THE CITY. INDEPENDENCE HALL. This sacred edifice, still festconed in the drapery expressive of grief, was steadily througed yesterday by visitors of all colors, ages, and conditions. continuous stream of humanity poured in through the porth windows, and flowed out the rear ones on Independence Square. The drapery, flowers, can-delabra, pedestals, immortalles, remain the same, though more dusty. Mr. Dixey, the Commissioner of City Property, who in the hour of general sadness moved early on Saturday morning, the 15th inst., to drape the Hall, has displayed commendable energy ever since. It is his intention to keep the place open to the public until sunset next Satur day evening. The inneral car will also remain in the Square until the same time. Its present post-tion; currounded by spring foliage, forms an excel-lent object for stereoscopic effect. Such a picture lent object for stereoscopic effect. Such a picture would be highly cherished as being a true representation of the magnificent car honored with the remains of the deceased President Lincoln. THE CITIZENS OF CHESTNUT HILL AND THE DEATH OF PRESIDENT LINCOLN.

At a meeting at Chestmut Hill, held recently, for the purpose of expressing the sentiments of the clitzens of that place on the death of Mr. Litacoln, Mr. H. J. Williams was called to the chair, and Mr. J. E. Mitchell acted as secretary. The following resolutions were adopted:

Intercepting Presentation.

INTERESTING PRESENTATION. The Keystone Base Ball Club, of this city, were the recipients, on Monday evening, of a large-sized photographic picture of the champlon nine of the United States, enclosed in an elegant frame. The champlons are members of the Atlantic Club of Brooklyn, who presented the Hit to the Keystoners. The presentation took place in the Musical Fund Hall on the occasion of the annual complimentary ball by the Keystone Club to their friends. The attendance of laddes and gentlemen was quite large. The testimonial was presented in a neat speech by Mr. David A. Sutton of the Brooklyn Eugle, and received in appropriate terms, on behalf of the Keystone, by Mr. John F McDevitt of The Press. The affair passed off pleasantly, exemplifying the good feeling which prevails between the base-ball players of the two cities.

LADIES' FAIR. The fair now being heid at the St. Vincent's Home. Eighteenth and Wood streets, will remain open during the balance of the week. It has been, thus far, well attended, as it certainly deserves to be. The institution is one of the most useful in our be. The institution is one of the most useful in our midst, its special province being to take under its lostering care the deserted babes who are, sad to say, found too frequently in a city so large as this. They are nurtures with the kindest attention, and reared to that age when they can be bound out to guardians. The Home is supported by voluntary subscriptions, and the fair now being held, and which is conducted by ladles of refinement and taste, is a ready means through which the charitably disposed can assist in a good work.

Yesterday morning, between 9 and 10 o'dock, a lad fell into a fit in the school house on Twenty-third street, between 1 om bard and Pine. He screamed terrifically, and the scholars became much alarmed and a crowd soon collected in front of the school. Fire engines were on the ground, and the greatest constraint on prevailed. One of the teachers in the male school, with great presence of mind, locked the door and prevented the boys going out. The girls rushed headlong into the street, and many were injured, though none, it is believed, seriously. Oross-examined.—I heard something fall when Mr. Hubbell was struck; it may have been his hat. Mr. Cassidy said to the court that he had a number of witnesses present, merchants and gentlemen, who were called for the purpose of testilying to the character of Mr. Fernon. As that gentleman's character was so well known in this community he would not occupy the time of the court, but proceed to the argument of the case.

This gave counsel for defendant the opening and concluding speech. The argument was that Mr. Fernon had no intention to kill the prosecutor, and that the knife he had was an ordinary pocket one.

The jury after deliberating a half hour came into court with a verdict of guilty on both counts of the indictment.

Mr. Brooks made a motion in arrest of judgment doubt warm a vertice of specific production in arrest of judgment and for a new trial. Mr. Fernon was admitted to bail until next Saturday.

JUSTICE SWIFTLY ADMINISTERED.

Richard Johnson, alias Michael, Ford pleaded guilty to the larceny of a watch valued at \$23, the property of Wm. Randall. The same defendant pleaded guilty to the larceny of a watch valued at \$20, the property of Joseph H. Johnson. Mr. Randall testified that he was in the crowd on Sunday going to see the remains of the late President, when the defendant took his watch. He also had another watch in his pocket, the property of a man from Vincentown. Sentenced to an imprisonment at separate and solitary confinement at labor in the Eastern Penitentiary of one year and eight months.

Lewis Edinger was charged with committing an assault and battery and an assault with intent to kill John Leibert. The latter is a tailor at Harrowgate lane, and the defendant is the proprietor of a lager beer shop at that place. A row occurred in playing cards—four drinks being lost. One man struck witness with a chair, and the defendant also struck him with a lager beer glass, making him heart-sick for three weeks. The Commonwealth abandoned the charge of assault with intent to kill. wealth abandoned the energe of assault with inten-to kill.

The defence called a brother of defendant, who testified that a man named Runkle beat the prose-cutor, and the defendant only interfered to save him. He did not strike the tailor at any time. The defendant proved a good character. The jury were instructed to seal their verdict. Adjourned.

SEVEN-THIRTY LOAN. These Motes are issued under date of June 15, 1865, and are payable three years from that time, in our rency, or are convertible at the option of the holder int U. S. 5-20 SIX PER CENT.

GOLD-BEARING BONDS. These Bonds are now worth a premium of nine per cent., including gold interest from Rovember, which makes the actual profit on the 7-30 Loan, at surrent rates, including interest, about ten per cent. per annum, besides its exemption from State and municipal avation, which adds from one to three per cent, more, secording to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut of and sold to any bank The interest amounts to

One cent per day on a \$60 note. Two cents per day on a \$100 note. Yen sents per day on a \$500 note. Twenty cents per day on a \$1,000 note. One Dollar per day on a \$5,000 note. Notes of all the denominations named will be promptly farnished upon receipt of subscriptions, and the notes forwarded at once. The interest to 15th June next will e paid in advance. This is THE ONLY LOAN IN MARKET

ow offered by the Government, and it is confidently xpected that its superior advantages will make it the GREAT POPULAR LOAN OF THE PEOPLE. Lass than 2000.000.000 of the Loan authorised by the last Congress are now on the market. This amount, at the rate at which it is being absorbed, will all be subscribed for within four months, when the notes will undoubtedly sommand a premium, as has uniformly been the case at the close of the subscription

to other Loans. In order that eltizons of every town and section of the country may be afforded facilities for taking the Loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to reselve subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.
