

CITY AND COUNTY.

THE Liberty Fire Company will attend Div. Service at the Universal Church next Sunday morning.

STAIRS—Last night about 9 o'clock, a fire broke out in the stairs of the building at the corner of 5th and Reading streets.

ORDINANCE OF THE Mayor.—The Improved Order of Red Men intend having a grand parade in Philadelphia on the 12th of next May.

REGULATIONS FOR THE Ash Wednesday fast.—The Mayor has issued regulations for the fast on Wednesday next.

THE NEW UNIFORM of the Ringgold Band is a very beautiful one. The frock coat is dark blue, with gilt buttons and a gilt wreath around the collar.

SALE OF REAL ESTATE.—Mr. Samuel Leasing sold on Saturday, a two story brick house, on Washington street near Fourth, to Mr. Daniel Moser, for the sum of \$2400.

TO COME OFF.—We understand that a shooting match for a large-sized cat, is shortly to come off at Reading, between three sports of Reading and three of Hamburg.

THE Reading Golf Society, through its Treasurer, Mr. James Jamison, acknowledges the receipt of the sum of \$7.03 from the Eighth street Salem Evangelical Association.

THE most favorable shade for full dress is said to be a warm tint of salmon, known as maline, or more correctly, cantelope color, which lights well, and suits a variety of complexions.

AMONG the late inventions a genius has discovered a new method to be attached to the jaws under the seat in church. There is a cord of a piece of wire and costs twenty-five cents.

A LARON dog made an attempt to bite a man last night in Third street, but a piece of a board was brought into requisition, and gently laid on the head of the "dog." He rolf, howling for mercy. Poor "Dorg."

Our country friends should not be in such a great hurry when they get on the cars. We noticed last evening a man run down two boys in his frantic attempt to get on the cars, and then got into the wrong train.

A GREAT many counterfeiters of the new cent are in circulation. The shield on one side and "United States" on the other are omitted, while a hardly perceptible impression of the word "one," is inserted over the word "one," in order to escape the law.

AGRICULTURE.—The farm of Israel C. Becker, on which he was born, and on which he raised 3,400 bushels of corn, the Dispatch is situated in Exeter township. This is a valuable piece of land, and is owned by Conrad Weisser, William Penn, Paul Beck and others.

MRS. SKRIMMOLDS in supplying her boarders with something they can fasten "What's the use," she asks, "in having many-pamby milk-and-water that nobody knows is this thing, that thing, or nothing? So she gives them coffee, sugar, and much else about which they don't doubt in the least but there is both strength and age.

ARRESTED ON SUSPICION.—Yesterday morning a party of nine boys were arrested and taken before His Honor, the Mayor, on a charge of having set fire to the stable of Messrs. Eckert, at the Honey Clay Furnace, which was burned on Sunday evening. As no evidence was offered substantiating the charge, they were released.

HAND CUT.—Mr. William Murray, an employee on one of the "pushers," at the Upper Depot, had his right hand terribly cut a few days ago, by being knocked down by a coal car. He fell on the track, and in trying to get himself out from under the rail, when a splinter of the iron ran between his fingers, cutting his hand nearly in two.

BRICKS COUNTY.—The valuation of personal property in this county is \$4,903,431.00. The assessment for the year 1890, as fixed by the Revenue Commission at their last tri-annual meeting, \$12,618,872. The half mill tax population per act of May 10, 1881, \$2,400.00. Population in 1890, 94,043. Total inhabitants for the year 1890, 23,015.

THE Pennsylvania Female College, at Collegeville, Montgomery county, Pa., J. P. Sherman, A. M., Principal, will commence its next session on the 1st of March next, to continue two weeks. This is an excellent school, and a beautiful and healthy situation, and offers uncommon advantages, especially to the German ladies who wish to speak English correctly.

WORTH TRYING.—Anthracite coal burns more freely when put in small quantities into a stove or grate. Some one, who has experimented, says that it should never exceed six inches deep in the vessel containing it, and that the lower portion should be put in the stove occasionally, and that will prevent the formation of clinkers, or to remove them if formed. This is the age of experiments, and any of our friends who burn anthracite coal can easily test the value of the above hints.

FACTS FOR FURS.—If you will interest our fur buyers and trappers in the rural districts to know what are the regular prices paid for their prizes in Philadelphia. We therefore copy for their exclusive enlightenment the following prices derived from reliable information: Grey Fox, \$50.00; dark bear, \$1.50; raccoon, \$20.00; otter, \$49.00; muskrat, \$10.00; black skunk, \$80.00; wild cat, \$40.00; house cat, \$100.00; rabbits, 25c.

