SALE OF LAND. 1,200,000 ACRES FARM LAND

ILLINOIS CENTRAL RAILROAD COMPANY.

IT IS WELL KNOWN THAT THIS COMpany, in the few years sige; the construction of the Esiroad, has sold a large number of Farms to settlors, who, meetly in a short time, enjoyed a degree of prosperity, which is sufficient evidence of the quality of the soil, and the facilities for disposing of its produce. The numerous villages which have sprung up in this short time also indicate the abundant resources of the country. The land is rich PRAIRIE SOIL, often thickly wooded. Woodland can generally be purchased at short distances and low prices—sometimes of the Company. The various kinds of grain are successfully cultivated. Fruit, Grapes, &c., grow rapidly, and yield abundantly and of superior quality. The fruit market is probably the best in the West. For the raising of Catitle there is no better country to be found. Considering the infancy of the settlements, much has stready been done for Schoots.

The Company offers to settlers great advantages. The land is sold—Wood or Prairie,—according to its distance from the Railroad. At the time of purchase, only the interest of the purchase money is required. For the 3 first years, likewise only the interest of the purchase money is required. For the 3 first years, likewise only the interest of seven years, the whole amount is paid. On cash payments a liberal discount is allowed. Purchasers are except from taxes on the land for seven years.

The underrigned has been appointed agent, and having personally examined the land, is able to give exact information. All communications to be addressed to MONN EMPLICIT, Agent, Reading P. O., Berks county, Pa.
