The earnest and resilous labors of a loyal people secured the great victory in 1854, and made the war, which our enemies denounced as a failure, a giorious specess in 1866.

Our flag has been maintained, our enemies destroyed, our Government preserved, and peace re established. Let every friend who aided in this result take measures to be represented in that Convention. We must see to it that the fruits of our success are not lost to the nation. Business of vast importance will be presented for its sensideration, and every district in the State should be represented.

Chleasma, or Mothpatch (also called Liverepot), and Lentifo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spois show more plainly on the face of a blonds than of a brunetic, but they greatly mar the beauty of either, and any preparation that will effectually remove them, without injuring the texture or color of the skin, is certainly a desideratum. Dr. B. C. Perrx, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations which is at once prompt, intallible, and harmless. PUSHER LACE SHAWLS.
