This property has been selected with a view to its Valuable Location, having its times extended along and on both sides of the Creek over Three Hundred Rods, which, tegether with the large amount of Flat or Bottom Land, gives it superior advantages for drilling a large number of Oil Wells. The Oil obtained on this Creek is the Lubricating Oil, which commands in price one hundred per cent. above of) er Oile, and is more in demand.

The Company can obtain a large revenue by parties wishing to sink wells, reserving from one-fourth to one-half of the Oil free of expense to the Company, independent of the revenue from their own Wells, there being a large sufficiency of land for both purposes.

SKIRTS. PATENTED DUPLEX ELLIPTIC STEEL SPRING SKIRTS.

This invention consists of Duplex (or two) Elliptic Steel springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most elastic, flexible, and durable spring ever used, enabling the wearer, in consequence of its great elasticity and flexibility, to place and fold the skirt when in use as easily and with the same convenience as a silk or muslin dress. It entirely obviates and sliences the only-objection to hoop skirts, viz; the annoyance to the wearer as well as the public, especially incrowded assemblies, carriages, railroad cars, church pews, or in any crowded place, from the difficulty of contracting them to occapying a small space. This entirely removes the difficulty, while giving the skirt the usual full and symmetrical form, and is the lightest and most stylesh and graceful appearance for the street, opera, gromenade, or house dress. A lady having enjoyed the pleasure, comfort, and great convenience of wearing the Duplex Elliptic Spring Skirt for a single day, will never afterward willingly dispense with the use of them. They are the best quality in every part, and by far the lightest, most durable, comfortable, and economical skirt made. Merchants will be supplied as above, and ladies in most first-class retail stores in this city and throughout the different States.

This attractive story, from the pen of one of our most popular writers, is now passing rapidly through the press, and promises to be a great favorite with the rublic. The great interest thrown around the hero and heroine of the story, its sprightly, vivacious style, to gether with its high moral tone, will make it acceptable to all classes of readers.
