ANOTHER OUTRAGE.

To the eternal disgrace of the Radicals in the Pennsylvania Legislature, Mr. Bunn, Radical, has been admitted to a seat in the House of Representatives, in place of Mr. Daniel Witham, Democrat, on the evidence of men guilty of the greatest crimes in the calender. The Harrisburg Patriot comments upon the outrage as follows:

In all the black, besmutted record of the radical party, there is not written down a more damnable piece of deliberate villainy than the ousting of Mr. Witham from his seat in the legislature. He has been sworn out of it by a set of unanointed scoundrels from the purlieus of Philadelphia, brought here and paid for that purpose, and the editor of the *State Guard* knew this to be so when he wrote his article glorying in the accomplishment of this nefarious business.

The principal witnesses produced on the part of Mr. Bunn, were Daniel Redding, Harry Mitchell, and two others named respectively Rowan and Slavin. Daniel Redding is a radical plug-ugly of Philadelphia, who now stands charged by a Coroner's jury *with the murder of young Martin*, a democrat of that city, killed on the night of the last October election. The Philadelphia *Sunday Mercury* says, "the evidence before the Coroner was clear and positive *as to Redding being the murderer.*" He is also under indictment for shooting a man and killing a boy at the corner of Sixth and Dickerson streets, Philadelphia, by firing into a crowd. This fellow is well known as a radical "rough" in Philadelphia. An officer of that city was here with a warrant for his arrest, but as soon as his evidence was heard he left for parts unknown.

Harry Mitchell is the man who made the return of the fraudulent vote from Fort Delaware in 1867, and is a notorious radical trickster. Rowan, another of Bunn's witnesses, is a professional radical "repeater," and is now wanted at the Central Police Station, Philadelphia.

Slavin, the other witness, is of the same kidney, and, says the *Mercury*, "if caught, will be apt to get into trouble."

The fifth is O. S. Williams, with an *alias*. This Williams, whilst here to testify for Mr. Bunn, was arrested for drunkenness and disorderly conduct and sentenced to prison for five days. He registered his name at the hotel at which he stopped when he came here, as "C. S. Williams," but gave his name at the Mayor's office as "Christopher Lamb." He is a "beauty." We are informed that most of the witnesses of Mr. Bunn were kept under close guard, in a house in Bridgeport, the managers of Mr. Bunn's case fearing their arrest if their whereabouts became known to the Philadelphia police. So much for the witnesses.

The evidence given in the case amounted to this: *The witnesses were hired to go from precinct to precinct to vote the Democratic ticket.* They did not pretend to swear that they *did* vote the democratic ticket, or a ticket which had Mr. Witham's name upon it. They only swore that they got the tickets which they voted from a man *who had a democratic badge on his coat!* This is the whole sum and substance of the evidence upon which Mr. Witham is to lose his seat! A set of radical Thugs, who are either indicted for high crimes, or stand implicated in former election frauds, swear that they repeated their votes, some of them as often as twenty times, and that they received the tickets they voted from a man who wore a democratic badge!!! Where is the man whose skull is so thick that the abjectness of this miserable trick is not plain, perceptible to his mind? The man with the democratic badge, *was a radical sneak-thief who gave out radical tickets to radical "repeaters" who voted them without examination.* The repeated votes were cast for radical candidates, and now an honestly elected democrat, chosen in spite of this deviltry, is driven from his seat in the House, because, forsooth, Redding, Mitchell, Rowan and their pals swear that the tickets voted by the "repeaters" were obtained from a man with a democratic badge!!!

There is not a scintilla of proof showing that the repeated votes were cast for Daniel Witham. Could not a radical have put on a democratic badge, and could not a man wearing such a badge have given out radical tickets? There is just as much proof that the tickets distributed by this man with the badge were for Mr. Bunn as that they were for Mr. Witham. Nay, the men engaged in this repeating business are radical politicians of the lowest and vilest grade, and it is rather to be believed that they would perform their dirty work in the interest of their own party than in that of the democrats.

The people of Pennsylvania will share in the disgrace of these Radical knaves if they permit any one of them to occupy a seat in the Legislature for another term.

THE PEOPLE'S BANK AGAINST NATIONAL BANKS.

