NEEDS EQUALITY IN LOUISIANA

The crusade in favor of negro equality and amelioration still goes on in the Southern States...

The House has passed a bill prohibiting any distinction on account of color or previous condition on routes of travel...

Section 2. It shall be unlawful for any person or persons commanding any steamer, sailing vessel or water craft plying in this State...

Section 3. It shall be unlawful for any person or persons conducting or controlling any railroad company, stage line or vehicle...

Section 4. Any person or persons violating the provisions of this act in connection therewith shall be fined not less than \$100 and not exceeding \$500...

Section 5. All acts, parts of acts and ordinances in force in this State contrary to the provisions of this act are hereby repealed.

Section 6. This act shall go into effect from and after its passage.

TELLING THE TRUTH

There are a few Republican newspapers in this State which cause their party much uneasiness by their determination to tell the truth occasionally...

There are some living in this city, professing to be Republicans, who have called in an open way to carry back to the Treasury the money which they unlawfully and dishonestly drew therefrom...

The State Guard ought to know all about the matter, and no doubt it tells the truth. But it is rather hard on the Radical party to ventilate such ugly facts.

The people should put a stop to such rascality, by electing none but honest Democrats to the Legislature this year.
