICK AND AFFLICTED OF PHILADELPHIA. Dr. BROWN will visit and treat patients at their redences in the city, when desired. We are curing, and further pledge ourselves to cure, Violent Inflammations, Fevers, Pneumonia, Croup, Diptheria in short, every form and condition of disease that is at all citrable, lis under the control of the various modifications of ELECTRICITY, when applied in harmony with the Physiological requirements of the system. Therefore, in all acute cases where medical treatment has proved a failure there is still hope and a fair chance for your recovery by means of Electricity. We have cured many Acute Diseases after all other remedies had failed. PROFESSOR C. H. BOLLES, LECTURER. Medical men and others desiring a knowledge of this discovery will be qualified to use the different modifications of Electricity for the cure of all Acute and Chronic thousand physicians who use Electricity as a specialty. Wonderful cure of Inflammation of the Lungs, perormed at 1220 Walnut street, Philadelphia. Read the following: I have been a great sufferer for the last twelve years, which was contracted from a disease I took in California gold mines, by great exposure to cold by working in the water; nearly lost my life from inflammation of the lungs; had several attacks. After I returned to this city I had several pulmonary attacks here, some of acute imflammation upon the lungs; was treated by the most eminent medical men, but the cause of my difficulty remained unmoved. No medical man has been able to do me any permanent good by medical treatment. About three weeks ago I had a most severe attack of inflammation upon the lungs; my suffarings were indescribable. I resorted to medical treatment, which seemed to be unavailing, and I seemed rapidly sinking in the arms of ceath, when I chanced to see J. J. Bally, 219 Market street, who had been cured by Professor Bolles, of 1220 Walnut street. Mr. Bairy advised me to see Professor Bolles at once, which I did, and in ten minutes (as strange as it may appear) I was perfectly free from my sufferings. At the time Professor Bolles treated me I was authering with the most severe spas modic cough, without any expectoration. It seemed I could not live an hour. He has treated me four times since, and I sm perfectly relieved. This cure to me is still a wonder of wonders. No shocks given; all was pleasant and agreeable.

I would cheerfully invite all the sick to avail themselves of this new practice. I shall ever feel thankful to Mr. J. J. Baily for informing me where I could be cured.

S14 South Fourth street, Philadelphia. DYSPEPSIA CURED. This is a loss of balance of the two positive and negative forces of Electricity. The polarity of the nerves going from the cerebellum to the stomach being lost and the supply of Electricity from the brain being diminished, therefore the stomach is left minus or negative. The organ cannot perform its legitimate functions properly, and Dyspepsia is the result. Read the following: MOUNT PLEASANT.
FRANKLIN COUNTY, Pa, August 10, 1863.
In the spring of 1862 I was taken with a constant pain and uneasiness in my stomach, which gradually increased until November. At this time an eminent Allopathic Physician was called in, who pronounced the disease Dyspepsia. Medicine was prescribed but failed to cure the disease. I sent to Philadelphia and procured a box of a celebrated Dyspepsia medicine, advertised in the papers. After using that I experienced no relief. The disease continued growing worse, until March, 1863, when hearing of the wonderful cures performed by means of Electricity, I concluded to have it applied, and can say, that after about twelve treatments applied by Dr. Brown, was entirely cured, and continue so unto this day. NEW YORK, Sept. 30, 1864.

Dr. P. Shedd, Electrician, &c.:

DEAR Sir: Permit me to express in this informal manner my appreciation of your high professional ability, as exemplified in your attention to me personally, while connected with Dr. Chamberlain of this city, now with Dr. Brown, at 1220 Walnut street, Philadelphia. My disease was one of long standing, and difficult to detect as well as difficult to treat, and I assure you, that having been under the treatment of several physicians before I came to you, none were able, or if able, they failed to treat me with even a moderate degree of success. It remained for you, by your skill, to detect my difficulties, and by your careful and faithful treatment of me, to place me on the road to perfect health.

Accept, dear sir, my warmest thanks for your attentions, and my high estimate of your skill in the application of Electricity as a method of cure.

Yours, respectfully, CYRUS COMMINGS. CONSUMPTION CURED. September 23, 1864.

PRILADRIPHIA, Richmond, No 29.

This is to certify that about three years ago I was taken with a disease which the physicians called Consumption: I had a cough, hoarseness, spit blood, and became very much reduced. Was under the care of five physicians, and have taken a great deal of medicine without relief. In this condition I called on Dr. Brown. 1220 Walnut street. After an electrical examination was pronounced curable; and, under the skilful treatment of Dr. Beckwith, operator and physician in Dr. Brown's establishment am mearly relieved of disease, and expect, after a few more treatments, to be entirely restored to health. I recommend all afflicted to go to 1220 Walnut street.

SALAMUN MAY. SALAMUN MAY. RHEUMATISM CURED. WEST PHILADELPHIA, August 27, 1864. West Philadelphia, August 27, 1804.

Dr. W. B. Brown:
I had been afflicted with Rheumatism since April last very severely, it extending over the entire body, causing the most excruciating suffering. For several months was under the best medical care, but grew no better, and finally gave you a call and placed myself under the carefol Mrs S. A. Fulton, female operator of your establishment. In two weeks I was relieved of all pain, and am now perfectly well. I gladly recommend all ladies suffering to her kind care.
