HOW THE MONEY GOES. Our American fellow citizens of African de scent are likely to cost us "a pretty penny" be fore the reigning powers get through with their emancipation, colonization, civilization, regen eration, elevation, and glorification. The Albany Argus, in noticing the semi-official an nouncement of the court journals that the negro. colonization scheme to llayti has failed, that the negroes sent there are dead or "scattered," and further, that the President "has appointed an agent" to look into the matter; says-"If we remember rightly, a large subsidy was voted by Congress for this scheme, \$100,000 (or \$500,000.) This has probably been drawn from the Treasu ry, and 'the job' apparently 'finished.' Not so ; there is still opportunity to fasten another charge on the Trensury, and so 'an agent' is to be sent, at .beious expense, to come back and report exploded an affair already known to be a failure ! Tax payers! 'that's the way the moncy goes'-

for the negro !" THE STATE SENATE. - The Democrate gained 3 Senators in the lato election, so that at the next session, the Sanate will stand, politically, 16 Democrats to 17 Abolitionists. By a singu lar freak of fortune, one of the Abolition Sena tors-Harry White, of the Indiana and Arm s'rong district-happens to be a prisoner in Richmoud, having been captured at Winchester last June. Should be not be released before the first Tuesday of January, the Senate will be tied, and the organization of that body will become a matter of doubt and perhaps delay. It is said, however, that the chief Abolition mana ger, Morrow B. Lowry, has gone to Washington, to call into requisition all the powers of the Government for the purpose of effecting Sena tor White's exchange or release. If these fail, the khowing ones say he will resign, and a new election will be ordered. As the District is strongly Abolition, this can make no obsoge in the political complexion of the Senate. But, whether these arrangements can all be made before the meeting of the Legislature, remains to be seen.

ELECTION FRAUDS IN OHIO .- A dispatch to the New York Herald from Hamilton, Ohio, charges that the most gigantic frauds have been perpotrated in Ohio during the recent election. High land county alone gives Brough a majority of 582 votes more than the male population of the place. It contains a population of 5,582 males, including the unnaturalized and soldiers in the army.

Revelations regarding the great majorities recently given to Brough are daily coming to light. A Methodist minister was arrested at Hamilton last week upon a charge of illegal voting. He was brought up before the Mayor, and was bound over in the sum of five hundred dollars to appear at the next session of the Court of Common Plezs.

were startled upon the receipt of the news of gundled to treat with the but lately perthese frauds, and are now putting their head together as to the propriety of appointing investigating Committees.

254,000 DEMOCRATS The full official returns of the State election are now before us, and show results which, if not all we predicted, and confidently expected, The following table contains the full official are by no means discouraging to the noblevote of the State for Governor and Supreme hearted Democracy of the State, who so stoutly Judge, as returned to the State Department at stood up for the true interests of the country, Harrisburg : against the prejudice, passion, cupidity, corrupt influences, and despotic spirit, that now con trol the government, and were leagued together in a determined effort to keep the power they

have so sadly abused. The whole vote cast for COUNTIES Governor, was 523,667, and for Supreme Judge 522.112. Of this, Woodward received 254,171, and Lownin 254,855 votes-being the largest number ever polled by a Democratic candidate Adams.. in Pennsylvania. Judge Woodwand's vote is Allegheny Armstrong 23,902 greater than was given for the Demo-Beaver..... Bedford...... cratic candidate for Governor in 1860; and 35,-105 more than the Democratic State Ticket re-Borks coived last year. Curtin's majority, which the Rlair Diair..... Knowing, as we Columbia now do, the desperate means that were used to Crawford. carry this election, and the great frauds that Cumberland were perpetrated by the Administrationists in | Dauphin Delaware. Philadelphia, Allegheny, and elsewhere, this Grie majority is readily accounted for, and we may Elk..... well be surprised that it was not twice as large. Fayette..... Indeed, the knowing politicians on the Abolition Franklin side, are quite as much disappointed with the Fulton Forest Greene..... smallness of their majority, as we are that they should have any. They had laid their plans for Huntingdon ... at loast 25,000, and the fact that they did not get Indians Jefferson it, proves that the real sentiment of the bona Juniata..... ede resident population of the State, is ducidedly Lancaster against them, and would have been expressed by Lawrence Lebanon mejority of over 30,000, had only the legal, jualified and unbiased vote of the people been Lohigh Luzorne...... Although defeated, the Democracy of Penasylvania may find enough in the result of the late McKean. election to encourage them to future and more Mittlin restoration of the Union upon its only sure Montour.

ground-work-the Constitution as it is. The in- Northampton toreculion of all the power of the Federal and Northumberl'd... Perry..... Philadelphia..... State Covernments-the influence of all the paronage they wield (which is a hundred-fold Pike..... greater than any previous Administrations ever | Potter ossessed) the free expenditure of money by Schuylkill..... Some those who are making immense fortunes out of Snyder Sullivan the Government and the war-and downright and wholesale fraud at the ballot boxes -- all these Susquehanna ... Tiogs..... appliances combined, were needed to save the Union Administration from defeat, and they barely Venango Warren succeeded. The same game cannot be played over again-let the people mark that ! Those who la-Washington bored so carnestly to secure a continuance of place and patronage for the coming year, will Wyoming not be so zealously inclined to "support the York government" a year hence, when, let the Presi-Total .. dential contest result as it may, they will be likely to he " counted out." The frauds cannot be repeated on the Armstrong..... Beaver..... same scale either; for now that we know how Blair.. they were managed, we can partially guard Bradford. against them. And beside, the honest, well-Satler..... meaning voters, who were deluded by the false Cameron..... professions of loyalty and patriotism which the Chester. Chester..... WILL BE SOLD AT PUBLIC SALE, AT the late residence of Frederick S. Hunter, deceased, in South Fifth street, in the eity of Reading. ON SATURDAY, NOVEMBER 7th, 1863:

IT IS SAID on good authority that there is talk in military circles of an early repeal of one of the sections of the conscription act-that which provides for exemption by the payment of three hundred dollars. This will be urged at the next session of Congress in December, and it is not improbable that when the next draft is made, should the quots not be filled by volunteering, exemption by the payment of money will be impossible. The drafted men will have to go themselves, or furnish substitutes.

The repeal of this section will require a decision of the question on which the Abolition Doctors at present disagree, namely : whether the payment of the \$300 commutation exempts for three years, or only from the present draft.

DEFADYUL ACCIDENT .- On Friday, the 18th inst., Mrs. John Fisher, of Union township, Lebanon county, met with her death in a very distressing manner. She was crossing with her husband and a neighbor, the bridge of an abandoned railroad across Gold Mine Creek, in Cold Spring township, when the plank on which she was walking gave way and precipitated her through the bridge down about 25 feet on the rocks. She fell on her head and was killed almost instantly. She was about 54 years of age.

termination. We complain that its object and purposes are perverted to partiean ends. A war waged for the single purpose of suppressing the abellion and restoring the Union would have nded long ago. A war for the extermination of elavery will be interminable." Truth was never

the Abolition doctrine that the seconded States are foreign territory, and must take the law and all heir local institutions from their conquerors,such a law and such institutions as Sumner, Beecher, Greeley, Whiting, and their set would diotate-and the child is not born that will see the end of this war.
