During the Revolutionary war reports were circulated, as they are now, either wholly false of greatly exaggerated. In passing from one to another semething was sure to be added, until the story would hardly be known to the author of it. The people in certain sections of New York were in great consternation from a report that General Burgoyne was marching down from the lakes with an immense army, bringing utter desolation to the inhabitants. An old lady heard the report and understood it that Burgoyne was to open the lakes and let the water out, and drown the whole region. Full of the terrible vision, she ran to a neighbor's to tell her the latest news shout the war

"Do you know that we are going to be drowned? Burgoyne is going to let the water out of the lakes and make a great flood, and we shall all be drowned! Oh, what shall we do?" Her neighbor, with more intelligence and

piety, did not seem to be greatly disturbed, but calmly replied:

"That, certainly, must be a mistake. It cannot be true, for God has promised in his Word that he will no more destroy the inhabitants of the earth with a flood."

"Ah, honey! Iknow that; but it is not the Lord who is going to do it; it is Burgoyne!"

A Good Jone .-- A few days since an extra train, loaded with jackasses, were transported over the Louisvine and New Albany railroad. The telegraph operator at Salem, a boy, getting wind of it, sent a rumor that Governor Morton, of Indiana, and Governor Yates, of Illinois, accompanied by a large delegation of Republicans, with bands of music, etc., would pass through at a certain hour. Immense crowds of cuthusiastic Republicans repaired to the depot, hats in hand ready for the expected cheer. When the train thundered in an aged and venerable owner of a pair of fabulous ears stuck his head out of a stock car and gave vent to a long agonizing hee-haw that fairly shook the hills around. Consternation seized the crowd, and in two minutes not a Republican was to be seen within a square of the depot. Complaint has been made to the superintendent against the operator, and he is in momentary expectation to quit.

Many a glorious speculation has failed for the same good reason that the old Texan ranger gave when he was asked why he didn't buy land when it was dog cheap. "Well, I did come nigh on to taking eight thousand acres, onest,' said old Joe, mournfully. "You see, two of the boys came in one day from an Indian hunt, without any shoes, and offered me their titles to the two leagues just below here for a pair of boots." "For a pair of boots!" we exclaimed-

BISHOP HORNE had his dignity somewhat taken down when he took possession of the Episcopal palace at Norwich, in 1792. He turned upon the steps and exclaimed :---

taken of Maves, out the proprietor not the groom will be responsible for accidents.

Any person trading or selling off any Mare before it is ascertained that she is with foal or not, makes himself lishele for the nine dollars insurance money.

This Jake is well worthy the attention of Farmers, who would like to raise stock that will pay one dollar a week from the time of dropping from its dam till ready for market—for Males will pay that. If you do not believe it, then try it, and you will find the assertion trae. This Jake has proved himself a much better foal-begetter the light season than during any season since he is known in sidds county, because he was more attentively kept than ever before. The above is respectfully submitted to the attention of Parimers and breaders.

The disease known as FALLING OF THE WOMB, which is the relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging palse in the back and sides, and at times accompanied by sharp ichnating or sheoting pains through the parts, will, in all cases, be removed by the medicine.

There is another class of symptoms arising from IRKITATION OF THE WOMB, which physicians call Nervousness, which word covers up much ignorance, and in sing cases out of ten the dector does not really know whether the symptoms are the disease, or the disease the symptoms we can only enumerate bom here. LEUCORRHEMA OR WHITES.

This disease depends upon an inflammation of mucous liming of the vagina and womb. It is in all cases accompanied by severe pain in the back, across the bowels and through the hips.
