

D. L.—Meet Second, 7 1/2.

A SOLDIERS' MONUMENT was spoken of in this city some time ago. We hope the project has not failed.

A GOOD IDEA.—A number of young men of this city talk of purchasing farms in West Virginia, and making that State their future home.

THE BALL.—The Keystone Second Nine and the Schuylkill Second Nine will play a match game this afternoon at the Keystone grounds.

GRAND JURY.—The First Grand Jury of the "L. B. Association" will take place at Adelphi Hall, on Wednesday evening, November 22nd. Prof. Kochell's Coffin Band has been engaged for the occasion.

POLICE INTELLIGENCE.—Thomas Murray was brought to the lock-up yesterday by officer Haggerty, for being drunk and disorderly. Thomas had no money to pay his fine this morning. He was sent back to stay it out. Fourteen lodgers found shelter in the station house last night.

IMMACULATE HEART OF MARY.—The Sisters of this society of learning purpose holding their annual fair in the ensuing month at Liberty Hall (late Odd Fellows'). From the preparations undertaken, we are sanguine the occasion will be one of unqualified interest, and form, both for extent and variety in the useful and ornamental departments, a source of attraction to our citizens who have hitherto patronized and appreciated the successive fairs held under the auspices of the ladies connected with this Academic institution.

A HANDSOME PIECE OF MARBLE WORK.—Mr. H. F. Strecker, marble cutter, in Chestnut street between 6th and 6th, this morning packed a handsome piece of marble work, which is to be sent to Mr. Drexel, the banker, in Philadelphia, and which is intended for his private residence. The work is a vestibule, made of the finest Italian marble. The bed or plate is six feet five inches long and three feet five inches wide, in the center of which is laid a shield, the dimensions of which are 16 by 19 inches. This shield is of Irish black marble, inlaid with the figure of an antelope in white statuary marble, and portions of it in red Lisbon marble. The hoofs and horns of the figure are of the finest pearl. This is a beautiful piece of work, and reflects much credit upon the establishment of Mr. Strecker.

TO CURE A COULD.—The following is from Hall's Journal of Health: "The moment a man is satisfied that he has taken cold, let him do three things: First, eat nothing; second, go to bed, cover up, in a warm room; third, drink as much cold water as he can, or as he wants, or as much herb tea as he can, and in three cases out of four he will be well in thirty-six hours. To neglect a cold for forty-eight hours after the cough commences is to place himself beyond cure, until the cough has run its course of about a fortnight. Warmth and abstinence are safe, certain cures, when applied early. Warmth keeps the pores of the skin open and relieves it of the surplus which oppresses it, while abstinence cuts off the supply of material for phlegm, which would otherwise be coughed up."

THE CHEAPEST BAROMETER.—Spiders are the cheapest as well as the best barometers in existence, inasmuch as they tell what the weather will be for some days to come, while the scientific arrangement only indicates the weather that is immediately to visit us. A few instances are given, which will be well to recollect. If the weather is likely to become windy or rainy, the spiders will make the terminating filaments or fastenings, on which their webs are suspended, very short and firm. But if they make them uncommonly long, the weather will continue pleasant for a number of days. It is usual for spiders to make alterations in their webs once in twenty-four hours. If they are indolent, and do not watch for flies, rain may be expected. When spiders stay out upon their webs during a shower, and seem actively engaged in putting affairs in good condition, you may take it as a proof that the rain will soon be over, and the weather again clear and pleasant.

IMPORTANT TREASURY CIRCULAR.—The Treasurer of the United States has addressed the following circular to Assistant Treasurers and designated depositaries of the United States: Treasury Department, Treasurer's Office, Washington, Nov. 13, 1888.

Sir:—You will please select from the United States legal tender notes that you may have on hand, on the receipt of this, and from those that you may receive at any time thereafter, all notes which are mutilated, and, in your opinion, so much soiled, defaced or worn as to be unfit for circulation; also all notes of the denomination of fifty dollars. It is the desire of the Department, as these have been successfully counterfeited, to withdraw all of this denomination from circulation.

