GRAND COUNTY MASS MEETING.

TUESDAY, OCTOBER 6th, 1868, has been fixed by the Democratic Standing Committee as the day of the Mass Meeting for this county. A number of distinguished soldiers and statesmen will be present to address the people. Among those who may be expected are Gen. George B. McClellan, Gen. Frank P. Blair, Hon. James R. Doolittle, Hon. S. S. Cox, Hon. George E. Pugh, Hon. A. J. Rogers and others. Hon. Magnus Gross, Dr. Julius Korn and Mr. Wolaber, formerly of the *Adler*, will address the people in German.

The various committees will be announced early next week.

DANIEL ERMENTROUT, Chairman.
EDWIN SHALTER, Secretary.

THE *Dispatch* is afraid to accept the betting challenge of the Bellefonte *Watchman*. The fact has a suspicious appearance.

THE Nebraska election will take place on the 6th of October. The Democracy are confident of greatly reducing the Radical majority, while the more sanguine anticipate a victory.

BRICK POMEROY'S SPEECH in Reading annoys the Radicals terribly, while his gentlemanly address and refined language, which won for him many friends of all parties here, is a complete refutation of their falsehoods in regard to his personal character. They may continue to misrepresent his remarks to those who were not fortunate enough to hear them—they may flood the country with published Radical lies about his visit being a "benefit to the Republican party"—but they cannot erase the impression made upon the minds of the tax-payers that "Brick" spoke the truth. So far from "hiring him to come here again," they would expend their "bottom dollar" to keep him away. We regret that the length of his able address prevents us from publishing it entire. "Brick" must be heard, however, to be fully appreciated. Let the Radicals "match him," if they can!

THE MONARCHIAL PARTY.

The Republican party represents the idea of the few against the many—the one man power against the many men power—capital against labor, luxury against industry, family against merit, and that the white race should commingle with the black.

The proof of these several allegations is that a Republican Congress is attempting to override the executive and judicial departments of our government, and thereby rule the country, the establishment all over the land of National Banks, and giving them special privileges under the law, and money besides. Is this not intended to crush private bankers, and individual enterprise, in supporting these Banks out of the hard earnings of honest labor?

Has not the Legislature of Pennsylvania, since the Republicans have controlled it, granted all kinds of special privileges to a few favorites, and have not these favorites used these privileges to enrich themselves to the injury of the many? Do not the leaders of the Republican party, such as Henry Wilson, Charles Sumner, and others, declare that a negro can hold office, and vote and intermarry with the whites; and are there not at least three negroes in the Massachusetts Legislature? Will any Republican dare deny this under his name?

A QUESTION ANSWERED—A WORD TO BONDHOLDERS.

The bondholders often put the question:—"If the Democrats pay off the national bonds with greenbacks, which would be substituting one national debt for another, how are they to redeem the greenbacks?"

First. The Democrats propose to redeem the interest-bearing bonds as fast as they fall due with greenbacks which carry no interest, and apply the $128,000,000 in gold now paid to the bondholders as interest, towards paying the public debt.

Second. The Democrats propose to reduce the standing army to a peace footing, and save thereby another $45,000,000 a year.

Third. They propose to reduce the navy to present necessities, which would be another saving of $10,000,000 to $15,000,000 per annum.

Fourth. They propose to abolish the *Freedmen's Bureau*, another saving of from $15,000,000 to $20,000,000.

Fifth. They propose to reduce the miscellaneous expenses of the government, including printing, stationery, &c., &c., amounting to millions; repudiate impeachment farces, smelling committees, and the indiscriminate legislating away and squandering the public money, amounting to millions upon millions.

Sixth. They propose to reduce the number of J. Cooke & Co.'s, whose name is Legion, and who batten and fatten at the public crib, and who made and are now making millions out of the people.

