

possibility of its being the cause of the epidemic among the best precautionary measures that can be employed, should this epidemic come hither. Above all, the streets ought to be kept as clean as possible, and only the great thoroughfares, and the smaller streets, and the narrow lanes, courts and alleys which have not been thoroughly cleaned for years, and it is in these that the epidemic should come hither, may be expected in its worst form. The sewerage of the city ought to be looked to as well as the condition of the streets. Once a sewerage is better than one of sewers. Cleanliness, temperate habits, and the use of proper food, are the best preventives. It rests with ourselves, however, to conquer this fiend cholera, should it take its iron among us.

**THE MAYOR.** The nomination of **MORRIS McCLIMBER**, the distinguished editor of the *North American*, for Mayor, will receive the cordial approval of the community. He has been so long and so thoroughly identified with the interests of our city, and has so zealously and faithfully labored to promote them, that he would be almost any other citizen equally well qualified to fill with dignity and ability the important position for which he has been designated. He possesses in an eminent degree every requisite qualification for the office of executive authority, a vast fund of information on all subjects appertaining to the duties that will devolve upon him, and an earnest desire to promote the welfare of the people among whom he has been called to exercise his honorable life. The Mayor of our magnificent city can exercise a vast influence for good or evil upon its destiny; and we but echo the general sentiment in deploring that the city would be entrusted to a man who can safely and wisely place in the hands of the nominee.

**THE SENATORIAL AND LEGISLATIVE CANDIDATES.** The names of the candidates for the State Senate, and of the candidates for the Assembly. **JOHN E. TRINAVAY**, renominated for the Second district, was originally a carpenter and builder. He was elected to the Common Council of this city for three successive terms, and was a member of the Assembly in 1859 and 1861. He was elected to the State Senate for the three years' term which ended with the termination of the session of 1865. He has been prominently identified with the cause of a railroad enterprise, and has been a member of the State Senate for the three years' term which ended with the termination of the session of 1865.