You will also retain all notes issued under the acts of February 25, 1862, and July 11, 1862, known as the convertible issue of legal tenders, or those bearing upon their back the legend of which the following is an extract: "And is exchangeable for United States six per cent. twenty year bonds, redeemable at the pleasure of the United States, after five years." It is desirable to withdraw these notes as speedily as possible, as this office is daily in receipt of letters from individuals who are still persistent in their requests to obtain bonds for them, although the time allowed for such conversion has long since expired, as the following clause from section three of the act approved March 3, 1863, will show:

And the holders of United States notes issued under and by virtue of said acts shall present the same for bonds, as therein provided, on or before the 1st of July, 1863, and thereafter the right to exchange shall cease and determine.

You will then please hold all the notes mentioned and advise me of the amount, that the same may be transferred here for redemption and new notes issued in lieu thereof, or you may at any time remit them in sums of \$1,000 or any multiple of that sum through Adams Express Company, or any express company connecting with that company, at government expense, in the same manner as mutilated fractional currency is now forwarded to this office. All such remittances may be charged to this office in account as a transfer of funds, or you may receive at your option a check on New York, Boston, Philadelphia, New Orleans, San Francisco, or new notes of such denominations as you may designate, will be transmitted to you in exchange by Adams Express, free of charge.

E. F. SPINNER, Treasurer of the United States.

THE ALEXANDER CASE.—The case of the "United States vs. George W. Alexander," late Internal Revenue Assessor of the Merks District, in Philadelphia, in the U. S. District Court, in Philadelphia, in the forepart of the week. We understand that true bills were found upon several indictments, charging Col. Alexander with receiving a bribe, and conspiring to defraud the Government, in one of which Messrs. Moritz and Groff, the absconding Assistant Assessors, are also implicated. The case will come up for trial before Judge Caldwell on the first Monday of December next.—Col. Alexander renouncing his bail for appearance at that time. We further understand that Jacob Hoffman, Esq., of this city, and F. W. Hughes, Esq., of Pottsville, will conduct the trial on the part of the defendant.—Journal.

RELIGIOUS INTELLIGENCE.—Universalist Church.—The Fifth Lecture of the Course on the History and Doctrine of the Sects, will be delivered to-morrow (Sunday) evening, by the Rev. B. Peters. Subject—"Methodism." The public are respectfully invited.

2d Reformed Church.—South 6th st.—A series of catechetical services will be commenced by the Rev. C. F. McCauley this evening at 7 1/2 o'clock. Preaching to-morrow at 10 a. m. and 7 p. m., and the usual services on Wednesday at 7 1/2 p. m.

St. Peter's M. E. Church.—South Fifth street, Rev. Dr. Pattison. Rev. J. A. Wood will preach to-morrow morning and evening, Sunday School 1 p. m.

St. Peter's M. E. Church.—Fifth St.—Rev. R. H. Pattison will preach in this church to-morrow morning and evening. Rev. Calvin Fairbank will preach in the Washington street Presbyterian Church, above 10th, on to-morrow (Sunday) afternoon at 2 1/2 o'clock. The public are invited.

Our Hamburg Letter.

HAMBURG, Nov. 21st, 1888. Editor DAILY EAGLE:—All the creeks have been swollen to such a height in this part of the country, from the recent heavy rain storm, as to make the roads, for a day, almost impassable, and few farmers were visible on the streets of our borough in consequence, giving to it a remarkably dull appearance and a dullness to trade, not very encouraging to our merchants who have but lately purchased, heavily, full and winter goods.

The menials are raging here to an alarming extent among the children. At least one half of those attending the primary department of the public schools of this borough, are sick with it.

The rolling mill of the Hamburg Iron Co., which was idle for a few days, in consequence of needed repairs, has again gone into operation.

The Union Fire Co., No. 1, of this borough, which has been inactive for some time, has again been organized, and its members are urged by the borough authorities to hold regular stated meetings, they having to defray all expenses incurred in furnishing the Hall, fuel, light, etc.

On to-morrow evening, the members and teachers of Emanuel Sunday School will hold a meeting in the basement of said church, when questions in relation to the efficiency of Sabbath Schools will be discussed, and the best methods of conducting them.

Mr. Jonathan Grim, of Auburn, Schuylkill county, purchased of Jeremiah Balt-haser of Upper Bern township, this county, a house, situated on White Oak street, this borough, for \$1,000.

The series of meetings being held at the M. E. Church, are largely attended by the young people.

Now that the columns of the EAGLE are open to the discussion of questions relating to schools, it is to be hoped the teachers of this county will avail themselves of this generous offer.

THE MAN ABOUT TOWN.—The horse and buggy stolen from the stable of Daniel K. Hunter, in Oley township, some time ago, was recovered the other day in Jersey City, N. J.