EDITOR OF EAGLES.—The organ of the National Bankers in this city says that the National Bankers are of advantage and benefit to widows and orphans. Were widows and orphans increased? Were widows and orphans consulted when thousands of dollars of the Bank's money was spent in speculations and bets? Don't talk about generosity after acts of disposition on the part of National Bankers giving bank supporters a clique or favored few.

THE MARKET.

READING, JAN. 20, 1890.

Table with columns for various commodities like Flour, Wheat, and Corn, listing prices and market status.

Points of supply and distribution of anthracite coal from Schuylkill county, and bituminous and sub-bituminous from Harrisburg, on the Philadelphia and Reading Railroad for the year ending November 30, 1889.

Table showing coal supply and distribution statistics for the year ending November 30, 1889.

Total of all lots of 250 pounds, 3,674,874. Where delivered on line of Reading, Railroad and Branches.

Table listing stations and tons of coal delivered, including locations like Pottsville, Schuylkill, and Reading.

Total of all lots of 250 pounds, 3,674,874. All in Philadelphia.

With a view to a clear comprehension and appreciation of coal traffic, the Philadelphia and Reading Railroad, we will classify the distribution for 1889.

Table showing coal distribution statistics for 1889, including total tonnage and local deliveries.

Total coal tonnage, paying freight, 3,669,237. For 1888, total tonnage, very little in excess of the year and local tonnage for 1888.

For 1889, the deliveries outside of Philadelphia, of the main road and Lebanon Valley Branch, amounted to 191,381 tons.

For 1888, the deliveries in Philadelphia, for local consumption, were 331,700 tons.

These comparisons certify to the amazing growth of way and local traffic, the consequence of the increase of population and manufactures in Philadelphia, and throughout the Schuylkill and Lebanon valleys.

Home Markets. FLOUR.—In flour there is nothing special to report to-day. The market still continues dull.

WHEAT.—There is no improvement to note in wheat. We have heard of only one lot having been taken yesterday. Our merchants show no disposition to buy, and farmers do not seem to be anxious to sell.

PROVISIONS.—There is rather more doing, but prices are without any material change. Mess Pork sells in small lots at \$40.00 to \$41.00.

GRAIN.—Several large lots of oats were brought in yesterday, which were taken at 60 cents per bushel.

HAY.—The hay market seems to be brisk. Seven loads were brought in yesterday, and in one instance \$25 was paid per ton, \$150.00 was the general price paid.

Table listing prices for various commodities like Flour, Wheat, and Corn.

Coal. The mild weather of the past few days has been so far from interfering with the coal business, as our readers yesterday saw the dealers made complaint that things looked dull.

The Collectors in the Mahanoy region are nearly all idle. The operators demand a reduction of thirty per cent. from the wages paid in October, which the men feel is unjust and they therefore decline to work.

At a meeting of the Board of Directors of the Reading, Railroad and Branches, held on Friday, January 18th, 1890, the following resolutions were adopted:

Resolved, That the Board of Directors of the Reading, Railroad and Branches, do hereby authorize the President of the same to execute the same.

SECOND EDITION.

LEGISLATIVE COMMITTEES.—The members of the Legislature of Berks county are on the following committees: Senator Davis et al., "Retrenchment and Reform" and "Military Affairs Committee."

LEBANON WATER-PROOF LEATHER.—This is an excellent application for boots and shoes, and is the best that has ever been used.

EDITOR EAGLE.—We have a dispute on hand. Gold is quoted for instance at 1.35. A gold coupon of \$50 worth consequently is worth in currency \$40.50.

RECENT VISIT.—We have a recent visit to Reading through the new building of the Reading Fire Insurance and Trust Company, at the corner of Fifth and Court streets.

ELECTION OF OFFICERS.—At a stated meeting of the Liberty Steam Fire Company, held last evening, the following officers were elected to serve the ensuing year.

COURT PROCEEDINGS.—SEVENTH DAY.—MONDAY. David B. Kauffman and Rebecca Kauffman, Daniel B. Reber and Caroline Reber, to the use of Rebecca Kauffman and Caroline Reber vs. H. H. Clymer, Administrator of Frederick S. Reber's estate.
