THE BATTLE OF SATURDAY.

WASHINGTON, Nov. 8, 1863. li appears from information received here to night that yesterday morning the 5th and 6th Army Corps, under the command of Maj. Gen. Solgsick, advanced to Rappahannock Station, Second to tappahanoock Station, uses having the right wing of the army. The lat. 21 and 3d Army Corps forming the left wing, under Maj. Gen. French, proceeded to helly's Ford.

When the right wing reached the Rappahannote, the enemy were found to be in considerable force holding this side of the river. The Rebel batteries, earthworks, and redoubts crowned the banks on each side of the Rappa-

hannek.
Gen. Sedgwick at once advanced and stormed them with great gallantry and impetuosity, caus-us much slaughter, and taking a large number

When Gen. French reached Kelly's Ford about when our, reence rescaed Ketly's Ford about it miles below Rappahannock Station, the energy three across an entire division to support my threw more an entire division to support their picket line on this side.

Gen. French hastily took a position, so as to bring his artillery to bear upon them, and pro-ceeded to shell them with marked effect, not op-ly killing a large number, but throwing them into

utter confusion, scattering them wildly and taking many prisoners.

Gen. French, following up his advantage, im-

meliately threw the 1st division of the 3d Corps, commanded by General Birney, across the river, ah.ch ended his operations for the day.

This morning he crossed the river with the remainder of his command. General Sedgwick had previously crossed it, and at 9 o'clock this haring the two wings had formed a junction, sal heid both banks of the river.

The coemy after their defeat in these two en-

gagements were so hotly pursued by our victoririver in their efforts to escape, where some were inward and many were killed by our infantry. All the artillery the Robels had on this side was captured. It is reported to be seven guns. Their whole camp equipage undoubtedly fell into our lands, as they were compelled to leave it in

ther hasty retreat.

General Buford's cavalry crossed at Sulphur Springs to cover the right flank, several miles shre Kappahannock Station; and Gens. Gregg an Kilpatrick crossed at Kelly's Ford, to cover the left flank. No definite information of their operations had been received up to noon to day.
The enemy, after crossing the Rappahannock under cover of the night, moved in the direction of Culpepper, and the advance of our forces, sup-posed to be cavairy, reached Brandy Station early to-day. The entire number of prisoners taken by both

Sedgwick and French is now believed to be 1.826. Orders were sent to Col. Deversanx at Alexandria to provide for that number. The prisoners are composed principally of North Carolina and Louisiana troops.

The number taken by Sedgwick was from 1,200

to 1,400. The remainder were taken by French. A gentleman who was present with the army, ays it was a novel sight to see all Sedgwick's gling or escape.

French's prisoners were also gathered in one body and similarly guarded.

Our total loss is reported to be 400 in killed and wounded, but no prisoners.
Our wounded were carried to Warrenton Junction and tenderly cared for. From thence they were sent to Alexandria this afternoon.

OFFICIAL REPORT OF THE BATTLES ON THE RAPPAHANNOCK.

WASHINGTON, Nov. 11, 1863. The following was sent to the headquarters here the day after the recent engagements:-Headquarters, Army of the Potomac, Near Rappahannock Station, Va., Nov. 8-8:40 P. M.

To Major Gen. HALLECK, Gen.-in-Chief: This morning on advancing from Kelly's Ford it was found that the enemy had retired during the night. The morning was so smoky that it was impossible to ascertain at Rappahannock Station the position of the enemy; and it was not till the arrival of the column from Keily's Ford that it was definitely known the position at the Rappahannock was evacuated. The army was put in motion and the pursuit continued by the infantry to Brandy Station and by the cavalry heread

ovyond.

Major General Sedgwick reports officially the capture of four guns, eight battle flags and over fitteen hundred prisoners. Major General French took over four hundred prisoners. Gen. Sedgwick's loss was about three hundred killed and

wounded. French's about seventy.

The conduct of both officers and men in each affair was most admirable.

GEORGE G. MEADE, Major General.

GENERAL MEADE'S REPORT OF THE BATTLE OF GETTYSBURG. WASHINGTON, Nov. 11, 1863. General Meade's detailed report of the battle of Gettysburg, dated October 1, was officially promulgated to-day. He gives as a reason for his delay in making it until then the failure of receiving the reports of several of the corps and division commended. ivision commanders who were severely wounded in battle, and says:—"The result of the cam-paign may be briefly stated in the defeat of the enemy at Gettysburg, his compulsory evacuation of Pennsylvania and Maryland, and his with-drawal from the upper valley of the Shenandoah, and in the capture of three guns, forty-one etandards and 13,621 prisoners. 24,978 small arms were collected on the battle field. Our own losses were very severe, amounting, as appears by the accompanying return, 2.834 killed, 13,709 wounded and 6,612 missing; in all 23,186." He adds his tribute to the heroic bravery of the

LATEST FROM MEADE'S ARMY.

