Winchester YOR MANUPACTURING PURPOSES.—Our readers, presume, with few exceptions, are fully aware that the Grover & Baker Sewing Machines, for all kinds of family purposes, are the best in the world. The Grover & Baker Company have, however, lately added to their list of popular machines a new large-size Shuttle Machine, which operates with the greatest SPECIAL NOTICES. ease, and makes but little nosie (a most decided im-A BIG THING.—A MILLION IS A GREAT rovement upon the manufacturing machines in many, but two million is more. As incredible as it may appear, Messrs. P. H. Drake & Co., of New York, sell this respect.) This machine has already become a great favorite. It uses with equal facility spooper two million bottles of PLASTATION BITTERS a year. This is nearly one hundred and seventy five thousand dozen, which, at hims dollars, would be over ton, linen thread or silk, and is altogether the most perfect manufacturing machine ever offered to the public, and is so pronounced by practical mathousand dozen, which, at nine deliars, would be over a million and a half dollars! Surely, some merit must attach to an article of such a sale. Ge where we will, from one end of the country to the other, we are always in sight of the evidences of the cabalistic S. T.—1870—X., and these gentlemen's energy. We would suggest to them a little more elegance in their rock painting. FINANCIAL. SEVEN-THIRTY LOAN. By anthority of the Secretary of the Treasury, the undersigned has assumed the General Subscription

agency for the sale of United States Treasury Notes bearing seven and three-tenths per sent interest per SEVEN-THIRTY LOAN. These Notes are issued under date of June 15. 1865 and are payable three years from that time, in our

ency, or are convertible at the option of the holder into U. S. 6-20 GIX NED OFFICE GOLD-BEARING BONDS. These Bonds are now worth a premium of nine per ent., including gold interest from November, which makes the actual profit on the 7-30 Loan, at surrent rates, including interest, about ten per cent. per annum, besides its exemption from State and municipal faxation, which adds from one to three per cent. more, secording to the rate levied on other property. The interest is payable semi-annually by conpous attached to each note, which may be out off and sold to any bank

The interest amounts to One cent per day on a \$50 note. Two cents per day on a \$100 note. Ten senis per day on a \$500 note. Twenty sents per day on a \$1,000 note. One Dollar per day on a \$5,000 note. Motes of all the denominations named will be promp y furnished upon receipt of subscriptions, and the notes forwarded at once. The interest to 15th June next will be paid in advance. This is THE ONLY LOAN IN MARKET

now offered by the Government, and it is confidently expected that its superior advantages will make it the GREAT POPULAR LOAN OF THE PEOPLE. at the rate at which it is being absorbed, will all be subscribed for within four months, when the notes will undoubtedly sommand a premium, as has uniformly been the case at the close of the subscriptions to other Loans. In order that eitisens of every town and section of the country may be afforded facilities for taking the Loan, the National Banks, State Banks, and Private Bankers broughout the country have generally agreed to re-

for which they receive orders. JAY COOKE, SUBSCRIPTION AGENT. No. 114 SOUTH THIRD STREET, PHILADELPHIA. 68 1881. * COUPONS, 5-20,
