By Telegraph from Washington.

Washington, August 19, 1868.

To Major General Sheridan:

The President directs me to return the thanks to you, and to the officers and men under your command, for the prompt and efficient manner in which you have suppressed the late disturbances in New Orleans, without bloodshed, and to say that he has confidence that you will be able to maintain order in your command without further violence.

Edwin M. Stanton,
Secretary of War.

Lieutenant General Sheridan, New Orleans.

"ARE WE BOUND TO BELIEVE?"

We are bound to believe Greeley's convicted drunkards. The *Tribune*, the *Independent*, and that righteous man Wendell Phillips, sold him as he was before the nomination. They are his friends and ought to know. Besides, the charge is sustained by much other weighty evidence. His party friends seem to despair of a successful refutation of the charge, and are taking another way of meeting the difficulty. Whiskey glasses are to be to this what "coons" and "rails" were in former campaigns. Congress never meets without some *great* object. The reduction of the tax on whiskey was the first step towards inaugurating the *big whiskey* which the Republican managers look for next year.

The *Tribune* of Thursday contains a further development of the whiskey scheme in the shape of a campaign song, which runs thus:

"Come all you honest fellows,
That do not like to stink,
Put down your glasses and your mugs,
And listen while I drink.
O, for President Ulysses,
O, for President Ulysses,
He's every inch a knight."

We commend this expressive *poetry* to the numerous Temperance societies in the land. The verse is horrible, but the idea is plainly expressed. The sober thoughts of the people are turned from Ulysses to whittler, and the appeal is made to drunkards to rally around a drunken candidate for President. We know many whose Republicanism has not so far crushed out their morality as to rally at such a cry, but who

"For a Presidential drunkard
Have not voted for years."

"NO TROOPS TO SPARE!"

The Indians in their recent raid on the Western settlers, were all armed with revolvers, just issued to them by the government. A dispatch from St. Louis says:

"It is not known that a single Indian was killed. Forty families were at one time in a stone pen, nearly naked, and resisted the Indian attack for five hours. The Indians are stealing provisions now to supply themselves for the coming winter, and declare they will drive away settlers from all streams in western Kansas."

How would it answer to let the people of the Southern States govern themselves and send the thousands of soldiers in the South to help the unprotected settlers? That would be the course adopted by the Democrats, if they had the power, no doubt, but it would interfere with the Radical idea of reconstruction, and so it cannot be thought of at present. The Radical leaders care very little how many Western women and children are murdered, if they can but maintain their political supremacy by the aid of bayonets and negro votes.

ANOTHER LEAF FROM GRANT'S HISTORY.

Hon. Robert S. Ould, Commissioner for the exchange of prisoners during the war, in the Confederate service, shows in a Washington paper of Thursday, that Gen. Grant was directly responsible for the refusal to exchange our suffering prisoners at Andersonville and elsewhere. Mr. Ould says that the Confederates offered to pay in coin for medicines and food for the Union prisoners if the United States government would furnish them, but the offer was refused. The records of the war prove the statement of Mr. Ould to be correct.

And yet the Radicals ask the Union soldiers to support such a heartless butcher! It is positively certain that if Grant is ever elected again, he receives a majority of the soldier vote, he will never bore the people with his inaugural address!

GRANT, DEFEATED.—We hear that Gen. Grant will not attempt to travel about the country to any great extent on the Democratic stump. Gates has just returned from a trip to the Western Territories, and the result is 600 Democratic majority for Judge Schaeffer, Democratic Congressman from Nebraska.

Keep on travelling, Ithaca Ulysses—you do as much good as a Democratic stump speaker!

DEMOCRATIC NOMINATIONS.

Workingmen, as it is probable that attempts will be made in some places to force you to vote the Republican ticket by threats of discharging you from employment, it would be well for you to remember that no employer has a right to discharge an employee on account of his political faith, and the employer can be punished for attempting to intimidate a workman by any such means. The law on this point is as follows:

"If any person shall use or practice any intimidation, threats, force or violence, with design to influence unduly, or overawe any elector, or to prevent him from voting, or to restrain the freedom of choice, such person on conviction, shall be fined in any sum not exceeding five hundred dollars, and be imprisoned for any time not less than one nor more than twelve months."

Workingmen, remember this, and make known to the Democratic Standing Committee, or the Democratic press of your county, any attempt to intimidate or influence you or your fellow-workmen by threats, violence, or oppression.

TELEGRAPHIC NEWS.

BY THE SEYMOUR AND BLAIR.

THE PROGRESS OF THE DEMOCRATIC COLUMN.

Connecticut.

NEW HAVEN, Aug. 21.—The Connecticut yeomanry turned out *en masse* at this place yesterday, hundreds of farmers gathering in from miles on miles around. Hon. H. A. Mitchell and Judge Bond spoke. Unfortunately it rained, although not until after the meeting was organized, and Judge Bond had fairly commenced his first speech. But then the people were willing to stand, and did stand, in the rain as long as the speakers were willing to continue. It was a novel sight to witness the general holsting of umbrellas as the rain began to pour down soon after Judge Bond commenced speaking. The audience anticipated the rain, and had come prepared to fight it out on that line.

