THE CITY ELECTION. In a few days our city election will take place, and it is the duty of every good citizen to go to the polls and cist his balloufor the candidates from whole election our city gent, erally will receive the most benefit. To the tax-payers of our city this election is one of much importance, as upon the officers elected much importance, as upon the officers elected much importance, as upon the officers elected making his guests feel at hume while they are depends much of the prosperity of our city for the coming two years.

Without disparaging the merits of the Radical candidates, we claim that the ticket selected by the Democracy is an unexceptionable one. We feel assured that the tax-payers of Reading, without distinction of party, will cust their votes in favor of our nominees-not on account

The very successful, orderly and economical government of our city during the past two years, has been in the highest degree creditable to Mayor Gernand, and satisfactory to every good and law abiding citizen of Reading. Performing his oftentimes delicate duties without ostentation or abuse of power, but with firmness and impartiality, his administration has been a model one, in every respect ; and our citizens own it' not only to him, but to themselves, to give such a conscientious and faithful official a token of their high appreciation in the shape of a handsome majority.

Our candidate for City Treasurer, Judge Heidenreich, has also given the utmost satis. appears to keep jogging along as if there was faction in the discharge of his remonsible du. some object ahead of him which he desired to faction in the discharge of his responsible duties. Never have our city finances been more ably, honestly and economically administered than they have been by Judge Heidenreich. He is respected by men of all parties, and no honost unpreindiced personwill deny that he has honost, unprejudiced person will deny that he has been a model official. He is in every way worthy of a reelection, and we hope to see him, here, that the bottoms of their dresses are not receive the suffrages of all prudent tax-payers in our city.

Dr. W. Murray Weidman, our candidate for City Auditor, is well known as an excellent physician, a model citizen and a gallant soldier. No better selection for the position could be made, and we call upon all good citizens to. cast their ballots in his favor, as no one who knows him can doubt that his duties will be discharged with ability and fidelity.

The Democratic candidates in the different wards, whose names appear in the ticket at the head of our editorial page, it is not necessary that we should mention individually. They are well known in their respective wards, and they have been selected with care, and with especial reference to their fitness for the positions for which they have been nominated. Every tax-payer who consults his own interest and that of his fellow-citizens generally, will give the whole ticket a cordial and hearty

support. The election will take place next Friday, February 12th. The polls will be open from 8 A. M. until 8 P. M. For places of holding elections in the different wards, see the May-THE Eagle Book Store, ADLER or's proclamation, published in the EAGLE

With each successive issue of the Metropolitan Record, the trenchant pen of its editor, Mr. John Mullaly, seems to gather fresh and in spired vigor, and the enemics of our country, the enemies of the Union and the Constitution, and the enemies generally of white men. are made to feel its vigorous and well-directed blows against their rank, damnable and treasonable heresies. |Long life to the brave Mul-

FRUITS OF RECONSTRUCTION. --- A Memphis despatch of the 2d inst. gives the following account of the result of Radical "reconstruction" in that blessed region of negro equality:

"A train from Madison, Ark., brought in a large number of refugees from Crittenden county, flooing from a party of negroes, represent-ing themselves as militia. They hung a plantor named Gibson this morning, and commit-ted overy species of outrage. Sunday night a planter named Cullen, who had been at Little Rock and sold his cotton, while camping six miles above the city, was murdered by a negro who, after robbing him, took a wagon and horse and rode into Little Rock, where he was arrested and lodged in jail.]

The Philadelphia Evening Merald says :

"Negro outrages continue plenty. One, the other day, set fire to the gin house of a former employer, at Milledgeville, Ga. The building was: destroyed. Another, a woman, poisoned ten persona last week, in - the house of a Mr. Broadners, in Rankin county, Missis-sippi. Again another recently stabled a fel-low darkoy in five places, in Columbus, Geor-gia. Once more—a dark ruflian attempted to outrage Mrs. Howell, of Live Oak, Florida, last week, but the courageous woman brought his career to an end with a well-directed shot. And yet again a squad of Clayton's militia, commanded by a negro, recently stole from Mrs. Burns, an old and very infirm widow, near Rochester, Ark., two horses and a mule near Rochester, Ark., two horses and a mule; pursued by Mr. Dashiel, armed with a sheriff's warrant, and attended by a constable, they shet Mr. Dashiel dead. Another instance is reported from McIntosh county, Ga., where two white men, charged by blacks, with shoot-ing at a colored boy, are afraid to avail them-selves of bail, although declaring their in-nocence, as the negroes have threatened to kill them." kill thom.

Will you continue to support a party which is daily dragging you deeper into debt, taxation and misery for the sake of conferring all the wealth of the country upon a privileged few ? Unless the tax-paying producers of the country are willing to become the slaves of the non-producing money lords, they must vote the Democratic ticket, for in the success of the Democracy lies their only hope of release from the terrible financial burdens they are now compelled to bear!
