ILINUIS CENTRAL RAILRUAD CUMPARTY.

TIS WELL KNOWN THAT THIS COMpany, in the few years since the construction of the
Railroad, has sold a large number of Farms to settlers,
who, mostly in a short time, enjoyed a degree of prosperity, which is sufficient evidence of the quality of the
soil, and the facilities for disposing of its produce. The
numerous villages which lave sprung up in this short
time also indicate the abundant resources of the country.
The land is rich PRAIRIE SOIL, often thickly wooded.

time also indicate the abundant resources of the country. The land is rich PRAIRIE SOIL, often thickly wooded. Woodland can generally be purchased at short distances and low prices—sometimes of the Company. The various kinds of grain are successfully onlitvated. Pritit, Grapes, &c., grow rapidly, and yield abundantly and of superior quality. The fruit market is probably the best in the West. For the raising of Cattle there is no better country to be found. Considering the infancy of the settlements, mach has already been done for Schools.

The Company offers to settlers great advantages. The land is suid—Wood or Prairie,—at from \$5 to \$12 per acre, according to its distance from the Railroad. At the time of purchase, only the interest of the purchase money is required. For the S first years, likewise only the interest. At the end of the fourth year and the three following, each oge-quarier of the explicit; thus after the expiration of seven years, the whole amount is paid. On each payments at liberal discount is allowed. Purchasers are exempt from taxes on the land for seven years.

Constitutional Union and Liberty Ac cording to American Law." The Convention which nominated the Hon. GEO. W. WOODWARD as the Democratic candidate for Governor will be gratefully remembered for years to come. His life, character, great abilities, statesmanship and public services are such as to command the respect of all parties. The qualities of his head are only equalled, if not eclipsed, by those of his heart. Although a man of self-reliance and iron will (essential ingredients in the composition of a leading mind) his pretensions never exceeded his real merits. He has never sought security from censure by prudent silence or time-serving neutrality. We have placed his name at the head of our paper, together with a sentiment uttered by him in a speech delivered on the 13th of December, 1860, in Independence Souare. His parents, though highly respectable, had not had the means of giving him anything more than a good education. When he became of age and was about to be admitted to the bar, he removed to Luzerne County. He soon acquired an extensive practice in the counties of

In 1836 he was elected as the Democratic Senatorial Delegate from the Counties of Luzerne, Mouroe and Pike, to the Constitutional Convention which made our present State Constitution, and although one of the youngest men in the Convention, so great was his ability that he at once took rank with such men as John Sergeant, Walter Forward, J. Our statesmen have degenerated into scheming, thiexing politicians. Thirty years ago a few fanatics began the agitation about the negro. It is now a matter of history that, if this agitation had not occurred, slavery would have died a natural death in most of the Southern States, as it did in New York, New Jersey and elsewhere. These fanatics came originally from New England. It was believed in olden times that Boston and its vicinity was in olden times that Boston and its vicinity was under the curse of God for its Puritantical persecution. With this curse the New England fanatics have infected the nation. After preparing the way by tracts, lectures and sermons, the Abolition faction dragged the negro into politics. The Southern slaveholders resented this attempt sorts of remedies were attempted; but all failed inflammatory appeals of Southern fire-eaters, one slave State after another left the Union.