The *Dispatch* is parading before its readers the amount of money paid out by the National Banks in this city. We do not believe in the game of brag, but as it has been resorted to, for the information of our readers we will state that $14,000,786 has been paid out by Bushong & Bro., private bankers, who have only been in business about 2 years. They have also paid to their depositors as interest during this time the sum of over $45,000. Is not this banking house of more advantage to the public than National banks, who do not pay one cent to their depositors, and receive large sums from the government besides?

HON. J. D. DAVIS, of the Pennsylvania Senate, will accept our thanks for interesting public documents.

Senator Sherman's Plan.

On Wednesday, Senator Sherman made an elaborate argument in support of the bill reported to the Senate by the Finance Committee on the 19th instant. That bill provides for the legalization of such contracts payable in coin as may be hereafter made, appropriates $140,000,000 out of the receipts of customs (coin) for the payment of the interest on the reduction of the public debt; authorizes the holders of "greenbacks" to the amount of $50, or any multiple of $50, to convert said "greenbacks" into "ten-forty" bonds, to be hereafter issued, at five per cent. interest, free from taxation by any authority, national, State or municipal, except income tax; authorizes and requires the Secretary of the Treasury to issue gold notes payable in coin on demand, of denominations not less than $10, receivable for all taxes, duties or debts payable to the United States, said issue not to exceed the amount of coin in the Treasury; authorizes the Secretary of the Treasury to apply, at his discretion, an amount of said gold notes not exceeding the "greenbacks" surrendered for conversion into ten-forty bonds, to the purchase in open market in New York of the six per cent. bonds of the United States, and requires the cancellation of an amount of said "greenbacks" equal to the amount of bonds so purchased; and authorizes the national banks, under certain restrictions, to issue notes payable in coin, without regard to the present limitation of $300,000,000, as provided by the bank act.

The Phila. Evening Herald comments as follows upon Senator Sherman's speech:

Senator Sherman is a wise man. The bill reported by him to the Senate on Thursday charges that the public have lost confidence in the national banks.

That the national banks, as at present organized and run, are public swindles for private benefit.

That they are shaky; that they are not solvent; that unless the leaks are stopped, and the whole machine repaired, the boiler will burst and blow the whole country sky high.

Stripped of pleasant euphuisms and reduced to a plain statement of what he believes, or alleges to be facts, that is exactly what Senator Sherman's bill charges. Is it so; and if so, will the Senator's bill, or any bill prevent the collapse?

The Cuban Revolution.

Havana despatches state that the Spanish man-of-war Venandito, after a sharp chase captured, near Key Romano, an English schooner, hailing from Nassau, with twenty-two native Cubans on board, on their way to join the insurgents on the island. It is reported that during the chase the schooner, seeing capture inevitable, threw overboard a quantity of arms and ammunition. Spanish agents continue to represent that the insurgents in the Eastern Department, in large numbers, are presenting themselves to the authorities, and claiming the benefits of the amnesty proclamation.

The wrecking schooner Arrieta, seized on suspicion, has after an investigation been released, there being no evidence that she was engaged in carrying supplies to the rebels.

The charge against Capt. Adams, of the steamer Moro Castle, for carrying passengers without passports, has been dismissed.

Since the recent disturbances, the theatres and all other places of public amusement have been closed.

EDSON B. OLDS died at Lancaster, Ohio, on the 24th instant. He occupied a prominent place for many years in Ohio politics, was a member of Congress from 1849 to 1855, and President of the Ohio Senate. In 1862 he was arrested on a charge of disloyalty to the Radical power at Washington, and was incarcerated for some months in Fort Lafayette. His last political service was that of delegate to the National Democratic Convention at New York. At the time of his death Dr. Olds was about seventy years of age.

Threatened War in the East.

All the despatches received from Constantinople, Athens and the provinces are of a rather alarming character. They speak of the occurrence of a bloody conflict, the precise nature of which is not yet known. Sixty Cretans were killed and medals were left on the field. They also allude to the invasion of several Turkish provinces by Greek volunteers, reinforced by the National Guard of Athens. These troops were met by three battalions of Turkish troops (Sultan's guard,) and driven out of the position they occupied. The Sultan is sending troops to every point, especially to Bosnia, the frontier of that province being menaced by a mixed invasion of Servians and Turks.

The despatches conclude by stating that the whole East is in a state of great fermentation, and that the animosity of the different races, Musselmen, Christians, Greeks, Slovaes and Terbians, one against the other, is without precedent in the history of that country.