The firm that went under was infirm. Public debating societies show brains, and sometimes the lack of them.

The "Unionville Harmonian Association" will give a Concert at Birdsboro this evening.

Home is a good thing—or ought to be; and yet many wish it further. Of this class are our married men. Their wedding ring has been transferred to the nose.

Wm. H. Rhode, Esq., real estate agent, sold a frame house in North Eleventh street, Reading, to Jared Miller, of Hamburg, for \$1,350.

Frederick Lauer, Esq., has just purchased two cargoes of Canada Barley Malt, which cost, delivered, \$35,000. The expenses of freight, insurance, etc., are included in the above amount.

Master Hains, a son of Mr. Frederick Hains, was thrown off a horse yesterday afternoon, while riding up Penn street. He was not seriously hurt.

Yesterday morning a dog got into the back yard of Mr. Honein's residence, on Penn street, below Fourth, and killed twenty-three chickens and two ducks. That dog was anticipating Thanksgiving day.

Adjectives of rose and gold colors come as naturally to ladies from 10 to 25 as the desire for dress, marriage, an establishment and other little arrangements of a kindred character. Young ladies are nothing if not adjectively so.

Fixtures of society—old maid's, (the fixtures—old bachelors. Clocks and dilapidated girls resemble each other in keeping their hands before their faces.

The best time the human race has ever made is—in the chronometer watch.

An election for Chief Engineer of the Reading Fire Department will take place in January. There are already nine aspirants for the position.

A gang of gypsies passed down Penn street yesterday afternoon.

A little while remains for invalids to enjoy outdoor exercise. Like the core of a melon, the core of the days thus far has been delicious.

THE MARKETS.

DAILY REVIEW OF BUSINESS.

READING, NOV. 21, 1888.

IN Philadelphia, the money market is growing easier, and the demand for capital has fallen off. We quote "call loans" on Government bonds at 6 1/2 per cent, and on mixed securities from 7 1/2 per cent. There was a firmer feeling at the Stock Board yesterday morning, with considerable speculative movement in Reading R. R., but the transactions in the better class of shares and bonds were limited. There was no notable change in Government and State loans. City loans were firm at 102 for the new issue. For Lehigh (old Loan) was 95 and no other offered at this figure.

Reading R. R. fluctuated between 49 1/2 and 50 1/2, closing at the latter figure, with large sales. Pennsylvania R. R. was firm at 63 1/2; Mine Hill R. R. at 58; Camden and Amboy R. R. at 123; Little Schuylkill R. R. at 45; Lehigh Valley R. R. at 55; Catawissa R. R. preferred at 30 1/2; and Philadelphia and Erie at 25 1/2.

In Canal, Bank and Passenger R. R. shares there were no sales.

[Upon the N. Y. Herald of yesterday.] "Money was easy at six per cent, with frequent transactions at five and fewer at seven. The latter was at the bank rate, but it was not sustained. The banks turned their attention in consequence to the market. The brokers have large cargoes, which their customers are afraid to venture in the present uncertain state of the stock market.

It is estimated that the price of gold is 134 1/2, and the price of silver is 134 1/2. The price of gold is 134 1/2, and the price of silver is 134 1/2.

MONEY MARKET.

Dushong & Bro., Bankers, No. 16 North 6th street, quote as follows: READING, Nov. 21, 1888.

Old U. S. 6's 1881 114
Old U. S. 6's 1882 114
Nov U. S. 6's 1881, July and Jan. 110 1/2
Nov U. S. 6's 1882, May and Nov. 107
Nov U. S. 6's 1883, July and Jan. 109 1/2
Nov U. S. 6's 1884, May and Nov. 106 1/2

The New York Markets.

Review for the week ending November 21st. This business week, which has been so depressed for the past few days, has been relieved by the bull party, to show signs of relief on the part of the market, but as yet we see nothing of the kind. Prices are still higher, but consumers do not touch the goods if they can avoid it. The advances cannot be sustained.

COTTON.—The demand has been fair but the market is irregular. The low grades were plenty and sold at a fair price, but the higher grades were scarce. The market was quiet, with few sales.

WHEAT.—The market was quiet, with few sales. The price of wheat was 1 1/2 per bushel. The market was quiet, with few sales.

GRAIN.—The market was quiet, with few sales. The price of grain was 1 1/2 per bushel. The market was quiet, with few sales.

