CAPITAL, \$1,000,000. AND OTHER TALES. 200,000 SHARES-PAR VALUE \$5.00. By HANS CHRISTIAN ANDERSEN. 1 vol., 16mo. Illus WORKING CAPITAL, \$40,000. THE MUD-KING'S DAUGHTER. SUFSCRIPTION PRICE The valuable Oil territory of this Company is located on the Kanaw is river, Gilmore county. West Virginis, rome distance above its confluence with the Onio at Parkersburg (the terminus of the Baltimore and Onio Rallroad), and lies directly upon and in a direction across the great 'Oil Belt' of this region (as may be seen upon the map), in the immediate vicinity of the wonderful "Burning Springs." now regarded as a sure indication of the presence of oil, from the feat that it is the oil gas that rises to the surface and burns upon the water. This property consists of an area of 1,185 acres of magnificant oil and mineral lands, of which the Company owns an undivided half interest in fee simple, extending 12 miles on the Kanawha river, which is pavigable to the Ohlo. Other streams, tributaries of the Ranawha, traverse this tract, presenting along their margins every surface indication of a rich yield of oil. The Company holds the right to put down wells all over this extensive boring surface, and oil has already been discovered on this property, near the river, at the depth of 800 feet, if necessary, was provided for in the purchase of the land, all of which is paid for without touching the working or reserved capital of the Company. In addition to this, the Company owns an important interest (also paid for) in a well located within 400 yards of the great Lewelly in well, which has flowed 2,500 barrels per day, and is directly among the celebrated Rathbone group (see map). These are, it is said, the greatest producing wells in the country. The former owners of this well were fixed to absandon it on the breaking out of the rebellion, but the Company has now made arrangements to reopen and tube it, when a large yield of oil may reasonably be expected from this source alone. In addition to the shove described properties, the Company reasonably expect soon to find their shares ranking with the best dividend paying stocks on the market; for, being out of debt, and having a large working capital, the holders of stock i AND OTHER TALES. SEASIDE AND FIRESIDE FAIRIES.

Translated from the German of George Blum and Louis Wahl. By A. L. Wister. Printed on the fluest tinted paper. Handsomely illustrated by White and others. One of the best fairy books yet issued. The children are all delighted with it. Price \$1.75.

The American Publishers' Circular of Sept. Ist says: It is acknowledged by everybody that the German language is peculiarly rich is a class of stories comprehenced under the term. "Milarcher.," which are especially attractive to juvenile readers. The Grimm collection has become almost commended in our houses. We have here another brimming draught brought up from the same o'den well. It is just such a collection as will delight the hearts of bright boys and girls. We almost envy the little folks the pure, hearty pleasure which the book will give them, as their wide opened eyes go staringly from page to page, and their little hearts beat an excited accompaniment to the unfolding of trange events. Mesers, achmead & Evans have issued the work in the handsome style which it deserves It's, in every way, a highly creditable spacimen of book-making. The typography is admirably executed, the paper is delicately tinted, and the binding, the gilt top and the lettering, present an attractive external appearance. We should also add that there are several approprise and expressive illustrations, It is both a pleasure and a duty to commend such a work. To Rev. C. W. DENNISON, Philadelphia.

BUSY HANDS AND PATIENT HEARTS:
Or, the Blind Boy of Dresden and his Friends. A story from Germany. Price 65 cents.
From many flattering notices of this little book we clip the following:
This "Busy Hands" we shall not soon forget. The daring bright little Magda, the support of her rhenmatic old mother and blind brother, is as pretty and helpful a Christmes picture as we ever set eves on: matic old mother and blind brother, is as pretiy and helpful a Christmas picture as we ever set eyes on; while good Master Tanzer's and Mr Gloaming's kindness to the poor sfflicted ones will lead old and young at Christmas time to think whose hearts and lot they can make blither and brighter ere the new year is rung in. We will not tell the story of the book, but beg our readers who have children to buy it and read it themselves.—London Reader.

One of the very best of recent story books for children. The old struggle of cheerful piety against want, misfortune, and trial, and the final victory is told with simplicity, tenderness, and discrimination. We commend it to families and Sabuth schools.—American Presbyterian.

THE DUPLEX ELLIPTIC (OR DOUBLE) STREEL SPRING. J. I. & J. O. WEST, No. 97 CHAMBERS STREET, NEW YORK, Are the owners of the patent and exclusive manufacturers of this,

J. W. BRADLEY'S

PATENTED DUPLEX ELLIPTIC STEEL SPRING

SKIRTS.

PATENTED DUPLEX RILIPTIC STREIL SPRING SKIRTS.

This invention consists of Duplex (or two) Hiliptic Steel Springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most elastic, fexible, and durable spring ever used, enabling the wearer, in consequence of its great elasticity and affait billity, to place and fold the skirt when in use as easily and with the same convenience as: a slik or muslin dress. It entirely obvietes and slinces the only objection to hoop skirts, viz: the annoyance to the wearer as well as the public, especially in crowded assemblies, carriages, railroad cars, church pews, or in any crowded place, from the difficulty of contracting them to occupy. Ing a small space. This entirely removes the difficulty, while giving the skirt the usual full and symmetrical form, and is the lightest and most stylish and graceful appearance for the street, opera, promenade, or house dress. A lady having enjoyed the pleasure, comfort, and great convenience of wearing the Duplex Elliptic Spring Skirt for a single day, will never afterward willingly dispense with the use of them. They are the best quality in every part, and by far the Hgatest, most durable, comfortable, and economical skirt made. Merchants will be supplied as above, and ladies in most first-class retail stores in this city and throughout the different States.

inquire for the DOUBLE ELLIPTIC SPRING SKIRT. BRADLEY'S DUPLEX ELLIPTIC EXITY.

Very flexible, folded easily when in use to occupy a small space, making the most agreeable skirt word.