Maloun Pacha, a general of artillery in the service of his Highness the Viceroy of Egypt, is now at Woolwich for the purpose of inspecting and ordering the construction of rifles and other cannon.

In Constantinople, the Ulema Sariyerly Sadik Effendi has been arrested, and put in prison under the charge of being at the head of a conspiracy against the life of the Sultan. This fanatic Musselman, a fervent apostle of the Koran, is represented as being at the head of the old Turkish party, known for its hostility against all progressive ideas. Several of his accomplices have been arrested and put in prison at the same time.

The Turkish Government is arming Bosnia in all haste. Every day cargoes of arms are received at Saralevo, and distributed afterwards in the surrounding districts.

The Turkish army, under the command of select officers, is drilled day and night. The Sultan is now sending troops to the frontier of Servia, in order to prevent the Servians from making an alliance with the Greeks, in view of an invasion of the Province of Bosnia.

A council of war was held on Wednesday in Vienna. It was presided over by Francis Joseph in person, assisted by his brother, Arch Duke Charles, and the Minister of War. The proceedings of the meeting were strictly private. The next day, an official order was issued calling all officers and soldiers on furlough under the flag.

THE site on which the Temple of Jerusalem was built has just been discovered. The structure occupied the platform on which the Mosque of Omar now stands. There is beneath the mosque a subterranean arcade about thirty-five feet in width, which apparently runs the whole length of the platform—that is to say, five hundred and twenty feet. These were the under-ground portions of the temple.

FROM PARAGUAY.—Late news has been received from Paraguay via Rio Janeiro. The town of Angostura, to which the Paraguayans retreated after the battle at Villeta, was soon afterward captured by the Allied forces, and Lopez fled with the remnant of his army into the interior. HOOFLAND'S

GERMAN BITTERS

AND

HOOFLAND'S GERMAN TONIC.

The Great Remedies for all Diseases of the

LIVER, STOMACH, OR DIGESTIVE ORGANS.

HOOFLAND'S GERMAN BITTERS

Is composed of the pure tinctures (or, as they are medicinally termed, Extracts) of Roots, Herbs and Barks, making a preparation, highly concentrated, and entirely free from alcoholic admixture of any kind.

HOOFLAND'S GERMAN TONIC,

Is a combination of all the ingredients of its Bitters, with the purest quality of Santa Cruz Rum, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

HOOFLAND'S GERMAN BITTERS.

Those who have no objection to the combination of the Bitters, as stated, will use

HOOFLAND'S GERMAN TONIC.

They are both equally good, and contain the same medicinal virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathising so closely as it does with the stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Depression of Spirits.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries possesses true merit, is skillfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of those diseases. In this connection we would submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS

AND

HOOFLAND'S GERMAN TONIC.

PREPARED BY *Dr. C. M. JACKSON,*
PHILADELPHIA, PA.

Twenty-two years since, they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach or Intestines

DEBILITY,

Resulting from any Cause whatever; PROSTRATION OF THE SYSTEM, induced by Severe Labor, Hardships, Exposure, Fevers &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir that will flush new life into their veins, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health, or to use their own expression, never feel well. They are languid, devoid of all energy, extremely nervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK AND DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.

Thousands of certificates have accumulated in the hands of the proprietor, but as we will allow of the publication of but a few, those, it will be observed, are men of note and of such standing that they must be believed.

TESTIMONIALS.

Hon. Geo. W. Woodward,
Chief Justice of the Supreme Court of Pa.,

PHILADELPHIA, March 16, 1867.

"I find 'Hoofland's German Bitters' is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system. Yours, truly,
GEO. W. WOODWARD."

Hon. James Thompson,
Judge of the Supreme Court of Pennsylvania.

PHILADELPHIA, April 26, 1868.

"I consider 'Hoofland's German Bitters' a valuable medicine in cases of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,
JAMES THOMPSON."

From Rev. Joseph H. Kennard, D. D.,
Pastor of the Tenth Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of various kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.

Yours, very respectfully,
J. H. KENNARD,
Eighth, below Coates Street.

From Rev. E. D. Fendall,
Assistant Editor Christian Chronicle, Philadelphia

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend the same to those who are suffering from general debility or from diseases arising from derangement of the liver.

Yours, truly,
E. D. FENDALL.