District of Columbia.

WASHINGTON, August 21.—An immense meeting of the citizens of Washington was held last night at Carusi's Hall, the old Jackson headquarters. The meeting was called by the Jackson Democrats and was addressed by Montgomery Blair, General Green Clay Smith, and a number of others. The large hall was filled to repletion and the multitude outside was of still greater magnitude. The enthusiastic response of the citizens to the call has greatly elevated the spirits of the Democracy.

New Jersey.

NEWARK, August 21.—A largely attended and correspondingly enthusiastic meeting was held last night at Library Hall for the purpose of ratifying the nominations of Horatio Seymour and Frank P. Blair, Jr., as Democratic candidates for the Presidency and Vice Presidency of the United States. Hon. A. C. Dayo and others addressed the meeting.

Maine.

BANGOR, August 21.—Mr. Pendleton made an extended speech to an immense audience here yesterday, and was followed by Colonel O. A. Brewster. Last evening Hon. Eben F. Pillsbury, of Augusta, candidate for Governor, spoke to a meeting as large as that of the morning.

Alabama.

MONTGOMERY, August 21.—10,000 people, in mass meeting, ratified the nomination of Seymour and Blair last evening. The enthusiasm was intense.

Suffocated in a Diving Bell.

NEW YORK, Aug. 21.—Peter Wilson and James Calligan, two men employed as divers at the Brooklyn Navy Yard, were suffocated yesterday afternoon. It appears that for several days past a party of divers have been engaged in the removal of the mud and *debris* which checked the sewers leading to the dry dock in the navy yard, for the purpose of clearing that important passage, which had become obstructed. This work was done by means of a very large diving-bell, capable of containing eight or ten persons at a time. The unfortunate men above named had been at work beneath the surface for a considerable length of time yesterday, when a rapid and energetic twitching of the signal rope announced to the men above the water that there was something wrong below, and they immediately hoisted up the bell, when it was found that Wilson was dead, while Calligan was lying insensible.

The Indian Troubles Increasing.

WASHINGTON, Aug. 21.—Dispatches have been received at the War Department from Lieutenant General Sherman, dated Fort Leavenworth, August 19th, via St. Louis August 20th, indicating that the troubles on the Saline and Salmon rivers are acts of violence against the soldiers by the Dog Soldiers—Cheyennes. The cause of the trouble is supposed to have grown out of the recent fight between the Cheyennes and the Pawnees, the former getting the worst of it, and they are supposed to have attacked all the settlers for revenge. General Sheridan had sent plenty of troops and gone in person to the place of hostilities.

A Wrestling Match—The Case of Alexander.

HARRISBURG, Aug. 21.—A wrestling match occurred here yesterday afternoon between Lew. Thompson and Homer Lane, both of New York, for a purse of two thousand dollars. The match lasted three hours and ten minutes, Thompson being the victor.

The Governor still has Alexander's case under consideration. J. W. Newlin, Deputy Attorney General, advises no pardon.

Important Post-office Order.

WASHINGTON, Aug. 21.—The Postmaster General has, in conformity with the recent act of Congress, issued orders to his subordinates to send to the Dead Letter office all letters, circulars, etc., concerning lotteries, gift concerns, and similar swindles.

Wholesale Robbery.

PHILADELPHIA, August 21.—While passing the train on the Allentown route, bearing the New York newspaper mail west, it took fire near this place. The mail was the through Western mail, and was despatched from New York at 3 o'clock on Wednesday night, on the New Jersey Central railroad. It carried the heaviest newspaper mail of the week, the weekly editions of most of the newspapers always going westward on that train. There were in the mail car 140 bags and 14 boxes of newspapers; of these 12 bags of matter were more or less damaged. The damaged matter was returned to the New York office yesterday, arriving at one o'clock, and the clerks were busy during the afternoon sorting it. It was found that a large proportion of it, considerably more than half, could be saved and readdressed to the owners. A smaller portion is badly singed or damaged by water, and the address lost. The cause of the fire is not yet known, but it is the third which has occurred to the Western mails on that route within eighteen months, and the last one which took place previous to this one was like it, and a Wednesday night heavy newspaper mail.

The Combative Black Zouaves—Action at Ben.

WASHINGTON, Aug. 21.—The exhumation of the colored Zouaves for rioting a week ago, while a company of them from Georgetown were on their way to the Capitol to relieve the guard over the remains of Thaddeus Stevens, has been concluded. They were fined for disorderly conduct, and sixteen others were required to give from $3000 to $500 bail for a further hearing at court.

