Is expected to arrive in Reading,

From the West, and will

[redacted] MOUNTED MEN

Will escort Seymour and Blair

(From the New York Express.)

I am now ready to wager *One Million Dollars Cash* on the result of the November election, as follows:

Two Hundred and Fifty Thousand Dollars that Grant will not receive a majority of the electoral votes of the United States, or a majority of the votes cast by the people.

Two Hundred and Fifty Thousand Dollars that Indiana and Pennsylvania will, in November, go for Seymour and Blair.

Two Hundred and Fifty Thousand Dollars that New York State will go for Seymour, Blair and Hoffman.

Two Hundred and Fifty Thousand Dollars that Seymour and Blair will be elected President and Vice President of the United States.

Can be seen from 10 a. m. until 4 p. m., from this date to Oct. 28th, at my *Drug Store*, No. 694 Broadway.

As to integrity, I refer to Governor Curtin, of Pennsylvania; Ex-Governor Joel Parker, of New Jersey; Ex-Governor W. H. Minor, of Connecticut; Hon. D. S. Barnes, of New York; Wm. Weigandman, firm of Powers & Weigandman, Philadelphia; and as to dispatch and ability to the leading Druggists and Publishers in the United States.

H. T. HELMBOLD, New York.

[redacted] TO BLUNDER FOR MASSACHUSETTS.

The Phila. Evening Herald says:

"Colonel Gardner Tufts, the Massachusetts State Agent, has just succeeded in effecting a final settlement of the Massachusetts war claims, which have realized for the State $1,000,000 in addition to the $670,000 allowed by the Department last spring. All of the items making these amounts had been once rejected and disallowed.

"The United States Treasury is apparently intended only for the benefit of citizens in and New England. Massachusetts will be from the seat of war, and will not be pressing claims whatever, in comparison with other and more exposed States, and yet she is presented with nearly one million dollars of the people's money to repay her soldiers towards for their trouble and expense in hiring unfortunate foreigners to do their fighting. Mock Grant and Colfax and then see if New England does not get the lion's share of the national property.

HON. HORACE GREELEY addressed the citizens of New York last evening, in his usual able manner, on the political issues of the day. Mr. Clymer is one of the most effective public speakers in this country, and those who had the closest attention of the audience. His reception was quite enthusiastic, and his address was greeted with frequent applause.

[redacted] papers say that Chief Justice Chase refuses to take the place of Mr. Seymour on the Democratic ticket for the Presidency. It might be as well for him to wait until the Democracy ask him.

Grant would give the "peace of Ireland and Poland—the peace of despotism, desolation and death.

[redacted] REPUDIATED.

President Johnson has written a letter to Gen. Ewing, in which he gives the following startling evidence of Radical extravagance, which we recommend to the notice of our readers:

"An investigation into the disbursements since the first of July, 1865, further shows that by adding to the expenditures of the last three years the estimated cost of administering the Government for the year ending the 30th of June, 1869, we obtain the sum of sixteen hundred million of dollars as the amount required for the four years immediately following the cessation of hostilities, or nearly as much as expended during the seventy-two years that preceded the war. It will be seen from this brief review that from 1791 to 1861 our public debt was at no time more than one hundred and twenty-seven million of dollars, while subsequently four years of civil war expanded it to twenty-eight hundred million. It will also be perceived that while prior to 1861 the largest annual disbursement was not quite seventy-four million for the year 1856, the expenditures during the last three years of peace have successively been five hundred and twenty million, three hundred and forty-six million, and three hundred and ninety-three million, three hundred and seventy-two million being the amount which it is estimated will be necessary for the year ending the 30th of June next. In making this comparison we should remember that during the long interval between 1789 and 1861, the Government was frequently required to make expenditures of an extraordinary character. Large sums were paid to Indians as annuities and for the purchase of their lands, and expensive wars were waged against powerful tribes. Louisiana was acquired from France at a cost of fifteen million dollars. Florida, in consideration of five million, was ceded to us by Spain. California became a part of our possessions on payment to Mexico of fifteen million, while for ten million our Government secured from Texas the Territory of New Mexico. During these periods of our history, we were also engaged in wars with Great Britain and Mexico, the first waged against one of the most powerful nations of the world, the other made additionally expensive by the prosecution of military operations in the enemy's territory. The startling facts thus concisely stated, suggest an inquiry as to the cause of this immense increase in the expenditures and indebtedness of the country.

"Fellow-citizens, can you afford four years more of Radical wastefulness. If not, vote for Seymour and Blair, who are pledged to reduce the national expenditures.