MEAT.—The market was quiet, with few sales. The price of meat was 1 1/2 per bushel. The market was quiet, with few sales.

Wool.—Business in this branch of trade the past week has been a little more active, still the transaction is not very brisk. The price of wool was 1 1/2 per bushel. The market was quiet, with few sales.

Swine.—Receipts 23,750, or 1,200 less than last week. The arrivals were very light, the latter part of the week, and the market was quiet. The price of swine was 1 1/2 per bushel. The market was quiet, with few sales.

Is Philadelphia, there is no essential change in the market, and we continue Thursday's quotations with the exception of the better grades is reduced to a very low figure, and the receipts are light. Sales of 500 barrels Northwest and 500 barrels Pennsylvania and Ohio do. at \$15 1/2 @ 16; some fancy at \$16 1/2 @ 17; extras at \$16 1/2 @ 17; and Superfine at \$17 1/2 @ 18. The market was quiet, with few sales.

The market is poorly supplied with good wheat. The price of wheat was 1 1/2 per bushel. The market was quiet, with few sales.

The market is poorly supplied with good wheat. The price of wheat was 1 1/2 per bushel. The market was quiet, with few sales.

The market is poorly supplied with good wheat. The price of wheat was 1 1/2 per bushel. The market was quiet, with few sales.

SNOW.—A snow storm prevailed at Harrisburg yesterday.

BUSINESS.—The streets were lively this morning and the stores came in for a good share of business.

BANKRUPT.—After the first day of January, 1889, persons must pay fifty per cent. of their indebtedness to receive a discharge under the bankrupt law.

ANOTHER MONSTER PUMPKIN.—Mr. William J. Loehman, of Hamburg, raised a pumpkin which measured 53 feet in circumference and weighs 80 pounds.

MORE CANDIDATES.—Dr. Leisher Trexler, of Longswamp, and J. G. Seltzer, Esq., of this city, are candidates for the Collectorship of Internal Revenue for the 8th District.

TRAINS DETAINED.—In consequence of a break down of a coal train a few miles below the city, the up passenger trains due here at 10.10 and 10.30, were detained until 12 o'clock.

AN ATTEMPT TO ROB.—An attempt was made on Wednesday night to enter the residence of Matks Behm, in Fourth Sixth street, near Franklin. The thieves were driven away.

PRISONER TAKEN TO LEBANON.—Michael Seiders, the safe robber confined in the Berks county Jail, was taken to Lebanon this morning by officer Chay, to give testimony at the Lebanon county Court.

GOING TO THE INAUGURATION.—The Washington Hose Company has made arrangements to take fifty men to Washington on March 4th. John D. Mishler, W. G. Von Neida and James H. Gentzle, Esq., have been appointed the Committee of Arrangements.

FEMALE CLERKS.—So many clerks are proving defaulters, we wonder employers do not employ young women instead of fast young men. The girls don't go on henders, and spend their employer's cash, and many of them are well qualified to perform the duties of a clerkship as the generality of young men.

LATE HOURS.—Too much license is given by parents to their children in permitting them to remain on the streets at unreasonable hours. Parents should curb their offspring while yet tractable, and the instillation of corrupt principles will be prevented. Nothing is so fruitful of early vice as the practice of keeping late hours.

IN THE Second Convention of the General Council of the Evangelical Lutheran Church in America, assembled in Pittsburgh during the past week, there were present as representatives for the Lutheran churches of Reading, the following named delegates: Revs. B. M. Schmecker and J. Fry, and Messrs. H. H. Mulkenberg and Horatio Trexler.

IMPROVED MONKEY WRENCH.—Mr. A. C. Greth, of Reading, has just received a patent, dated Nov. 17th, 1888, for an improved monkey or key wrench, for screwing up pipes, studs, or any round or irregular forms. It is a very useful implement, and displays much ingenuity in its construction. Mr. Greth is deserving of the thanks of mechanics generally for this much-needed improvement.

THE LIBRARY ROOMS are well-attended at the present time. Every evening, the tables are surrounded by young men and women, reading over some books; while others, who are not so easily pleased, are looking over the titles of the books on the shelves, to see if there is anything there that will suit their tastes. There can be no better place for the young to spend these long winter evenings than in the Library Rooms, and we hope to see them even better attended than they now are.

