Is a combination of all the ingredients of the Bitters, with the purest quality of &mia Orus Eum, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public The subscriberrespectfully announces to the public that he has recently enlarged his Brewery to a considerable extent, and introduced steam power in all its departments, and is now rendy to supply all demands for public.
Those preferring a Medicine free from Alcoholic simixture, will use

They are both equally good, and contain the same medicinal virtues, the choice between the two being amere matter of taste, the Tonio being the most palatable.

The stomacli, from a variety of causes, such as indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions derauged. The Liver, sympathizing as closely as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases;

Constipation, Flatulence, Inward Piles, Ful-ness of Blood to the Head, Addity of the Stomach, Nausea, Heart-burn, Disgust-for Food, Fulness or Weight in the

of Porspiration, Yellowness of the
Skin and Eyes, Pain in the Side, Back,
Chest, Limbs, etc., Sudden Flushes of
Heat, Burning in the Flesh, Constant Imaginings of Eyil, and Depression of Spirits.

The sufferer from these diseases should exercise, the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his breestigations and inquiries possesses true merit, is skillfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit these well-known remedies—

HOOFLAND'S GERMAN BITTERS

HOOFLAND'S GERMAN TONIC. PREPARED ÉY *Dr. C. M. JACKSON*,

PHILADELPHIA, PA

Twenty-two years since they were first intro-duced into this country from Germany, during which time they have undoubtedly performed more cures, and benealted suffering humanity to a greator extent, than any other remedies known These remedies will effectually cure liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhoa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Tomach or Intestines

DEBILITY,

Resulting from any Cause whatever; PROS-TRATION OF THE SYSTEM, induced by Severe Labor, Hardships, Exposure, Fevers, &c.

Therelis no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the wholesystem, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow ringe is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE. And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, an elikir that will instil new life into their veins, restore in a measure the energy and arder of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-halt of the female portion of our population are seldom in the enjoyment of good health; or to use their own ex-pression, never feel well. They are languid, devoid of all energy, extremely hervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK AND DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MAR-ASMUS, without fail.

Thousands of cortilicates have as unmulated in the hands of the proprietor, but space will allow of the publication of but a few. Those, it will be observed, are men of note and of such standing that they must be believed.

TESTIMONIALS.

Hon. Gco. W. Woodward, Ohicf Juilioe of the Supreme Court of Pan.

PHILADELPHIA, March 10, 1807, "I find 'Hoofland's German Bitters' is a good tonic, useful in disconsorthodigestive organs, and of gront phonofit in cases of debility, and want of nervous action in the system Yours, truly GEO, W. WOODWARD."

Hon. James Thompson,

Judge of the Supreme Court of Pennsylvania. PHILADELPHIA, April 28, 1866. "I consider 'Hoofand's German Bitters' a wiliable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,

JAMES THOMPSON."

From Rev. Joseph H. Kennard, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia. Dr. Jackson-Dear Sir: I have been frequently Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in reason declined; but usefulness of Dr. Hoofland's German litters, I depart for once from my usual course, to express my full conviction that, for general declinety of the system, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.

Yours, very respectfully,

Lighth, below Contest Street

From Rov. E. D.Fondall, Asistant Editor Christian Chronicle, Philadlphia

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privi-logo to recommend them as a most valuable tente, to all who are suffering from general debility or from diseases arising from derangement of the liver, truly.

What a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all prespects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE, reflect that a sound mind and body are the most necessary requisites to promote connubini happtness. When the misguided and impredent votary of pleasure finds that he has imblied the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dinness of sight, deafness, nodes on the shin-bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horridobject of commiscration, till death puts a period to his dreadful sufferings, by sending him to "that Undiscovered Country from whence no traveller returns."
