A stated meeting of both branches of Councils ras held yesterday afternoon, at which the follow-ng business was transacted :

Mr. Farman, (U.) offered a resolution requesting the Chief Engineer and Surveyor, after consultation with the City Solicitor, to give notice to Messre. The bill from Common Council requiring the Mayor to borrow \$600,000 for the banefit of families of volunteers was concurred in. Mr. Bathow (U.), before voting for the bill, said that the law required members of Gunoils to assist in this Commission. In one case he knew of a com-missioner who had gone off to the solid stribute, without one of the city's trustees being present. Mr. Rourse (U.) now asked leave to introduce an ordinance appropriation for the purchase of land in the Seventh ward to build a school-house upon. He said that the school directors had decided that no other suitable lot but the one in question could be obtained, and the preference to that would not be held long. The bill was passed. Mr. Barkow (U.) thought the motion a very un-fair one. He would, while he sat in this Chamber, vote for any improvements that would enhance the interests of the dity scheets.
