NEGRO OUTRAGES IN THE SOUTH.

The terrible outrages now being committed by the negroes in the South are creating much alarm throughout that section of our country. During the Presidential campaign all accounts of negro outrages were looked upon by many persons as merely sensational, and generally untrue. Such is not the case at present. The accounts of negro depredations come from sources which not even the most radical Republican can gainsay.

According to Radical arguments, the election of Gen. Grant was to bring to our country peace and prosperity. Thus far the success of the Radicals has produced decidedly contrary effects. An attempt is being made to show a slight reduction of the national debt for the month of December, but at the same time it is conceded that the debt increased *thirty millions* during the year 1868, and the monetary interests of the country were never in a worse condition. Instead of peace, we have armed negro guerrillas, acting under the authority of Radical military commanders, shooting, robbing, burning and ravishing throughout large sections of the Southern country. The negroes in Georgia openly declare that "the war has begun" and that they "will have the blood of every white man in the Ogeechee district,"—and they have seized and carried off to the woods the wives and children of the white men!

How long would such a state of affairs continue in the Northern States? Would our Berks county farmers permit their fields to be plundered, their employees fired at and sometimes murdered, and their helpless women and children carried away and ravished by brutal negroes? Far from it—they would accept the gage of a war of races, and such will probably soon be the result of the terrible state of affairs in the South. If the Southern whites resist the black militia they will be denounced as "rebels," and they well know it; but it is expecting too much of human nature to look for further forbearance on their part, and unless the military authorities of the United States interfere promptly and decisively, we may expect one of the most terrible wars of races that ever desolated any country, resulting in the slaughter of hundreds of thousands of white and black men, the desolation of entire States, and the final extinction of the African race in the United States.

JOURNALISTIC.—Brick Pomeroy's *New York Democrat*, has been greatly improved by the return of the inimitable "Brick" himself to his editorial position. He has issued the first number of *Pomeroy's Democrat*, a "red-hot" weekly, which takes the place of the *La Crosse Democrat*. "Brick" declares that he has not lost money on the *New York Democrat*, as alleged by his enemies, but that it has been a paying concern from the start. As we never yet knew a Radical editor to tell the truth about Mr. Pomeroy, we prefer to believe his statement rather than theirs, and we wish both of his papers, and their fearless editor, long life and unbounded prosperity.

The Philadelphia *Morning Post*, a well conducted, but ultra Radical paper, has been enlarged and greatly improved in appearance. It is one of the handsomest papers on our exchange list.

The Pottsville *Miners' Journal*—a mammoth sheet—has been still further enlarged by the addition of another column to each page. It is now, we believe, the largest newspaper in the State. It is the acknowledged organ of the anthracite coal interests, and though we cannot agree with its political sentiments, we are glad to note its success, which we hope may continue.

A Home Missionary Preaches to 3000 Mormons, Including Brigham Young.

The following letter from a Baptist missionary in Utah, which is published in the "Macedonian and Home Mission Record," may be of interest to our readers. It shows that the Mormons are not so intolerant as has been represented, and that there is still hope for these apparently abandoned polygamists:

SALT LAKE CITY, UTAH, *Nov. 23d*, 1868.

DEAR SECRETARIES:—We arrived here last Thursday. On our journey the stage was overturned, and the driver killed instantly. Jesus preserved us. I was invited to occupy Brigham Young's new Tabernacle on the Sabbath. It will hold ten thousand people. Though notice was short, between three and four thousand were present. I was permitted to conduct the whole service in my own Baptist way, surrounded by all the officials of this wonderful people. God my Saviour stood by me; and I never enjoyed more freedom and power in declaring the whole counsel of God.

The approving response that swelled up from the multitude, and from the officials (from the President down) who were around me on the platform, indicated that the heart had been touched, I hope, by the finger of God. I was surrounded at the close by numbers who expressed the hope that I would not leave the city.

Salt Lake City has a population of 24,000; Utah has 120,000. Three-fourths belong to the Utah church.

I have had an interview with the authorities and with the U. S. Land Agent to secure a lot for a Baptist church edifice.

JOHN FRANCIS, Missionary.

Commodore Wm. D. Salter, U. S. N., died on Sunday at Elizabeth, N. J., aged 74. He was the last survivor of those who fought upon the Constitution in her glorious action with the Guerriere.

The trouble in the Ogeechee district of Georgia has been quelled by the military, and the insurgents are giving themselves up.

The Indian War.