Seventh. They propose to have the United States Revenue collected by the States, by the officers elected by the people of the several counties in the States, who now collect the county and State taxes, and so dispense with tens of thousands of cormorants who now prey upon and suck out the life blood of the people—by this saving other millions.

Eighth. They propose to diminish the number of articles taxed for United States purposes, and place the tax only on a few, best able to bear the pressure, by these means simplifying the collection of the Revenue, and thereby saving at least two-thirds of the expense of collection.

Ninth. They propose, by the above enumerated retrenchments and savings, gradually to pay off the public debt, including bondholders' principal and interest, dollar for dollar, and prevent repudiation, which is sure to follow if the national debt continues on increasing monthly from ten to twenty millions of dollars. Repudiation is not the word, the word will be *inability* of the people (with the best intentions) to pay the increased taxes necessary to meet the increased expenses of the government. *Inability to pay*, would bankrupt the national government and the people, including the *bondholders*.

Tenth. They propose by these measures to prevent *involuntary* repudiation of the public debt from *inability* to pay. Bondholders, here the great danger to your interest is embodied—*inability* to pay. Look to it that in your eagerness to get *more* you do not *lose all*.

THE IRREPRESSIBLE CONFLICT.

The war of races brought about by the Radical policy of reconstruction still continues. The following are the telegraphic accounts of the two latest engagements:

THE LOUISVILLE RIOT.

LOUISVILLE, Sept. 23.—A gentleman who arrived in the city last evening from Sanford, reports that about fifty men had banded together in the county of Pulaski, in this State, for the purpose of punishing a white man and a negro who are reported to have been the leaders in the numerous outrages secretly committed in that section. But by some means the white man and negro became aware of the intention of the regulators, and upon gaining the information, they immediately called together one hundred of their friends, and being well armed, waited in ambush for their expected visitors, and as the regulators approached the house of the white man, they were met with a volley from the concealed party, killing one of their number and seriously wounding three others. The greatest excitement prevails in that region, as the regulators were so exasperated by the killing of their comrade that is feared all of the suspected party will be killed in retaliation.

THE NEW ORLEANS RIOT.

NEW ORLEANS, Sept. 23.—The trouble last night originated from a man on the sidewalk shouting for Seymour and Blair as the rear of the Republican procession passed, shouting for Grant and Colfax. The negroes in the procession are said to have rushed at the Democratic shouter, who took refuge in the confectionery at the corner of Canal and Bourbon streets.

The attendants commenced closing the doors, when the negroes demolished the glass windows and doors. Indiscriminate firing commenced, when the negroes ran, but returned, when they became involved in a row with a portion of a white Democratic club, and several of the latter were hurt. The white club were unarmed, except with their torches.

The negroes spread through the Second district, demolishing the windows of the confectionery at the corner of Rampart and St. Peter streets, which they also set fire to. The building was saved by the timely arrival of the policemen.

One negro was killed, and, as far as ascertained, a number of both colors were wounded. It is stated that several policemen were slightly hurt. There is but little unusual excitement this morning.

"Let us have peace!" with the election of Seymour and Blair, for Grant is pledged to carry out the policy which has brought about this terrible state of affairs in the South.

THE commissioners sent from Japan to the United States to purchase vessels of war, and who recently returned to Japan in the ram Stonewall Jackson, have fled to San Francisco, it being unsafe for them to remain in Yokohama during the present political disturbances. The leaders of the Southern faction have threatened to decapitate them if captured. The earthquake wave occurred in the harbor of Yokohama the day following that convulsion of nature in South America.

THE Lancaster county Democracy have nominated H. B. Swarr as a candidate for Congress for the long term, and Robert Crane for the short term. The nominations for Assembly are: H. S. Kerns, Dr. H. Reemsnyder, Lieut. J. M. Johnston, W. W. Steele.

CONGRESSIONAL NOMINATIONS.—The nominations for Congress, in Pennsylvania, for this fall, are given below, together with the majority in the district in the Congressional election in 1866:
