This Company insures all kinds of property against loss or damage by fire at rates as low as any other reliable Company and upon every plan known to Stock Insurance Companies.

Perpetual Policies issued, requiring no renewal, and upon which the Amount of premium paid can be reclaimed at any time, less a deduction of five per cent. The advantages of this method are worthy of the attention of farmers and others having first-class dwelling houses, barns and other buildings in town or country, as being the cheapest and safest.

Policies for one, two, three, five or more years or for less than one year, issued and no charge made for Policy and survey when renewed or when insurances are transferred from other companies.

The citizens of Reading and vicinity, hitherto dependent mainly upon foreign companies, have now the privilege of effecting their insurances in a home institution, well organized, with an adequate paid in and guaranteed capital, presenting to all as a basis of security as that of any other company. The advantage of doing business directly with the Company and the importance of keeping some portion of the large sums paid for insurance in circulation at home, will be appreciated by all.