WASHINGTON, Friday, Nov. 13. There is no important change in the Army of There is no important change in the Army of the Potomac. Our troops occupy the old battle field of Cedar Mountain. Immense trains of supplies from Alexandria are going to the front. The railroad is being pushed rapidly ahead, and will be opened to the Rapidan by Monday night. Yesterday afternoon the Rebel guerillas attacked the camps occupied by the workmen at Nokesville, two and a half miles east of Catlett's Station, burnt some of the shantles and carried off the contents of others. A force of our troops the contents of others. A force of our troops were guarding a culvert not more than a quarter of a mile distant at the time. The rebels are

FROM BURNSIDE'S ARMY.

The Rebel Attack on Burnside's Advanced Position.

Capture of 600 Men and Four Cannon by the Rebels.

WASHINGTON, Nov. 11, 1863.

Washington, Nov. 11, 1863.

It was stated several days ago that two of Gen. Burnside's most eastern outposts in Tennesses had been attacked by the rebels, and that half of the garrisons, consisting of two regiments and a battery, had been captured.

General Grant's dispatch did not designate the exact place where the disaster occurred, nor did it state the strength of the rebel force, or the probable number of the killed and wounded on our s.de.

The Republican this afternoon says :- General Bornside telegraphs that the disaster referred to occurred at Rodgersville, in Hawkins county,

This place is the termination of the branch railroad of the East Tennessee and Virginia railroad, and is situated fifteen miles from Kuoxville. General Burnside also states that the rebels captured six hundred men and four cannon. He ces not mention the number of his killed and rounded. His main army is where it was when the attack was made on hodgersville—in an impregnable position and in good spirits, subject to the orders of General Grant, who is perfectly well satisfied with its situation.

THE VICTORY IN WEST VIRGINIA

OFFICIAL REPORT OF GENERAL KELLY.

WASHINGTON, Thursday, Nov. 12, 1863. The following has been received at the headquarters of the army from Gen. Kelly:

CLARRSBURG, VA., Wednesday, Nov. 11. My information from Lewisburg is that Gen. Averill's victory was most decisive at Droop Mountain. The enemy's force engaged was over 4,000. They acknowledged a loss of 300 killed and wounded. Gen. Averill took over 100 prisoners including field officers, one stand of colers, three pieces of artillery, a large number of small arms, camp equipage and wagons.

Buffalo, Nov. 12 .- Mayor Fargo of this city, has received a dispatch from Mr. Stanton, the Secretary of War, that rebel refugees in Canada have coosummated a plan for the release of the rebel prisoners on Johnson's Island, and intend burning Buffalo.

A MIDNIGHT BULLETIN FROM THE SECRE-TARY OF WAR.

BUFFALO, Nov. 12 .- The following is the dispatch received last night by Mayor Fargo from the Secretary of War : WASHINGTON, Midnight, Nov. 11.

To the Muyor of Buffalo: The British Minister, Lord Lyons, has to-night officially notified the Government that, from tele graphic information received from the Governor General of Canada, there is reason to believe there is a plot on foot, by persons who have found an asylum in Canada, to invade the United States, and destroy the city of Buffalo, and that they propose to take possession of some steam boats on Lake Erie, surprise Johnson's Island, set free the prisocer's of war confined there, and proceed with them to Buffalo.

This Government will employ all the means in

its power to suppress any hostile attack from Canada. But as other towns and cities on the shores of the lakes are exposed to the same dangers, it is deemed proper to communicate this information to you in order that any precautions which the circumstances of the case will permit

What to Do with a "Green-Back.' There is, just now, a way of using one of Uncle Samuel's paper Dollars, so as to get back the worth of many gold dollars in a single year — Everybody has heard of Seth Boyden's wonder ful new Strawberry. From all accounts, it is a marvellous thing—the berries nearly as large as hen's eggs, and as good as they are large. Deal-ers were after it, offering as high as \$3000 for the plants, to speculate upon; but we are glad to know that the enterprising Publisher of the American Agriculturist got the start of them, and ought up all the plants, and is multiplying them in order to give them away to his subscribers!
This is in effect a free gift to the Public—for the Agriculturist, costing only a dollar a year, is of itself worth many dollars to every one, as we can testify, having ourselves long been a reader can testify, having ourselves long note a reader of it. To those unacquainted with it, we would say that the Agriculturist is a large Journal, of 32 pages in every number, is beautifully get up, and is illustrated with many pleasing and instructive Engravings, which are alone worth the whole cost. The pages are literally filled with good things—plain, practical, reliable information upon everything connected with the work of the Housepoup, the Gaspes, and the Farm.—including a very pleasing and instructive Department for Children and Youth that is hardly

of a mile distant at the time. The rebels are strongly posted on the Rapidan, evidently awaiting an advance of our forces.

The reports concerning the utter destitution in Lee's army have not been substantiated by the recent developments, it having bean found that

night last an attempt was made to take the life of Daniel Kane, Esq., at Uniontown, Fayette county. Mr. K. was about to enter his house, and had inserted the key for the purpose of openpart of the lip, and cutting through the end of the nose. Immediate steps were taken to find tqe assassin, but all attempts were fruitless. This is the second attempt within a short time upon the life of Mr. Kane, the former of which came quite as near proving fatal as this, the ball going through his ear. Mr. Kane is one of the leading Democrats of Fayette county, was the Representative from that county in the last Legislature, and is well known throughout the western part of the State.
