President Lincoln to Gov. Seymour.

By Telegraph from Washington.

June 19, 1863.

To Adjutant General Sprague:

The President directs me to return his thanks to his Excellency, Governor Seymour, and his staff, for their energetic and prompt action. Whether any further force will likely to be required will be communicated to you to-morrow. By which time it is expected the movements of the enemy will be more fully developed.

EDWIN M. STANTON, Sec'y of War.

Adjutant Gen. Seymour.

WAR DEPARTMENT,
Washington, June 27, 1863.

DEAR SIR—I respectfully forward herewith to you the copy of a letter I had the honor to address to the President, and cordial support you have given to the Government in the present emergency. The energy, activity and patriotism you have exhibited I may be permitted personally and officially to acknowledge, without accepting any personal claims on my part to such services, or in any service whatsoever.

I shall be happy always to be esteemed your friend. EDWIN M. STANTON,
Secretary of War.

His Excellency, Horatio Seymour.

RADICAL ELECTIONEERING TRICKS.

There is no device too contemptible, and no crime too great, for the Black Republicans to commit when their lease of power is in danger. To maintain their political supremacy, they will resort to as many and as mean tricks as they practiced to obtain it originally, eight years ago.

One of the most petty of their favorite devices is that of corrupting the minds of the rising generation, by putting into their hands the plausible falsehoods of designing Yankee adventurers, in the shape of school books.

Years before the late terrible war was brought about by Yankee agitation, the Puritanical humbugs scattered throughout the country to incite the Northern people against their countrymen in the South, had contrived to introduce their own choice of books into most of the Northern schools, for the purpose of preparing the minds of the rising generation for the grand crusade in favor of abolitionism and negro equality. The immediate descendants of the men who hung Quakers, burned old women for witches, pressed men to death for sorcery, robbed the Indians in the most open and shameless manner, and imported slaves by ship-loads into the Southern States, flooded the schools of the Northern States with books inculcating the doctrine that negro slavery was the worst of all possible sins, and that the Southern people were a race of heartless wretches, deserving of total extermination.

In 1848, "The Life of Fred. Douglas, written by himself," was used as a reading book in certain schools in New Jersey, bitterly denouncing Southern institutions, and gradually filling the youthful minds that studied the insidious lessons, with a puritanical hatred of the Southern people—the fellow-countrymen of Washington, Jefferson and Jackson—and a desire to dissolve the bonds of the Federal Union for which our forefathers fought and died.

The same was the case in other States, and the same is the case at present. It is well known that in nearly all the Northern States, for years past, the Black Republicans have used every effort to obtain a majority of the school boards, which object the Democrats, with incredible stupidity, have frequently permitted them to accomplish. The consequence is that many of the school books now in use in our schools, are replete with the most pernicious of Black Republican doctrines.

A sample is now before us, entitled "Anderson's Davenport's History of the United States," published by Uriah Hunt & Son, Philadelphia. This work is a compilation of questions and answers, which remind one of a jug-handle, being all one side, so far as historical accuracy is concerned. For instance, the whole blame of the agitation which led to the late civil war is laid upon the Southern States, while not a word is said, except in the Index, of the atrocious acts of the first rebel, the horse-thief and murderer, Old John Brown, who invaded the soil of Virginia, seized the property and endeavored to seize the money of the United States at Harper's Ferry, and shot down not only citizens of Virginia, but United States marines sent to restore order. Abraham Lincoln is held up as a great and good man, a statesman of exalted character, and a saint generally, instead of which history will prove him to have been as a political ignoramus, a mannerless buffoon, and a mere tool in the hands of one of the most relentless party tyrants that ever cursed the earth, Edwin M. Stanton, a man who has already sunk into the oblivion he fully merits. The [illegible] is set down as a visionary [illegible] superior [illegible] through his [illegible] was totally [illegible] under [illegible] saved from ambit-

[illegible] Democratic Nominees [illegible] the timely aid of Gen. Buell, who is not mentioned at all in connection with the battle by this very reliable historian. The credit of gaining the battle of Antietam is covertly given to Gen. Pope, while many important events are unmentioned for the sake of blaming Gen. Fitz John Porter for the defeat of our forces at the second battle of Bull Run. The only portrait in the book, (excepting one of Washington, which is placed at the bottom of a chapter) is one of Lincoln, which is given a prominent position at the head of a chapter, while his Emancipation Proclamation is given a conspicuous place after the Declaration of Independence, and *before* the Constitution of the United States!

