MAGNANIMITY. -- Some officious police officer in Philadelphia, not long ago, arrested a man named Pool-Mr. Marcus Pool. The officer found Mr. Pool, who is described as a man "six feet long, and broad in proportion," sitting on a door step. endeavoring to mend his tattered corduroys with a needle and a piece of twine. His head and feet were bere, and the only article of clothing about him, except his pants, was a dirty shirt. He protested before the magistrate that he was in comfortable circumstances-that he wanted neither work, food, nor clothing. When allusion was made to his scanty stock of the latter, he replied; "Upon my word and honor I couldn't bear another rag on me. Habit's everything. Look at Adam and t'other apostles, how d'ye suppose they stood it? The thinner you larn to dress yourself the nigher you come back to a state of innocence." The magistrate was obliged to discharge Mr. Pool.

"That is my opinion, madam," replied the Judge coolly. "Are you a contractor?" retorted the lady. "No, madam, I'm an expander," rejoined the imperturbable expounder of the law-

They emptied every basin that was offered, and still wanted more. The woman of the house at length brought out an enormous bowl of milk, and set it down saying, "One would think, gentlemen, you had never been weaned."

SALE OF LAND. 1,200,000 ACRES FARM LAND OF THE

ILLINOIS CENTRM. RAILROAD COMPANY.

IT IS WELL KNOWN THAT THIS COMpany, in the few years since the construction of the
Kailroad, has sold a large number of Farms to settlers,
who, mostly in a short time, enjoyed a degree of prosparity, which is sufficient evidence of the quality of the
soil, and the facilities for disposing of its produce. The
numerous villages which have spring ap in this short
time also indicate the ubundant resources of the country.
The land is rich PRAIKIE SOIL, often thickly wooded.
Woodland can generally be purchased at short distances
and love prices—sometimes of the Company. The various
kinds of grain are successfully cultivated. Fruit, Grapes,
Ac., grow rapidly, and yield abundantly and of superior
quality. The fruit materials probably the best in the
West. For the raising of Cattle there is no belier country
to be found. Considering the infancy of the settlements,
much has already been done for Schoole.
The Company offers to settlers great advantages. The
land is sold—Wood or Prairie,—at from 86 to \$12 per acre,
according to its distance from the failroad. At the time
of purchase, only the interest of the purchase money is required. For the 3 first years, likewise only the interest.
At the and of the fourth year and the three following, each
one-quarter of the capital; time after the expiration of
seven years, the whole amount is paid. On each payments a liberal discount is allowed. Purchasers are exempt from taxes on the land for seven years.

Dr. G. H. I had escreted to the best doctors within reach, without relief, to see the control of the most popular remedies of the day, but none of them ones popular remedies of the day, but none of them did me any good. My sufferings cannot be described in words. I was then living at Hopewoil, Chemier county, and in 1857, as a last resort, I commenced the use of your medicines. They soon afforded he relief from the most painful symptoms which I had searcely hoped to obtain; and in a surprisingly short time I was completely restored to health, and I have enjoyed the best of health ever since—not a symptom of my old complaint remaining. Since then, I have always kept your medicines in my family, and would not be without them upon any consideration, as they have never failed to do what you claim for them.