COAL.—The demand for coal is slackening off a little, and the price of Stove and Egg coal has receded, in order to keep the trade moving. The fall in stove from the highest point has reached nearly two dollars a ton; and unless there is a reduction in the recent advance in wages, at the end of the month, caused by the advance in coal, many of our operators will find it necessary to suspend operations at the close of this month. A reduction in the rates of transportation ought to take place also after this month, as they are higher now to Philadelphia than they were during the Rebellion.—Miners' Journal.

A GRAND SHOOTING MATCH, for six turkeys, took place at the White House yesterday afternoon. The first three turkeys required good marksmanship. They were put singly in a box, so as to expose only the head and neck as a target. The others were won alive by shooting at a piece of pasteboard, with a white bull's eye in the center.

Everything being prepared by our friend Edward A. Mass, landlord of the White House, who is a capital host, and knows how to make his guests enjoy themselves, the firing commenced. The distance was sixty yards, "off hand" (without rest) with short target rifles, carrying a small round ball, at 25 cents a shot.

Fourteen shots were fired at the first three turkeys before their heads were shot off. The first was won by John Undheim, the second by Joseph Lutz, and the third by Louis Swayne. The shooting was excellent.

The shooting at a mark then took place, in which the following marksmen, all splendid shots, participated: Adam Hoff, Joseph Lutz, Adam Faust, Joseph Schmecker, C. W. F. Hoffeldt, Trexler, J. Kantner, Louis Swayne, Nelson Delany, John Ernst and John Undheim.

The first of the three remaining turkeys was won by John Undheim, the second by Adam Faust, the third by Nelson Delany. The prizes then stood as follows:

1st and 4th turkeys, won by John Undheim; 2d by Joseph Lutz; 3d by Louis Swayne; 5th by Adam Faust; 6th by Nelson Delany.

The best shot during the match was made by John Undheim, the next best by Nelson Delany, and the third best by Joseph Lutz. Although the wind was too strong and fitful, and the light varying, causing most of the shots to go slightly to the left, the shooting was excellent.

Our friend A. S. Witman, late of the Daily Times, who acted as marker, has our thanks for favors rendered.

ADVERTISE IN THE EAGLE.

TO GENTLEMEN IN THE IRON, INTEREST AND OTHERS.—Proposed Grand Railroad Excursion from Allentown and Philadelphia to the Great Cornwall Ore Banks near Lebanon, Pa., on Monday, November 30th.

Few are aware that Pennsylvania can boast of a Mineral mountain, or deposit in the very center of the richest agricultural districts of the State, equal in importance to the famous Iron Mountain of Missouri. In addition to a vast deposit of iron, extensive veins of copper and other minerals are found.

It is suggested that arrangements be made by our citizens, for an excursion from Allentown as above, to join a similar one from Philadelphia; meeting at Reading, from thence to Lebanon and to the Ore Banks only five miles distant, to which there is a Railroad—ascending the "Ore Mountain" by spiral ascent—equally novel in its arrangement to that of the Switch-Back at Mauch Chunk.—Allentown News.

ACCORDING to the provisions of the Revenue Law, all persons who have more than fifty gallons of spirituous liquor in their possession, are required to return them to the revenue officer, John H. Zell, U. S. Gunger for this District.

NEWS ITEMS.—The Falls of Idaho are said to be four hundred yards wide. The rapids form a series of cascades ranging from twenty to sixty feet in height. The Falls proper leap two hundred and ten feet in one unbroken mass. The contour of the Falls is not unlike that of a regular horse-shoe. From this it will be seen that Idaho Falls amount to Niagara Falls in sublimity and grandeur.

Two large bears were killed last week in Clarion county. One was shot not far from Strattanville, by Mr. Hanbold, and weighed nearly four hundred pounds. The other was killed near Jones & Johnson's mill in the upper part of Clarion township, and weighed over four hundred pounds. Such game will excite the hunters, and we expect to hear of more such animals having been killed.

Hon. Wm. Everhart, of West Chester, a well known citizen of that section of the State, died on Friday, 6th inst., in his eighty-fourth year. Mr. Everhart represented the Chester and Delaware districts in Congress several years ago—we believe from 1862 to 1861.

A gray eagle was killed in Williamson County, Tennessee, a few days ago, which measured nine feet from tip to tip. He had to be shot three times before he fell. There are several others in the same neighborhood.