The above are only a few of the prominent characteristics of this Yankee electioneering document. It is only a sample of the kind of works which Black Republican fanatics have been and still are endeavoring to introduce into our schools.

All Democrats should be on their guard against such iniquitous publications. They should take care to claim their proper representation in all school boards, and to have all such pernicious works kept out of the schools. The more petty, cowardly and contemptible an electioneering dodge may be, the more is the probability that the Radicals will attempt to make use of it. Four terrible years of war, and four depressing years of debt and taxation, have resulted from the machinations of the men who issue and endorse such mind-poisoning works as that above mentioned, and it is the duty of Democrats, everywhere, to put a stop to all such attempts to engraft upon our common school system a stock which will bear poisonous fruit for years to come.

Democrats, watch your school boards and school books, and see that this evil is remedied!

FRAUD IN HIGH PLACES.

The Philadelphia Ledger states that Joseph Cabot, President of the Allentown Iron Company, the office of which is in Philadelphia, has been discovered to be a defaulter to the amount of over $100,000.

At Buffalo, N. Y., C. F. S. Thomas and James M. Johnson, members of a firm of publishers, have been arrested for defrauding the government of a quarter of a million dollars. The parties are charged with obtaining receipts for printing blank envelopes to that amount. The fraud was consummated through B. F. Lee, late chief clerk of the post office. The accused were held to bail in $10,000 each.

TELEGRAPHIC NEWS.

FROM WASHINGTON.

The Negro Fire Brigade—September Session—Beast Butler Again.

WASHINGTON, Aug. 20.—Every white man here is rejoicing to-day over the action of the Board of Fire Commissioners, in removing all the negroes from their places in the Fire Department and filling the vacant positions with white men. Our people now feel a sense of security, to which they have been strangers since last June. Under negro control the city was in constant danger.—The records of the Radical papers here show that not a correct alarm of fire has been sounded by the fire telegraph since the negro government installed its men over its control, and all of the city journals agree that the steam fire engines have not succeeded in reaching a single fire in time to do any good. Were it not for the Government steam engine fire brigade, the public and private property here would have been at the mercy of the incendiary. Some of the negroes whom the Mayor and his negro councils have appointed to control the Fire Department proved to be the worst desperadoes.

A SEPTEMBER SESSION.

It is believed here that Congress will meet again in September for the purpose of devising measures for the manipulation of the Southern electoral vote.

BUTLER TO BE IMPEACHED.

Butler himself is likely to be investigated when he gets back to Washington. If some of his enemies prove true to their word it is said that the tables can be completely turned upon him so far as attempts at bribery are concerned, and that evidence is in the hands of some parties here to convict him.

FROM NEW YORK.

SUICIDE.

NEW YORK, Aug. 20.—While the Houston street ferry boat Gerard Stuyvesant was on her way to New York from Williamsburgh, at 8 o'clock last night, an unknown woman, about 40 years of age, wearing a long black silk mantilla, jumped overboard and was lost to sight, although every exertion was made by the officers of the boat to find her.

THE CATTLE DISEASE.

Four herds of cattle, each containing animals affected by the plague, arrived in the neighborhood of New York yesterday—only one of which, however, reached the city proper. This one is at Bull's Head. The others have been placed under strict quarantine.

STILL THEY COME!

Another Gun from Idaho!

The Pacific Railroad—The Wrecked Vessels.

SAN FRANCISCO, Aug. 19.—Idaho advices of August 11th, state that Judge Schaeffer, the Democratic candidate for Congress, is 300 ahead. His election is claimed by 600 majority.

The passenger trains on the Central Pacific railroad are now running 285 miles east of Sacramento.

The officers and crew of the wrecked steamship Suwanee arrived here to-day.

The crew and officers of the ship Audubon, lost on July 19, were saved.

Cleared, ship Valparaiso, for New York, with 27,000 sacks of wheat.

[illegible] New York, on Tuesday, the [illegible] Narragansett ran down and sunk an unknown canal boat. It is supposed that several lives were lost.

FOREIGN NEWS BY MAIL.

Germany.—The Paris Liberte has received news from Berlin to the effect that an appeal has been addressed to the Prussian Government by three hundred Germans, who have been enrolled in the Papal army. These recruits were arrested in the act of open desertion, and have been sentenced to the galleys for periods varying from three to fifteen years. The appeal states that the three hundred deserters had been deceived by promises held out to them at the time of enrolment, which had not been afterwards adhered to. The intervention of the Prussian Government is implored.

Saxony has declined the invitation of the Russian Government to take part in the military conference relative to the use of explosive bullets. The conference will open at St. Petersburg on the 16th of October, and the North German Confederation will be represented by Prussia only.