General Sherman has received a letter from General Sheridan, dated at Fort Cobb, December 10th, noting his arrival there on the 16th with General Custer's Seventh Cavalry and ten companies of the 19th Kansas Cavalry, in all 1,500 men. General Sheridan spent the day on Custar's battle field, and found the bodies of Major Elliott and eight soldiers, also the bodies of Mrs. Blenn and child, white captives in the Indian camp. Mrs. Blenn was shot through the forehead, and her child's brains dashed out. Gen. Sheridan followed on the Indian trail down the Washita, 26 miles, when he came to a camp of the Kiowas, who met him with a letter from General Hazen, which declared them to be friendly. Sheridan required the Indians to accompany him to Fort Cobb, but discovered, while traveling towards the point, that they were sending their families to the Washita mountains. Suspecting that they were attempting to deceive him, he took Santanta and Lone Wolf and notified them that he would hold them as hostages, and that if all the Kiowas did not come to Fort Cobb he would hang them.

General Sheridan says: "The Indians now realize for the first time that winter will not compel us to make a peace with them," and adds: "They have attempted to brow-beat General Hazen since he came to Fort Cobb, but I will take the starch out of them before I leave them."

The Cheyennes, Arapahoes, and one band of Camanches with fifty lodges of Kiowas, are now at the Washita mountains.

Gen. Sheridan, after a consultation with Gen. Hazen, proposes, when the Kiowas come in, to punish those who are known to have been concerned in personal acts of murder.—He will send Black Kettle's sister out to the Cheyennes and Arapahoes, and command them to come in and submit to the like treatment, and if they refuse to come in he will carry on the war against them in the Washita Mountains. He will leave with Gen. Hazen a sufficient force to enable him to control the Indians now at Fort Cobb, and such others as may come there. During the march from Camp Supply the weather was very severe, but the command was healthy—only two men of the Seventh cavalry, and six of the Nineteenth Kansas cavalry being sick. In a private letter to General Sherman, dated one day later, Sheridan says the Kiowas are coming in and that the Cheyennes have been very humble since their punishment by Custar, and he has no doubt that the Arapahoes will also come in, surrender and abide by his terms, after which he has no fear of their renewing hostilities.

Lynch Law in Indiana.

A correspondent of the New Albany Commercial, writing from Rainsville, Indiana, December 24, says: A few days before we got out to the Ridge, some men went to the house of one Shafer, and shot him, killing him instantly. He was a very bad man, harboring horse-thieves and stealing for his living.—Several years ago some men tracked a horse-thief to his cabin. They inquired of this man Shafer whether the thief had been there, and were told that he had not, but one of his little girls said that the thief had been there.

So the pursuit was continued, and the thief was caught. Shafer and his wife then took their little daughter out into a huckleberry patch and cut her throat for telling about the thief. Shortly after this it became known that Shafer was sheltering thieves and murderers, and he was sent to the State Prison, to serve one year. While there his wife fell sick with fever. She never recovered. After her death her husband came back, lived alone, and behaved as before.

So three men resolved to put him out of the way. They went to his cabin one evening with a well loaded shot gun. The old man was getting his supper, when one of them shot him in the back, with twenty-two swan shot. The next day a man went to his cabin and found him dead. Since this, three others of the same stripe have fled, fearing that they might be served in the same way.

TELEGRAPHIC SUMMARY.

TUESDAY, Jan. 5.

Congress and the Pennsylvania Legislature meet to-day.

The Louisiana Legislature met yesterday.—The Governor's Message was read. It is largely devoted to the State election, and charges the opponents of the Congressional Reconstruction policy with intimidation and massacre of the colored voters. The course of the military commanders is censured. A hopeful view is taken of the finances of the State.

It is said that Gen. Grant has decided to give the Secretaryship of the Treasury to a New Yorker, but he has not yet chosen the gentleman.

The Chicago papers are recommending Hon. E. B. Washburne for Secretary of the Interior, and Gen. John M. Corse for Secretary of War, in President Grant's Cabinet.

The Chicago Tribune having stated in a public item yesterday that Daniel Lynch kept a disorderly house, that individual has begun a libel suit against the paper.

It was decided by the Appeal Court, at Toronto, yesterday, that the application of Whalen for a new trial should be argued on a writ of error. The Court will give its decision on the 22d.

U. S. Treasurer Spinner was compelled to leave his office by illness, yesterday.

Four men were killed and several others injured by a premature explosion while operating upon the wreck of the steamer Scotland at Sandy Hook, on Sunday. Among the killed was Captain Wm. T. Churchill, late of the navy.

Municipal elections were held yesterday in Wilmington, Dalaga and Newcastle, N. C., and the Republicans were chosen without opposition. The Associated Press despatch from Washington says: "All Aldermen elected are negroes and carpet baggers."

The Comptroller of the Currency reports the disbursements of his office for the year ending Sept. 30, 1868, at $1,309,000. The disbursements in 1868 were $2,000,000.

The number of pension claims received during December was 8958, and the number disposed of 4258, of which 3806 were admitted.

THE NATIONAL BRICKLAYERS' CONVENTION.

