TUESDAY, FEBRUARY 23, 1869.

CITY AND COUNTY.

FIRST EDITION...12 1-2 P. M.

COMMUNICATIONS intended for publication in the EAGLE must be accompanied by a responsible name, as a guarantee of sincerity on the part of the writer. The name will not be published unless so desired by the correspondent.

Correspondents should make their communications short and to the point. Our space is too limited for very long articles.

Write only *on one side* of the paper, and as plainly as possible, without flourishes.

SUBSCRIBERS who fail to receive the EAGLE regularly, will confer a favor by leaving notice at this office, where all complaints of irregularity or lateness of delivery will be promptly attended to.

ADVERTISERS are requested to hand in their advertisements as early in the day as possible, as our rapidly increasing circulation compels us to go to press about 2 p. m.

NOBODY likes the taste of "sour grapes," but everybody likes to see everybody else take a bite.

THE average length of Berks county is 32 miles, with a breadth of 28 miles. The entire contents are 927 square miles.

WHAT IS DUE WOMAN.—Whatever else you may abuse, never abuse woman. Always remember you had a mother, perhaps you have a sister, maybe a wife. It is cowardly, mean, unjust. If any act deserves the pillory, it is this. The very fact of her sex should make her exempt from all that is coarse, unkind or cruel. No genuine man ever yet abused a woman. As soon expect to see a dart of lightning in the blue sky of June, a rose in the snow-bank of January, a gift from a miser, a great act from a mean soul, as a real man abusing a woman.

THE PUBLIC SCHOOLS OF SPRING TOWNSHIP.—The whole number of schools in Spring township is 14; average number of months taught, 5; number of male teachers, 14; number of male scholars, 397; number of female scholars, 245; average number of scholars attending school, 373.

THE Sadoo Lodge, of Leesport, No. 101, Knights of Pythias, hold their regular meeting every Thursday evening, in Daum's new hall. The Lodge has some 135 members, all in good standing. The following are the officers elected for the ensuing year: W. C.—Jacob J. Mohr; V. C.—J. Y. Meromo; W. G.—Fred. Boyer; W. B.—Q. M. Kauffman, W. R. S.—Jno. C. Wiley; W. F. S.—Frank D. Faber; I. S.—Frank B. Moll; O. S.—Daniel Ubil; V. P.—Dr. Peter C. Snyder.

BERKS COUNTY FRUIT GROWERS' SOCIETY.—This new organization will start into life on Saturday, March 6th. As a valuable aid and inducement to our people to raise better and more fruit, it will be truly excellent.

LEG BROKEN.—On Saturday morning, Mrs. Jacob Moyer, of Muhlenberg township, fell outside of her door, and broke her leg above the ankle.

RECOVERING.—The young boy, Gossler, who was recently run over by a hose carriage, is fast recovering. He is able to sit up.

ISAAC HELDER, tax collector, died yesterday at his residence in Second street, above Franklin, aged about 35 years. He had been ailing for a long time with consumption, but was confined to his bed for a day or two only. He was well known throughout our city, and generally respected.

POLICE AFFAIRS.—Philip Arnold was celebrating Washington's Birthday all by himself away down in Canal street. Philip was very *enthusiastic*, some people being uncharitable enough to call his conduct disorderly, and to attribute it to drunkenness. But Philip felt that it was the duty of every patriotic citizen to celebrate this natal day in *spirit*, and accordingly Philip was very *demonstrative* in his style. Officer Kemp thought that Philip had better keep the day at a more comfortable location, and Philip was taken to the Station House, where he had a *spirited* time until this morning. On paying $3.25 he was discharged. There were 12 lodgers in the Station House last night.

THE FIREMEN'S PARADE.—The parade of the Fire Department yesterday, notwithstanding the extreme inclemency of the weather, was very fine, and attracted a great deal of attention. Nine companies were in line—the Hampden not being on parade. It was terrible marching through the rain and mud, but the firemen bore it bravely, and marched as if it was as pleasant a day as could be imagined. Several bands of music were in line. The new Chief of the Fire Department, Mr. John A. Buch, and his Assistants, were on parade, and made a fine appearance in their new and handsome uniform. Altogether it was a gala day among the firemen.

FRIENDS THAT CAN BE DEPENDED UPON.—"Prosperity makes friends, and adversity tries them." The prosperous man needs not friends, and yet he has plenty of them; while the poor devil, without a cent in his pocket, rarely receives a helping hand when down.—SAXE was "level" when he sang, "There is no friend so true as a dollar or two," and every day proves the correctness of his remark. The dollar is man's most steadfast friend, and we should all take heed that it does not slip too readily through the fingers. Live, then, so that when the evil days come you may feel that you have a friend in "a dollar or two." You will then feel a spirit of independence. Now-a-days, one must "pony up" or "peg out."

SERIOUS ACCIDENT.—Yesterday morning as Peter Rothenberger, a citizen of Muhlenberg township, was endeavoring to roll a huge log from a wagon at the saw mill, foot of Washington street, the log twisted, and throwing Mr. Rothenberger down, rolled over his head, lacerating the right side in a most terrible manner. He was immediately taken to the office of Dr. Sholl, Fifth street, near Washington, who did all in his power to make the sufferer comfortable, from whence he was removed to his residence. The accident is quite serious, and had not Mr. R. been a powerfully built man and strong, we would no doubt chronicle a death.