MORE RADICAL RASCALITY.

A man named Smith, Radical Election Judge of the Fifth division of the Twenty-fourth ward, was before the same alderman charged, on the oath of John Murphy, with refusing his vote on election day, he at the time being a qualified voter. Mr. Murphy swore that he was a naturalized citizen, and a resident of the United States thirteen years. Henry Stang, who had been eight years in the country, and came here before he was seventeen, was similarly served, and made a similar complaint. Two other charges were made against Smith of the same kind, whereupon the alderman held him under $2,000 bonds in each case to answer at court.

On election day Jacob Harrington, who has been for forty years a voter, has served twenty-eight years in the navy and six years in the army, (serving through the whole war) was arrested on that day on a trumped up charge of illegal voting, and held all the following night. He had the policeman who confined him, a man named Catern, arrested and bound over by Alderman Hurley for false arrest and imprisonment.

Constable Meade, of the Fifth ward, wants information of the whereabouts of Robert Peacock, a special police officer of the Mayor upon last election day, who is charged, before Alderman White, with committing assault and battery upon Democratic citizens at the polls of Seventh precinct, Fourteenth Ward.

Daniel Bunting and Theodore Brackney, Radical Judge and Inspector of the Fifth division of the Tenth Ward, appeared before Alderman Delaney, charged on the oath of John Johnson with refusing his vote on election day, stating that his papers were fraudulent. They were held under $1,000 bail each to answer the charge at the next term of court.

J. Ross Kemble, a Radical Judge of election, in the Eighteenth ward, was before Alderman Dougherty, yesterday afternoon, charged with refusing the vote of a qualified voter on election day. He was held under $1,000 bail to answer the charge at the next term of the court.

Arthur Steward, No. 2409 Howard street, was arrested for stealing the election papers of Eberhart Muckenfuss. Mr. Muckenfuss had expressed his intention to vote the Democratic ticket.

The Radical election officers of the Sixth division of the Twenty-fifth ward have been held to court by Alderman Hurley for refusing the votes of Charles Parsons and Patrick O'Neill, residents of the division. Parsons came to this country in 1847 and was naturalized in 1852. O'Niell was similarly situated.—*Philadelphia Evening Herald.*

The Conference Judges of the Twenty-first District having split, and sent in two returns, the Governor is holding the matter under advisement as to the certificate. The majority in this despatch is not from the Conference Judges' returns, but from the several county judges' returns.

The New York correspondent of the Phila. Ledger says: "A German paper this morning contained an advertisement announcing that 50 men were wanted at 199 Broadway, at the rate of $6 per week. At 8 o'clock, when the store was opened, there were not less than 500 men gathered about the door, and six policemen, club in hand, were wholly unequal to the task of keeping back the crowd, which increased every moment, until at 9 o'clock, the advertiser announced that the quota was filled." Radical rule makes fine times for workingmen. Rah for Grant.

The Army Vote.

WILMINGTON, Oct. 27.—[redacted] received the Delaware [redacted] figures is 2,468. Thirty-four counties to hear from. The Army Expedition [redacted], except Preston, Montgomery, and Chester, are all included in the above. If the counties yet to here from the new registration was heaviest, and from them the Democrats are confident of much larger gains. Both sides still claim the State.

LOUISIANA.

The Radicals Getting Alarmed.

NEW ORLEANS, Oct. 27.—The city to-day is quiet. The Radicals are very much alarmed at the prospects of carrying the State. Everything is black and lowering. The heavy registration in this city has a particularly depressing effect. They are casting about for means to save themselves. Two plans have already been broached—a declaration of martial law, or an entire abstinence from voting on the part of Radicals. In case of the trial of either plan, they hope to win.

Another Express Robbery.

CHICAGO, Oct. 27.—At Wabasha, Minn., on Saturday night, three men entered the American Express at the Northern Packet Company's office and asked for a ticket to St. Louis. While the agent was getting change, one of them stepped behind the railing, clapped a plaster over his mouth, and bound him, while an accomplice ransacked the safe of the money, to the amount of two thousand dollars. They then escaped, locking the agent in.

BY THE CUBA CABLE.

HAVANA, Oct. 26.—Lersundi has received satisfactory news from Manzanilla. Two hundred insurrectionists had surrendered to the troops. A detachment of troops, sent to arrest the insurgents at Tunas, had fought a battle on the outskirts of the town, and dispersed the insurrectionists. The troops captured their cannon, flag and correspondence. The latest intelligence from the interior reports that the Government troops are acting with vigor. The rebels are sacking and robbing the plantations.