This body, which was held in Washington, D. C., on Jan. 11th, was organized in Philadelphia on Oct. 17th, 1865, with nine delegates, representing two local Unions, and a membership of 50 bricklayers. The next meeting was held on Jan. 8th, 1866, in Baltimore, with delegates from ten unions, and lasted four days. The third annual meeting was held Jan. 14th, 1867, at Cincinnati; twenty-four unions, comprising an aggregate of 4500 members, were represented by 34 delegates. Fifteen unions had been organized during the year, and the membership had been increased 2000. The session lasted a week. The fourth annual meeting was held Jan. 13th, 1868, in New York city. Forty-seven Unions were represented by 96 delegates. The membership—6738—showed an increase of 1678, and the number of local unions an increase of 26. At the present time the National Bricklayers' Union comprises 68 unions, with a membership of 8698—an increase of 61 unions organized and 8246 members added in the short period of three years and a quarter. The Convention to sit on Jan. 11th, will apply to Congress for a charter. Measures will be adopted to obviate the necessity of strikes, and a reduction of the hours of labor, and the equalization of the rates of wages will be discussed.

Was He an Office-seeker?

During the reception of General Grant on Friday, a respectable-looking man stepped up and, taking the General's hand, deposited therein a letter. The General quietly retained it until an opportunity was afforded him to read it, when he afterwards tore it and threw the fragments on the floor. A gentleman near by picked them up, and after pasting them together the following proved to be the paper:

"A man who has been thirteen years in the United States service would like a few moments' conversation with the General."

The chirography was very poor, and the epistle bore neither date nor signature.—*Phila. Daily News.*

THE WORKING WOMEN'S Protective Union of New York report that, during 1868, the total number of applications made for employment during this period was 16,625, of which number 1628 were new, or persons who had never before applied; 3318 of this number obtained employment at various callings. Of the 1628 new applicants, 290 were widows—50 being soldiers' widows; 75 women had husbands living; 160 were orphan girls, 275 were half orphans, 300 resided with their parents, and 150 were homeless girls.

HOOFLAND'S GERMAN BITTERS AND HOOFLAND'S GERMAN TONIC.

The Great Remedies for all Diseases of the

LIVER, STOMACH, OR DIGESTIVE ORGANS.

HOOFLAND'S GERMAN BITTERS

Is composed of the pure juices (or, as they are medicinally termed, Extracts) of Roots, Herbs, and Barks, making a preparation highly concentrated, and entirely free from alcoholic admixture of any kind.

HOOFLAND'S GERMAN TONIC,

Is a combination of all the ingredients of the Bitters, with the purest quality of Santa Cruz Rum, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a medicine free from Alcoholic admixture, will use

HOOFLAND'S GERMAN BITTERS.

Those who have no objection to the combination of the Bitters, as stated, will use

HOOFLAND'S GERMAN TONIC.

They are both equally good, and contain the same medicinal virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathising as closely as it does with the Stomach, often becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Depression of Spirits.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries possesses true merit, is skillfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS

AND

HOOFLAND'S GERMAN TONIC.

PREPARED BY *Dr. C. M. JACKSON,*

PHILADELPHIA, PA.

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach or Intestines.

DEBILITY,

Resulting from any Cause whatever; PROSTRATION OF THE SYSTEM, induced by Febrile Diseases, Indiscretion or Dissipation, Exposure, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, a balmy elixir that will instil new life into their veins, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health, or able to use their own expression, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK AND DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MALARIUS, without fail.

Thousands of certificates have accumulated in the hands of the proprietor, but space will allow of the publication of but a few. A word, however, to be observed, are them of note and of such standing that they must be believed.

TESTIMONIALS.

Hon. Geo. W. Woodward,

Late Judge of the Supreme Court of Pa.,

PHILADELPHIA, March 18, 1867.

"I find Hoofland's German Bitters is a valuable, useful tonic, useful in diseases of the digestive organs, and for general debility, and will prove beneficial in cases of debility, and want of nervous action in the system.

Yours, truly,
GEO. W. WOODWARD.

Hon. James Thompson,

Justice of the Supreme Court of Pennsylvania.

PHILADELPHIA, April 28, 1866.

"I consider Hoofland's German Bitters a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from experience of its worth.

Yours, with respect,
JAMES THOMPSON.

From Rev. Joseph H. Kennard, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir: I have been requested by numerous persons with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined, but with a clear proof in various instances and particularly in my own family of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a most valuable preparation.* In some cases it may fail, but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.

Yours very respectfully,
J. H. KENNARD,
Eighth, below Coates Street.

From Rev. E. D. Fendall,

Assistant Editor Christian Chronicle, Philada.

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable remedy to all who are suffering from general debility, from disease arising from derangement of the liver.

Yours, truly,
E. D. FENDALL.