The "submission" on the part of the smaller States, is, of course, sneered at in France, but it is perfectly in accordance with the principle on which the North German Confederation was formed. By the terms of the Union Prussia was to have the command of the North German army, and the control in Military affairs.

Poland.—A Warsaw correspondent of the Daily News says that great consternation has been caused in the Polish capital by the news that M. Obryzko, one of the most popular men in Warsaw, and a prominent member of the National Government of 1863, has been condemned to be chained to a wall in the silver mines of Akatonia, the most dreaded of the Siberian prisons. M. Obryzko was banished to Siberia during the insurrection, and when the revolution broke out in Siberia last year, was employed in one of the Government establishments in the vicinity of Irkutsk. There he prevented many Poles from joining in that insurrection. This beneficial interference was duly reported, and the Government rewarded it, says the correspondent, by transporting M. Ohryzko, "because his evident influence with his countrymen makes him dangerous." The war against the Polish language is still continued.

Rome.—A very significent item of intelligence comes from Civita Vecchia. A short time ago a number of French soldiers were returned from the garrison at Rome on furlough to France. It is now said that the force which has been sent out to replace them is greatly superior in number. This, of course, means that the French garrison at Rome is to be increased.

THE CATTLE PLAGUE IN EUROPE.

According to all accounts, the cattle disease which has broken out in Russia is identical with the rinderpest which has caused such devastation in Britain. Whatever may be its nature, it is spreading with alarming rapidity.

It has now broken out in some districts of Prussia on the Polish frontier. Some persons who had eaten meat of animals infected became seriously ill, and have been sent to lazaretto for treatment. "All possible precautions have been adopted to prevent the spread of the contagion."

Seymour and Blair.

Democratic Enthusiasm All over the Country—Meetings in New York, New Jersey, and other States.

NEW YORK.

POUGHKEEPSIE, August 20.—On Tuesday night there was an immense meeting here—the largest ever held to ratify the nominations. Speeches were made by Hon. Homer A. Nelson, Hon. S. S. Cox, and Hon. E. O. Perrine.

MEETINGS IN NEW JERSEY.

TRENTON, Aug. 20.—Meetings have been held, and are to be, all over the State. The Democracy are terribly in earnest, and will roll up a rousing Seymour and Blair majority.

WHAT PENNSYLVANIA IS DOING.

[Correspondence Evening Herald.]

EASTON, August 19.—Yesterday an immense meeting of the Democracy of Northampton county was held here. Senator Buckalew and Hon. Wm. A. Wallace made telling speeches. In the evening Centre Square was crowded, and General McCandless, of your city, and Edward Harvey, of Allentown, spoke.

We have a rousing club of White Boys in Blue up here, and the county will do better at the coming election than ever she did.

From North Carolina—An Interchange of Speeches.

RALEIGH, Aug. 20.—The North Carolina Democratic State Convention has adopted a resolution inviting an interchange of speakers between the North and South during the present campaign, and instructed the State Executive Committee to select two or more of their ablest speakers and best men to come North and represent to the masses of this section the true political feelings and the condition of the people of that State.

Important News from Paraguay—The Allies Defeated.

LONDON, August 19.—Advices have been received here from Rio Janeiro to July 31st, by the regular mail steamer.

The allies, to the number of ten thousand, had attacked Fort Humaita, on July 16, but were repulsed with a loss said to amount to three thousand.

A simultaneous attack made on the Paraguayan defences in the Gran Chaco had been also repulsed.

Important Statement of Chief Justice Chase.

WASHINGTON, August 20.—Chief Justice Chase has returned here from his official visit to West Virginia. He expresses his opinion that the Conservatives are largely in the ascendancy in that State and will control the Presidential ticket.

Wife Murder.

MILTON, Pa., Aug. 20.—A colored man, named Joshua Jones, shot and killed his wife, while walking with her this afternoon, in Centre street, in this town. He escaped and has not yet been captured.

—Capt. Adam Dennip, of the schooner Bella Varney, was found in the Chowan river, near Colerain, N. C., on Thursday, with his throat cut from ear to ear, and a heavy axe tied to his body. The schooner was found in a creek. A strange man who had shipped with him the day before, is supposed to have murdered the captain for $600 which he had with him.

—The leader of the gang concerned in the great Bennehoff robbery is said to be in Europe. He is a dissipated young man of good family, named Saeger, who lavished considerable property willed to him previously.—The robbery was surprisingly well planned for a novice.