The reinforcements sent from Havana had not yet arrived at the scene of disturbance. It is reported that the negroes, with the insurgents, have under them white servants, whom they compel to address them as masters. The telegraph lines have been cut twelve times within ten days. The insurrection is confined to a small district in the interior. The rest of the island is quiet.

HAVANA, Oct. 27.—Captain General Lersundi to-day received a telegram reported that a battle had been fought between the regular troops and the insurgents on the Contremaistre River. The latter were defeated, leaving many horses and three prisoners. The insurgents carried off their killed and wounded.

TELEGRAPHIC SUMMARY

WEDNESDAY, Oct. 28.—

Fights occurred at New Orleans yesterday between whites and negroes, several on both sides being killed. White policemen are being appointed in place of the negro police, who have failed to report for duty. Governor Warmouth has issued a proclamation requesting abstinence from political processions until after the election. The report that a woman was among the killed in St. Bernard parish is contradicted.

General Frank P. Blair addressed a Democratic mass meeting at Tammany Hall, in New York, last evening.

It has been decided by Commissioner Rollins that restaurant and hotel keepers who sell over $25,000 worth of liquor in a year must be classed as wholesale dealers.

A fire at Binghampton, N. Y., yesterday, destroyed $50,000 worth of property, and one at Lawrence, Mass., caused a loss of $20,000. A business block in Ipswich, Mass., was yesterday destroyed by fire, and a man was injured by a kerosene explosion. Several buildings in Yonkers were also burned, causing a loss of $85,000.

General Rousseau has sent to the War Department an official report of the St. Bernard riots, and has been instructed to use necessary measures to preserve order.

The Republican members of the Oregon House of Representatives have resigned, leaving that body without a quorum, and appropriation bills yet to be passed.

The monetary excitement in New York quite overtops, for the moment, the political agitation. At the Clearing House yesterday afternoon, the Bank of the Commonwealth stood creditor to the amount of $1,486,000, and the Bank of the Republic $881,000. The Bank of Commerce converted some three per cent. certificates, and loaned a million and a half, which helped to relieve the market. Another bank sent off $200,000 to the South. The Produce Exchange is suffering severely from the pinch, but fortunately there have been no failures as yet.

Dr. McCosh was inaugurated President of Princeton College yesterday, in presence of a large assemblage.

There was another sharp earthquake at San Francisco, on Monday night, but it did no damage.

Louis Meisger set fire to his house, and then shot himself, in Buffalo, yesterday.

Extensive mail robberies have been discovered at Toronto, but the robbers are not known.

An attempt was made by the registration board in Missouri to disfranchise Gen. Frank P. Blair, Jr., on the ground of disloyalty, but after being held under advisement, his name has been placed on the list of voters.

Five hundred Cotton Factory operatives are on a strike in Philadelphia, against a reduction of fifteen cents per piece.

Thomas McCarty is to be hung to-day, at Franklin, Venango county, Pa., for murder.

A flock of ants, ten miles in width, recently swept across Shasta Valley, Siskiyou county, California.

The Pennsylvania Adjutant General's Department at Harrisburg reports that arms were sent to two organized militia companies yesterday—the Fitzlton Zouaves, and the Emmitt Guards, of Wilkesbarre. Elections have been ordered for officers of militia companies at Salem Cross Roads, Westmoreland county, and Noblestown, Allegheny county.

Serious Blunders in Voting in Ohio.

James A. Norris, instead of John A. Norris, was voted for in the following counties: Hancock county 2180; Henry county, 1044; Ottawa county, 428; and Stark county, 5390. For same office in Dark county 8348 votes were cast for Samuel E. Kirkwood, and in Lawrence county 458 votes for J. F. Kirkwood. The Democratic candidate was Samuel J. Kirkwood.

For Supreme Judge, Stark county cast 5088 for William A. Finck, instead of William E. Finck.

For Clerk of the Supreme Court, Summit county gave 2500 votes for John H. Webb, and Ross county gave 3766 votes for John M. Webb. The name of the candidate was John M. Webb.—*Columbus* (Ohio) *Journal, Oct. 24.*

THE WORKING PEOPLE.—The international Division of Locomotive Engineers commenced its annual session in Chicago on Oct. 21. About one hundred delegates were present, from all portions of the United States. The Grand Chief Engineer delivered the regular annual address, in the course of which he said: "Particular attention should be directed toward investigating the causes of so many fatal accidents by boiler explosions." The Society of Miners of Klausthal, Hanover, has forbidden the employment of children under 16 years of age during the night in any mining work, and during the day in any kind of injurious labor.
