Representative Kasson, of Iowa, and several other distinguished gentlemen. They were ably supported by the Louisville *Journal* and other newspapers in the interior. The people are thoroughly alive to the contest, as the belief has become almost general throughout the State that, no matter whether the amendment is adopted or not, slavery is dead there and the sconer they acknowledge the fact the better it will be for them. The exodus of slaves from the State, within the last few months, has been very great indeed, and if the same should continue for any length of time, the State will, in a very little while, have fewer slaves than Delaware. The Union candidate for Treasurer is Capt W. L. Neale, of Madison county; the Opposition is James H. Garrard, of Clay county.

In the Fifth Congressional district, which includes the city of Louisville, three candi-dates are running for Congress-General Rous seau, Mr. Mallory, and Mark Munday. Mr Mallory is the present incumbent, and Gene-ral Rousseau, a noble soldier, who has fought all through the war, is the true Union noral an information was, is the value of how how a nee. Mr. Munday also claims to be a Union candidate, but as he has not the slightes chance of election, his remaining in the can vass strengthens Mr. Mallory's chances fo election. The Hartford Times of the 3d says that Alfred Starkweather has confessed the murder of his mother and sister at Manchester: "The con-fussion, which was not unexpected by those best informed of the facts, was made by the prisoner in the jail in Hartford, to Mr. James Campbell, of Manchester, the facter of the girl to whom the prisoner was engaged to be man-ried. IN GENERAL.

COMPANY.-It will be seen, by reference to our advertising columns, that this company has Scotland. The Disciples of Christ.-A correspondent sends us the following extract, from the Baltimore American, concerning this denomination : The growth of this body of Christians, some-times called Campbellites, is very rapid. They had their origin in this country, only about forty year's ago but they number now, in the United States alone, over six Aundred thousand communicants, while they are growing rapidly in Great Britain, the Canadas, the West Indies, and Australia. As a denomination, they have always been devoted to the interest of education, and the diffusion of general in-telligence. They have now under their con-trol thirtcen firstclass colleges, and in addi-seminaries of learning. They now publish a quarterly, four weekly, and eleven monthly papers, besides innumerable tracts, pamphlets, and miscellaneous matter. Their statistics show that they have four thousand two hun-dred preachers in the field in this coun-try, many of whom are men of high intellectual culture and talent. Their great strength lies in the "Valley of the Mississippi," the State of Kentucky alone hav-ing one hundred and thirty thousand persons belonging to that Church. They calim to have no creed but the Bible; and to call Bible things by Bible names. They contend that they occupy the ground held by the primitive Christians, and teach that all Christians should unite upon the word of God. However much in erfor their doctrinal teness may be regarded by their religious friends, the fact cannot be disguised that during the past thirty or forty years they have made more rapid progress than any other denomination in the United States. There is, we believe, one church of this deorganized by selecting a board of directors composed of nine Philadelphia gentlemen. The Disciples of Christ .- A correspondent sends composed of nine Fhiadeiphia gentiemen. Among these are some of our most enterpris-ing and reliable business men, and they will undoubtedly carry the company to the highest possible point of success. It is a striking evi-dence of the value of the lands owned by the company, that gentiemen of such high busi-pose character are willing to embark in their

ness character are willing to embark in their development. DISTRESSING OCCURRENCE.-Yesterday morning persons in the vicinity of Washing-ton avenue and Swanson street were horrified

at seeing a man throw himself under a freight car which was passing that locality. The wheels passed over his stomach, crushing him badly, and causing almost instant death. He was subsequently recognized as Henry W. Erdman, aged twenty-seven, formerly First Jeutenant of Company I, 91st Pennsylvania Volunteers.

INAUGURATION .- The Ashland Cricket Club will inaugurate their new grounds, Co. lumbia avenue, above Ridge avenue, this after-noon. A sorub match will be played by the members of the Club-game to commence at three o'clock. The public are invited. Seats reserved for ladies.

SLIGHT FIRE.-About ten o'clock last evening, a fire was discovered in the Spice mill, corner of Broad and Arch streets. The There is, we believe, one church of this deomination in this city, located at Twelfth and flames were extinguished before any great amage was done.

IN GENERAL. — In the Lutheran Church there have been donated in the lost year to Illinois University upwards of \$5,000; to Hartwick Seminary, New York, \$10,000; to the Theological Seminary at Gettysburg, Pennsylvania, \$30,000; to the New Seminary at Philadelphia, \$50,000; to the Wittenberg College, Ohio, \$65,000; to the Penn-sylvania College, at Gettysburg, \$55,000; making grand total of over a quarter of a million of dollars. FISHED OUT .-- On Thursday night, the harbor police heard a splash in the Delaware, at Willow-street wharf, and, on proceeding there, fished out a man known as Major Mansfield, who had jumped overboard while laboring under a fit of lupacy.

UNITED STATES SOLDIERS' AND SAIL-ORS' HOME OF PENNSYLVANIA.-The board of managers of the "United States Soldiers' and Sailors' Home of Pennsylvania" present the following to the public as the aim and distinctive character of this Association :

following to the public as the aim and dis-tinctive character of this Association : Our aim is to found a Home for our disabled soldiers and sailors, upon a plan liberal and novel. The name we have choosen indicates that, although an institution for the State of Pennsylvania, the Home will be open to re-ceive and shelter maimed soldiers of other loyal States of the Union. We design to lo-cate it as near to Philadelphia as may consist with our means, to huy a tract of land of suit-able extent for easy tillage by the inmates, and for the erection of shops and machinery for light mechanical and manufacturing labor, with cottages for the occupancy of inmates and their dependent families. As nearly as possible, the Home shall be self-supporting, A school for the instruction of the vourger men will be provided, as also means for edu-cating and training to industry the children within the guardianship of the institution. We are sure the last-named part of our plan, to wit, the reception of soldiers with their families to the fostering eare of the Home, will meet the hearty approval of the particito and grateful public, as the bare suggestion of it gladdens the hearts of anxious, have men, whose maimed and crippled condition leaves themselves and their families hopelessly poor.