—Thad. Stevens bequeathed to Mrs. Smith, his mulatto "housekeeper," the sum of $500 per annum, or the sum of $5,000 in hand, at her option; also certain furniture used conjointly by himself and the colored lady aforesaid. Wonder what particular article of furniture Thad. meant, and whether it was a mahogany four-poster or a maple? It will be cut up into canes and sold, probably—said canes to be donated by "loil" persons to townships losing the smallest number of Radical votes at the coming elections.

—The dead bodies of five men have been found near Fort Scott, Missouri, supposed to have been Texan drovers, who were killed by the Indians or some of the bands of robbers in that section.

SECOND GRAND

GIFT DISTRIBUTION!

BY THE

Good Will Steam Fire Co.,

OF ALLENTOWN.

ON WEDNESDAY, SEPT. 2, 1868.

The Good Will Steam Fire Company of Allentown would hereby respectfully announce to the citizens of Lehigh and adjoining counties, that in obedience to oft repeated and strongly expressed wishes on the part of many of the ticket-holders in their first gift enterprise, they have determined upon and made all the necessary arrangements for a second grand gift drawing, only upon a much larger scale than the one they last winter brought to so successful and satisfactory a termination to all interested as ticket-holders. The proposed new enterprise will be made up of 25,000 tickets, and the value of the Gifts to be awarded as prizes will amount to $20,000, the highest prize consisting of

$1,500 IN GOLD COIN!

As in the past, so in this, shall honesty, fairness and impartiality characterize the drawing. Our last enterprise gave universal satisfaction; Everything promised was duly carried out, as is admitted by all, and the managers of this newly inaugurated drawing pledge themselves that from this rule there shall be no deviation. The profits arising will fall to the treasury of the Company, and to be applied to a purpose that solely benefits the public. We therefore hope for the same liberal encouragement extended us in our first undertaking of this character, which is all we need to insure a perfect success. Considering the object, it must certainly commend itself to the public; the dispensations of fortune will certainly both largely reward and agreeably surprise a large proportion of those who may be disposed to "try their luck."

HOOFLAND'S COLUMN.

HOOFLAND'S GERMAN BITTERS,

AND

Hoofland's German Tonic,

The Great Remedies for all Diseases of the Liver, Stomach, or Digestive Organs.

Hoofland's German Bitters

Is composed of the pure juices (or as they are medicinally termed *Extracts*) of Roots, Herbs, and Barks, making a preparation highly concentrated and entirely *free from alcoholic admixture of any kind.*

HOOFLAND'S GERMAN TONIC,

Is a combination of all the ingredients of the Bitters, with the purest quality of *Santa Cruz Rum, Orange, &c.*, making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixtures will use

HOOFLAND'S GERMAN BITTERS.

Those who have no objection to the combination of the Bitters, as stated, will use

HOOFLAND'S GERMAN TONIC.

They are both equally good, and contain the same medicinal virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathising as closely as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

Consumption, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Great Depression of Spirits.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured, from his investigations and inquiries, possesses true merit, is skillfully compounded, is free from injurious ingredients, and established for itself a reputation for the cure of diseases. In this connection we would submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS

AND

HOOFLAND'S GERMAN TONIC

PREPARED BY DR. C. M. JACKSON, Philadelphia, Pa.

Thirty-five years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach or Intestines.

DEBILITY.

Resulting from any Cause whatever; Prostration of the System, induced by severe Labor, Hardships, Exposure, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests properly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir that will instil new life into their veins, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health, or, to use their own expression, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK AND DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.

Thousands of certificates have accumulated in the hands of the proprietor, but space will allow of the publication of but few. Those, it will be observed, are men of note, and of such standing that they must be believed.

TESTIMONIALS.

Hon. George W. Woodward,

Chief Justice of the Supreme Court, writes

PHILADELPHIA, March 16, 1867.

"I find Hoofland's German Bitters is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system.

Yours, truly,

GEO. W. WOODWARD.

From Rev. Joseph H. Kennard, D. D.,

Pastor of the Tenth Baptist Church, Phila.

DR. JACKSON.—DEAR SIR:—I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the use of *Dr. Hoofland's German Bitters*, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.

Yours, very respectfully,

J. H. KENNARD,
Eighth, below Coates St.

Hon. James Thompson,

Judge of the Supreme Court of Pennsylvania.

PHILADELPHIA, April 28, 1866.

"I consider Hoofland's German Bitters a *valuable medicine* in case of attacks of indigestion or dyspepsia. I can certify this from my experience of it.
