This Company has three different tracts of land now, producing oil, and ample revenues to guarantee regular dividends. The free tracts with walls on them are capable o extensive development, and the Company have five en- gines and all the fixtures ready to procedute the work. It has 120 acres in fee on Allegheny Biver, immediately opposite Oil City, with 110 rods river froat, and 75 rods front on Lay's Hun. This land is now worth \$100,000, exclusive of the oil right. It has 110 acres in fee in the Cherry Bun disrict, im- mediately adjoining Cherry Run Petroleum Company, and leases are about to be executed with two strong parties to sink wells on lease on this tract, the Company to receive half the oil. It has itwo tracts of land on Oil Greek, each producing to receive shaft the issue on the stract on the Allegheny Biver producing ten barrels of heavy oil, worth \$21 per barrel. All of these tracts will be promptly developed, and they are well tested oil lands. It is organized on a certain basis to pay dividends from the start. Its revenues from the oil alone are moré it ha tweebe ger cent, per annum on the capital, and new wells are about to be sunk on lease; without cost to the Company, and one-half the proceeds will belong to the Company. The Gengany has \$20,000 of its own capital in reserve belonging to the Stockholders, and taking it altogether, its resources for certain dividends meet at lang store, the officers of this Company mean to prosecute the development of these lands most energetically, and they have entire confidence that they will yield very large dividends on the capital store.