One night last week a huge shell duck, flying at great speed, struck one of the plates of glass constituting the sides of the great lantern of the Minot Ledge Lighthouse, in Massachusetts, and shattered it to atoms.

Two men were instantly killed last Monday, by the premature discharge of a blast in an ore bank belonging to the Johnston Iron Works. Their names were Meg and Noble, and both leave families.

The Richmond and York River Railroad Company have commenced the completion of their road to West Point, Va., and the track will be related the entire distance probably by the first of next January.

An Irishman at Bedford, who used some refuse gus home line on his potato patch, unexpectedly dug three hundred bushels of potatoes instead of a third that quantity, as formerly.

Persons being troubled with losing the hair, will find a superior remedy in Dr. Herber's Hair Restorer, imported exclusively by Mrs. Amelia Lacey, and for sale at her new Perfumery Store, No. 16 North Fifth street. She also imports directly from the manufacturers the finest Perfumery and Toilet Soaps, all of which are sold at very low rates. nov-21-1888

HOUSE-FURNISHING HARDWARE.—Knives and forks, spoons, looking glasses, color wash, builders' lamps, plated goods, &c., &c., at a great reduction in prices, by J. L. SITCHER, 545 Penn street, nov-20-1888

FRESH DRESS.—Dr. Light, No. 1 North Fifth street, Reading, Pa., has in his store one of the finest and best selected stocks of fresh dress in the city. Dr. Light and his assistant are always ready to wait upon persons who are in want, at any hour of the day, and will select and assist in the purchase of both accomplished dressmakers and gentlemen, vested in Phylanthropy.

GREAT REDUCTION IN PRICES.—Ladies desirous of purchasing Paris shawl suits at the National Fur Store, No. 21 Penn street, will find the best bargains in the city. The prices are reduced to a very low figure, and the quality is of the highest. The store is located where they will find a well selected stock of FURS, which will be sold at small profits.

Slippery variety of fancy furs, such as SLEIGHING, BUFFALO ROBES always on hand. All kinds of Ladies' Furs made to order, altered and repaired to the latest styles. oct-31-1888 J. LICHTENBERG

East Pennsylvania Railroad. SUMMER ARRANGEMENT, COMMENCING Wednesday, May 20th, 1888.

SIX TRAINS DAILY TO NEW YORK WITH ONE CHANGE OF CARS. On and after Wednesday, May 20th, 1888, two Passenger Trains will leave Reading daily, (except Sundays) for Allentown and way stations, at 10.30 A. M. and 4.30 P. M., stopping at all the way stations between Reading and New York, making also close connections for Mauch Chunk and Philadelphia via Lehigh Valley R. R., and arrive at New York at 8.30 and 10.15 P. M.

Four (4) through Express Trains will leave Reading daily, (except Sundays) for New York at 10.30 A. M. and 4.30 P. M., and at 4.44 and 7.06 A. M. and at 2.00 and 1.10 P. M.

These Trains run through from Pittsburgh to New York, without change of cars. Stopping only at Lyons, Allentown, Bethlehem, Pottsville, Hampton, Bummerville, Plainfield and Elizabeth, and arriving New York at 10.00 A. M., 12.00 M., 7.25 P. M. and 5.00 A. M.

The 8.00 P. M. train will not leave Reading on Mondays, Tuesdays, 7.00 A. M. and 11.40 P. M. train run daily, Sundays included.

Trains leave New York foot of Liberty street daily, (except Sundays) at 6.00 A. M., 12.00 M., and 8.30 P. M., and arrive at Reading at 1.50, 6.00 and 10.10 P. M., and at 1.00 and 2.52 A. M.

The 8.00 P. M. train from New York leaves daily, Sundays included. A Sunday Excursion Train will leave Reading every Sunday at 8 A. M., stopping at all stations and intermediate points. Arrive at Allentown at 10 A. M. Returning, leave Allentown, at 4.00 P. M. Arrive at Reading at 6 P. M.

Passengers are requested to purchase tickets before entering the cars, as extra seats are charged and collected on the train from all who pay the fare to the Conductor. June 25—C. S. TOLAN, Eng. and Supt.

DR. SWANEY'S ALL-HEALING OINTMENT.

For the cure of Tetter, Itch, Salt Rheum, Scald Head, Ringworms, Ringworms, Pimples, Blisters, Defects in the Skin, Herpes, Itch, Scars, Chronic Erysipelas of the Face, &c. For sale at the

351 PENN STREET.
