Every energy should now be directed to prepare our armies for the last desperate struggle; for the rebellion will die, as it has itsed, in blood. Especially should those noble patriotis who shall be called to ofer their blood on the altar of liberty, be prepared, so far as we can prepare them, for this solemn service, by Christian instruction and earnest prayer. And when they fall instruction and earnest prayer, and when they fall every monor that the love of Unrist and of country can afford should be at hand for their relief; nor should any soldier be allowed to die without having the hops of eternal life through our Levi Jesus Christ presented to time, and without prayer to God for mercy in his name. The City Bounty is paid with Warrants; it is well known that the City Treasurer is not able to cash these Warrants, and they are therefore now sold in the market at a heavy discount.

The hardship of making volunteers suffer for the credit of the city, whose honor they uphold in the field, is too great to need any comment. To remedy this, it is proposed that citizens of the ward shall cash these warrants for their full value, and hold them until the new bounty loan is prepared. They can then be exchanged for certificates of loan for the amount of the warrant and interest due, the latter being fixed by having the warrant stamped by the City Treasurer.

Our quota is 284, and taking it for granted that it will be filled by volunteers for one year, each of them will receive a city warrant for our hundred dollars. If, therefore, citizens of the ward will agree to take each one or more of these warrants at par, to the number of 284, the money to be paid directly to the volunteer, the credit of the city and of the ward will be upheld.

Citizens of the ward who are willing to co-operate in the present effort to anticipate the Draft in the manner here pointed out, are requested to notify the undersigned in writing of the number of warrants which they will cash, and to place the money for that purpose in the hands of the Treasurer.

This tract is known as the "Stewart Farm," and is clear of all leases or incumbrances of any kind.

THE NEXT DRAFT.—CITIZENS'
LURTER AGENUY.—We beg isays to call the attention of those who are drafted, and those who are arrolled and liable to military duty, and also that class of persons who are not liable to draft (ladies and gentlemen over forty five years), to our agency for procuring substitutes and Wolunteer Representatives. Persons should attend to this important matter at once, as the draft has been fixed for the 16th of February next.

We are doing a strictly legitimate business; we are furnishing men not liable to the draft as substitutes and representatives, as low, if not at lower prices, than any other agency in Philadelphia. The law allows us to put Substitutes in the Navy or Marine Corps, to be credited to any district in the State where the principal resides.

To facilitate business, if persons living in or out of the city, who are enrolled, will furnish us with a certificate of their enrolment, from the Provost Marshal of their district, they can have Shastimles sworn into ether branch of this service, which will fully exempt them from draft

Reference can be given to ladies and gentiemen in this city, for whom we have done business in this line, and also in the following counties; Chester, Delsware, Montgomery, Berks, Bucks, Schuylkill, and Northampton.

N. B.—Churches and Clubs furnished at the lowest KEEPER; one perfectly familiar with foreign accounts and a good writer. None else need apply. Address Box 2041, Post Office. STATE MEDICAL BOARD.