The United States Consul at London reports that John W. Thompson, of Calais, Maine, and John O'Conner, of Brooklyn, New York, have been brought to that port, having been picked up at sea about forty miles S. W. by S. of the island of Nevis, their vessel, the Squirrel, of Port Washington, having been lost on the coral reefs near Barbadoes.

New Gun Alabamite.

MONTGOMERY, Aug. 21.—The Hon. W. B. Jones, elector for Grant in the Fourth Congressional district, has taken the stump for Seymour and Blair, and publishes the following:

DEMOPOLIS, Ala., Aug. 19, 1868.—Thomas O. Glascock, Chairman of the Republican Executive Committee: I respectfully decline to accept as elector for Grant and Colfax in the Fourth Congressional district.

W. B. JONES.

The Hon. Thomas Masterson, representative from Lawrence county, has abandoned Grant and declared his intention to support Seymour and Blair.

The following card is published in the Radical organ of this city.

"In consequence of the want of patronage sufficient to meet the daily expenses of this office, I am compelled to suspend the publication of the State Sentinel. Since the establishment of the paper in this city, now nearly two years, I have sustained the publication of the paper from my own private means. This I cannot do any longer. I must abandon the business, and go into some pursuit that will at least furnish sufficient income to meet the outlay. (Signed.) JOHN HANDY."

Frightful Railroad Accident in Wales—Twenty-Five Persons Crushed and Burned to Death.

LONDON, Aug. 21.—Despatches were received in this city to day, giving the particulars of a heart rending calamity which occurred in North Wales yesterday afternoon, whereby twenty-five persons lost their lives. A train of cars from Holyhead, containing the passengers and mails from Ireland, which was proceeding towards Liverpool at the usual speed, met with a sad accident today at the little town of Abergell, in the county of Denbigh. A long train of loaded petroleum trucks had just been switched on a siding, to make way for the Irish mail train, but the switch tender neglected to replace his switch. A dreadful collision was the consequence, by which seven persons in the Irish mail train were killed outright, and many others badly injured. The cars in both trains were reduced to a shapeless mass. The concussion produced an explosion of petroleum, which instantly enveloped both trains in flames, and before the fire could be subdued eighteen persons were burned to ashes.

PLOT TO ASSASSINATE THE QUEEN OF ENGLAND.

LIVORNE, Aug. 21.—It having recently become known to the Swiss authorities that an attempt was intended to have been made upon the life of the Queen of England during her recent sojourn in this city, a search was made by the police for the parties concerned in the diabolical plot. To-day a man, whose name is not given, but who it has been ascertained is a Fenian, was arrested, and upon examination made such statements as leave no doubt that it was his deliberate design to assassinate Queen Victoria. He has been committed to prison to await a requisition from the British authorities.

THE WORKING PEOPLE.—The semi-monthly report of the New York Castle Garden Labor Exchange, (from the 1st to the 16th inst.,) shows that in that time there were 1819 applicants for employment, and 2112 orders of employers for laborers. This is at the rate of 120 applicants, and 102 orders per day. The average rate of monthly wages paid to males was $16, and to females $9. The classification of the engaged labor was as follows:—Males, mechanical labor, 216; agricultural, 67; total, 1083. Females, skilled labor, 20; unskilled 880; total, 900. The common school education of the emigrants was as follows:—Males able to read and write, 979; not able to read and write, 104; total, 1083. Females able to read and write, 420; not able to read and write, 180; total, 600.

—The Post-office Department has information leading to the belief that Great Britain will assent to the proposed modifications in the new Postal treaty. A Postal treaty with France is also pending.

SECOND GRAND

GIFT DISTRIBUTION!

BY THE

Good Will Steam Fire Co.,

OF ALLENTOWN.

ON WEDNESDAY, SEPT. 9, 1868.

The Good Will Steam Fire Company of Allentown would hereby respectfully announce to the citizens of Lehigh and adjoining counties, that in obedience to oft repeated and strongly expressed wishes on the part of many of the ticket-holders in their first gift enterprise, they have determined upon and made all the necessary arrangements for a second grand gift drawing, only upon a much larger scale than the one they last winter brought to so successful and satisfactory a termination to all interested as ticket-holders. The proposed new enterprise will be made up of 25,000 tickets, and the value of the Gifts to be awarded as prizes will amount to $20,000, the highest prize consisting of

$1,000 IN GOLD COIN!

As in the past, so in this, shall honesty, fairness and impartiality characterize the drawing. Our last enterprise gave universal satisfaction. Everything promised was duly carried out, as is admitted by all, and the managers of this newly inaugurated drawing pledge themselves that from this rule there shall be no deviation. The profits arising will fall to the treasury of the Company, and to be applied to a purpose that solely benefits the public. We therefore hope for the same liberal encouragement extended us in our first undertaking of this character, which is all we need to insure a perfect success. Considering the object, it must certainly commend itself to the public; the dispensations of fortune will certainly both largely reward and agreeably surprise a large proportion of those who may be disposed to try their luck.
