THE CONVENTION.

The election for Delegates to the Democratic County Convention will be held to-day. The Convention, to nominate a ticket for the support of the Democrats of Berks county at the Octo-ber Election, will meet on Tuesday next, at 10 o'clock, A. M. 'A number of candidates for the several offices are in the field, each of whom has his friends, who will doubtless give him all the aid they can, toward the realization of his desires. But while personal preferences will, and should have, their influence, within reasonable bounds, the chief interest felt by every good Democrat in the action of the Convention, is that a ticket may be formed of the best material, and in such a manner as to command the united support of the party. In the name, herefore, of all to whom the welfare of the party is superior to all other considerations, we would express a hope that the claims and qualifications of every candidate will be impartially canvassed-that all, from the highest to the lowest, will be dealt with fairly by the Convention-that no factious opposition shall be made to any good man, or any combinations formed to accomplish, by means not attainable in an open and honorable contest, the defeat of this or that particular individual, or the success of another. Let each candidate, after first pledging himself-as he is in honor bound to do-to abide by the decision of the Convention, whether it be for or against him, do what he can, with the assistance of his friends, to secure a nomination. But, let all be done fairly, openly, and in a good spirit, as becomes generous rivals, who are willing to sacrifice personal advantage. if need be, to the benefit of the whole party; so that, after the ticket shall have been made, there may be no dissatisfaction, no heart-burnings and recriminations, but a cheerful submission to the will of the majority. Important as is the election of our County Ticket, the election of our Governor is of far higher importance, for it involves interests closely identified with the very existence of the Union and Free Government. Berks must not falter in the great work of redeeming the State, and in order to do her whole duty, she must maintain her local organiwith herself.

'Double-dyed Traitor! Copperhead!' Mu. GET2:-No one, after having read the Tournal of last Saturday, can fail to discover that Mr. Knabb is again "ruling the roast." For some time prior to his voluntarily (?) "jinin' de army," (not for buncombe) the Journal was teeming with vile epithets, such as "Tory," "Traitor," "Copperhead," "Rebel Sympathizer," "Secessionist," &c., against Democrats who conscientiously differed with him, or called in question the propriety or policy of any act of our Abolition President, or any measure of his administration. After he had gone to fight (?) for his country, the Journal became somewhat decent towards Democrats, but since his reappearance in our midst, it has again become filthy.

Senator CLYMER's speech at Easton to the 'Copperheads," (as the Journal is pleased to style the Democrats,) is criticized, but not the smallest portion of his remarks is published; but from all accounts our Senator must have completely flayed poor Old Abe and his fellow Abolitionists. Mr. Kuabb gives also what he calls Extracts from the last public speech of George W. Woodward," the Democratic candidate for Governor, (which are all garbled and mutilated,) and denounces him as a "Copperhead" and "double dyed traitor." Why does he not publish a full paragraph or at least a complete sentence of the speech? This of course would only be fair, but would not answer his purpose, and his readers would at once see the cheat.

Mr. Getz, I should very much like to see the Journal republish the annexed "specches," should appeared in its columns during the Mexican War, delivered either by J. Kuabb, Esq., or J. S. Richards, Esq., and challenge Mr. Knabb to place by their side the most vile "Copperhead' speech or editorial uttered by any Democratic citizen of Berks county, since the rebellion commenced; so that his readers may have an opportunity of judging in which is contained the most treason, if any at all. You, Mr. Getz, will no doubt agree with Mr. Knabb to print side by side, any editorial published by you during the present rebellion, of equal length of the Journal's which appeared during the Mexican War, provided Mr. Kaabb will agree also to do so :

The Lancaster Express publishes the following opinion of Hon. Thaddeus Stevens, in regard to the effect of the payment of the \$300 commutation by a drafted man, which sets forth the law of the case in so clear a light that we cannot see why there should be any conflict of opinion on that point. So long as he serves the country faithfully and well, so long is he deserving of the applause of the people. FORT SUMTER IN RUINS! ROMBARDMENT OF THE CITY.

By the Arago from Charleston Bar at 5 P. M. By the Arago from Charleston Bar at 5 P. M., Aug. 25 (Tuesday), we have further details of the progress of the siege of Charleston, by Gillmore and Dahlgren. At midnight, Saturday, Admiral Dahlgren with five monitors advanced in the darkness on Sumter, oponing fire at 3 o'-clock, and keeping it up until 6 o'clock. The fort was struck over 100 times, the balls tearing through the sea-wall and doubling the number of port-holes. The whole parapet was carried away. Sumter fired one sun in response five away. Sumter fired one gun in response five times, but Forts Moultrie, Gregg, and Beaure-gard for three hours rained shell on the Monitors, failing to do them any harm. Sumter is demol-ished—an immense pile of rubbish. Gen. Gill-more, on Thursday, notified Gen. Beaureyard that if he did not surrender the forts he would shell the city in twenty-four hours, at the same time requesting him to remove the women and child-ren. No attention was paid to this notice, and ren. No attention was paid to this fictioe, and on Friday night Gen. Gillmore threw fifteen shells into the city of Charleston, charged with "Greek fire." On Saturday afternoon, General Beauregard sent down a flag of truce boat with an urgent protest, denouncing "Greek fire," as a most villainous compound, unworthy of civilized nations, and demanding more time to remove the women and children from the city. The English, French, and Spanish Consuls also de-nounced the short time given by Gen. Gillmore, and claimed more time to remove the subjects of their respective countries. Gen. Gillmore renlied by a renewal of the demand to surrende the forts and public property. Gen. Beauregard answered by asking for a truce of forty hours. Gen. Gillmore refused to give any more time, or to accept of any other terms but an uncondition-al surrender. At 12 on Sunday night, the shelling of the city with "Greek fire" was resumed. Non-combatants are leaving the city in continuous streams. It is not believed that there are over twenty men in the ruins of Sumter. The whole rear wall is down, and shells pass entirely through the structure. The sea wall is terribly

CHARLES W. ESSER, ESQ.—The death of this gentleman, which was briefly announced in our last paper, was a painful surprise to his many friends throughout the county; for he was in the very prime of life, and few, if any of them, had heard of his previous illness. He died on Thursday, the 20th inst., at 9 o'clock, A. M., at his residence in Kutztown, after scarcely more than a week's illness, aged 45 years, 8 months and 13 days. Mr. Esser was an active, influential and consistent member of. the Democratic party, and was frequently chosen by his fellow-citizens of that political faith to represent them in their County and State Conventions. His intelligent views of public affairs, and his probity of character, made him at all times a trusty counsellor; and he was respected and honored wherever he was known. But it was no alone as a politician that he commanded the confidence o his friends. As a business man, and in the relations of do-mestic and social life, he was all that the upright and useful citizen should be, and was esteemed accordingly. He exercised for some years the duties of a Justice of the Peace in Kutztown, to the satisfaction of every one who had need of his services. At all times, and under all diroun-stances, he was the same kind, benevolent, enterprising and trustworthy gentleman that those who knew him bost admired him for ; and by his unexpected death, at the very noon-day of a life that gave promise of many years of use fulness, they and our whole community have sustained no trivial loss. His funeral, which took place on Monday last, was largely attended; and, after the usual religious services, and a sermon appropriate to the sad occasion, by the Rev. G. A.
