THE PRICE of single copies of the Gazette

THE COMMUNICATION of "K," is unavoidably post

#### OUR IMPROVEMENT.

The Gazette appears to-day in an improved form, to keep pace with the very largely improved price of paper. We hope our readers will like the change, particularly as it is made entirely at our own expense, and without any increase in the price of subscription!

\_ Justing aside, the continued exorbitant price of paper, compels us to reduce the size of the Gazette, but without materially diminishing the quantity of reading matter it has usually contained. Although this reduction does not gave to us one half of the advance on paper, we shall make no change in our terms of subscrip tion, but continue to supply the Gazette at the old and cheap rate of \$1 50 a year. To do this, however, while paper costs us twenty cents a pound-150 per cent. more than it did a year age and must be paid for, in cash, on delivery, we are compelled to adopt the cash system, and to require, from this date, payment in advance, in the developments. That the General will be all cases. Our friends will therefore understand that henceforth the Gazette is a cash article, and tain, as the President so stated to a friend yeswill be sent only to those who pay for it, and that all papers will be discontinued when the time paid for shall have expired. These may be considered harsh terms by some, but they are the only terms upon which we can afford to print a Newspaper while these times last. When better times come, we shall gladly "let up" again.

THE BULLION BANK of Washington-a shinplaster mill of a year's uge, and a most impudent misnomer-failed on the 23d ult., with goods of its irredeemable money in the hands of the poor and through the army.

Some of the notes of this Bank were in circulation here. They were the handsomest specimens of paper money ever printed, resembling some what in general appearance the United States Treasury Notes, and this, doubtless, did a great deal to make them current. In these days of universal paper currency, the best engraved note generally has the preference, just us the best for what may be his intrinsic worth.

#### THE STATE LEGISLATURE.

The Legislature of Pennsylvania will meet on Tuesday next, the 6th of January. The Republicans have a majority of 7 in the Senate, and will, in all probability, elect the Hon. Gronon for the session. The Democrats have a majority of 8 in the House, and will control its organization. The only prominent candidates for the Speaker's chair, are the Hon. WILLIAM HOPKINS, of Washington, and Hon. Joun Cassna, of Bedford-both experienced parliamentarians, and both old Speakers-Mr. Horkins having been Speaker of the House in 1839, during the trying period of the memorable "Buckshot War," and Mr. CESSNA having been Speaker of the same

body during the session of 1850. The second Tuesday of January—the 13th—is the day fixed by law for the election of a United States Senator to succeed Mr. Wilmor, The Democrats have a majority of one on joint ballot, and should elect their candidate; but the closeness of the vote occasions doubt and unjust and unwise, an invasion of private rights. distrust of the result in the minds of some, although we can find no good reason to question the integrity of a single Democratic member. Our own Senator and three Representatives, we know, stand far above suspicion, and will be faithful to their trust under all circumstances The prominent candidates for Schutor, on the Democratic side, are well known. Berks county, presents the Hon. J. GLANOY JONES, and will feel honored should the choice, of the Democratic aucus fall upon him.

On the third Monday-the 19th-of January, a State Treasurer is to be elected. WM. V. Mc-GRATH, Esq., of Philadelphia, and Fon. HENRY S. Morr, of Pike county, are promuent candidates on the Democratic side. Hon HENRY D. MOORE, the present State Treasuren will probably be the Republican nominee.

With these importage officers to elect, in joint Convention, and with the strength of parties so nearly equally direted, the doings of the Legislature during the first two weeks of the session will be awaited with more than ordinary interest. We shall, as heretofore, furnish our readers with a faithful weekly report of the proceedings.

WEST VIRGINIA .- A dispatch from Washington says the indications are now quite positive that the President will decline to sign the bill creating the new State of West Virginia, as he does not feel that any action on his part in favor of the bill would be in accordance with either the Virginia constitution or the Constitution of the United States. On the contrary, the act would be clearly unconstitutional, and the precedent a nost dangerous one.

The vessel was plundered of the arms and ammunition and \$8000 in money. One hundred and twenty U. S. marines were paroled. and the vessel released on her captain giving a bond of \$228,000 as ransom. The Ariel has since arrived at New-York.

The first lieutenant of the pirate says that when the Alabama was lying at Martinique, the runs of the San Jacinto were trained on her, when the guns of the fort were immediately trained on the San Jacinto.

THE STATE OF WEST VIRGINIA .- In August, 1861, Attorney General Bates, in a letter to the Hon. A. F. Riichie, gave an opinion adverse to the formation of the new state of West Kirginia He calls the attempt an "original, independent to carry it out involves a plain breach of both the Constitutions of Virginia and the Nation." Since then, the bill a lmitting the new State has passed both Houses of Congress, and is in the President's hands. It is understood that the question of constitutionality has been referred o Mr. Bates. What will he say now?

HINTS OF MEDIATION. - The Washington Republican of Tuesday morning contained a significant article, intimating that foreign mediation is not far off, and hinting that in case it is offerel, our government will not withhold its consent to the measure. THE 128rt PENNA. REGIMENT. -- By etter received from one of the officers of this Regiment, we learn, that on the 23d ult. it was in camp near Fairfax twenty miles from Washington. The Regiment left Har per's Ferry, to co-operate with Barnade, on the 10th of Jecamber, and marched through Virginia as far as Damries, on the way to Acquia Creek. On reaching that place did not expect to remain long at Fairfax, it being rumored that they were to return to their old quarters at Harper's ferry. The State bounty was paid to the men a few days since, and a considerable amount has been sent home by the members of the Reading Companies attached to this Regiment, to wit: Captains Smith, Richards, Newkirk Jones, McNall and Meanedy.

CHRISTMAS DECORATIONS .- In our brief eccount of the religious observance of Christmas day, las week, we unitted to notice the decorations of Trinity and St James's Lutherna Churches, and St Peter's Methodist Episcopal Church, which are of the most tasteful character and indicate a growing desire on the part of the vario denominations of Christians to return to the socient mode of ontward observance of the blessed Festival of the Nativity of Christ. In St. John's (German) Lutheran Church

n place of the neual evergreen wreaths, &c., a large Christ-nas Tree was placed in front of the aftar. The most beautiful thing in the way of Christmas decorations, that we have seen for a long time, is in the dwelling of one of our citizens, Mr. Wm. Clewell, in Frank-lin street, below Minth. It is a ministure landscape, made of moss, stones, evergreens, water, &c., and an exact imi-ation of nature, on a small scale. The lawn, the mountain, the farm-house, the mill, the running stream, and all the accessories of a rural scene, are beautifully represent l, and make a view that may be gazed upon by the hour with pleasure. This mode of decoration, we us after the Moravian fashion, and exhibits no little labor, a well as no small degree of taste, in its preparation.
