The property belonging to this Company consists of One Hundred and Fifty Acres in fee simple, of valuable Lubricating Oil Land, situated on Singar Creek, about two mites from its month, which empiles into French Creek. Venango county, Pa. — This property has been selected with a view to its Valuable Location, having its lines extended along and on both sides of the Creek over Three Hundred Bods, which, tegether with the large amount of Flat or Bot-tiom Land, gives it superior advantages for drilling a large number of Oil Wells. At least One Hundred Wells can be located, with ample room for Tanks, En-gine Houses, and Dwellings. — A good Well, giving Twenly Barrels per day, is within one-fourth of a mile above it; also, several good producing wells on the Creek below it. — The Oil obtained on this Creek is the Lubricating Oil, which commands in price one hundred per cent. above other Oile, and is more in demand. — The Company can obtain a large revenue by parties wishing to sink wells, reserving from one-fourth to one-half of the Oil free of expense to the Company, in-dependent of the revenue from their own Wells, thore being a large sufficiency of land for both purposes. It is designed to fyive the contract to drill several wells in the best location at once. The tille to the pro-perty is perfect and free of incumbrance. — Subscription Bocks are now open at the office of FERREE & CO., 718 ARCH Street, above Seventh.