LEESPORT.—The Woollen Mill of Dr. Levan seems to have been kept very busy for the last few months. They have been running both day and night. The Mill employs some 30 to 40 hands, and turns out some splendid goods, such as cassimere, satinet, jeans, &c.

The long talked of Shuffle Board Match, between Thomas Moyer, of Shoemakersville, and Henry Daum, for the championship, was played at Daum's Saloon, on Monday evening last. Majority of games (French) out of 12. Mr. Moyer came off victorious, beating his opponent 8 games out of the 12. Some few bets were pending on the game.

ROW.—A nice little row took place at a house of ill-fame up town last night, in which beer glasses and a part of the stove came in as weapons. One young man came from the ground with his nose considerably flattened out, and one of the fair cyprians jumped out of the second story window. The matter was, however, hushed up before a policeman came to the scene.

THE RINGGOLD BAND.—The old and celebrated Ringgold Band, under the leadership of Mr. Ben. M. Henry, paraded yesterday in a new and attractive uniform, which has already been described in these columns. The music made by this favorite organization was superb indeed. They paraded 25 pieces, and such music has not been heard on our streets for many a day. Last night they played the opening pieces for the Washington and Harmony balls, and the spectators and participants at these affairs were in ecstacies over their music. Long may the Ringgold live to be the pride of Reading, and may our citizens frequently have the pleasure of listening to their eloquent musical selections.

NOT TRUE.—The sensation story published in two of the daily papers of this city, to the effect that a white man was nearly killed on Saturday night by two colored men, is very pretty for people with morbid tastes to read, but then it is *not true*. That is all there is about it, and that is our reason for not having said anything about it.

PARENTAL CO-OPERATION WITH TEACHERS.—Beyond a doubt, the greatest hindrance to the welfare and progress of our common school system is the want of co-operation among parents and teachers. The magnitude of this evil will become manifest when we consider how many of our school-day troubles, are either directly or indirectly produced by it.

In many districts teachers must succeed, if succeed they do, *in spite* of this evil. It seems to us that the nature of the case would demand that above all things parents should never lose sight and management of the education of their children. It may do well enough to neglect the contractor, who builds your houses and barns which are temporal things, but not to co-operate with the man who labors upon the immortal minds of your offspring is a gross neglect of duty. Yet does not the former secure your strict supervision while the latter is deprived of your encouragement and attention?

Some parents never think of becoming acquainted with the teacher except it be to find fault with him; when of course, they consider it their duty to form an acquaintance with him in order that they may reprove him—point out the error of his ways, and if possible find more flaws in his character.

Is it any wonder that scholars are, or attempt to be, insubordinate when their parents manifest a lack of respect for the teacher? Children are very easily taught in this manner; a word, even a look of disrespect in regard to the teacher by the parent, may decide the conduct of all scholars for a whole term. Our school law regards the teacher as being *in the place of the parent*, but how shall the parent's authority be exercised successfully when the scholars are poisoned with prejudice at home, but to cast out their venom in the schoolroom?

Parents, if you would have your teachers to succeed, if you would have your children benefitted by attending school, if you would have your school good and respected, co-operate with your teachers in all worthy motives. Co-operate with them in securing regular attendance. Co-operate with them in securing the good conduct of your children. Never recognize any evil reports of the teachers that scholars may bring you until you have fully satisfied yourself of the truth of the case. We claim not that teachers never err in school discipline, and in school management, but we do claim that from the nature of the teacher's relation to his pupils, the greatest care should be taken in criticising before the children his actions in the schoolroom.

I. O. O. F.—The members of Salome Lodge, No. 105, are requested to attend the stated meeting to be held this evening at 7½ o'clock. Business of importance to be transacted.

THE prospects are that the wheat market in this and New York State will be very dull for the next seven months. Bad for the speculators. Glad tidings for the poor!

ALDERMAN RICHARDS.—Yesterday, the 22d inst., was the birthday of our gallant friend, Maj. Washington Richards, one of the Aldermen for the North Wards of the city of Reading. As usual with the Major, he kept "open house" all day, and troops of friends called to pay their respects and wish that many more years of happiness and prosperity be his. The Major's head is silvered over with the frosts of more than fifty winters, but there is a vivacity and buoyancy of spirit in his "make up" which will never grow old. "There is *life* in the old man yet," (pardon us, Major, for our seeming irreverence; we speak it altogether in a vein of pleasantry and good humor,) and his appearance indicates that, many a season will come and go; many suns rise and set, many moons wax and wane, many stars twinkle and disappear, before he takes his exit from earthly cares and pleasures, leaving behind a host of devoted friends to mourn the departure to the spirit land of one of the most generous and unselfish men that ever lived. So mote it be!

THE Friendship Steam Fire Engine Company, No. 4, has applied to the Court of Common Pleas of this county for a Charter of Incorporation, and the charter will be granted by the Court on the eighth day of March, 1869, unless sufficient cause be shown to the contrary on or before that day.

INFORMATION WANTED.—Mr. John McCarty desires to get information in regard to the whereabouts of his daughter Catharine, who is about twelve years of age, has light hair, dark eyes, and is of Irish descent. She left her home in this city on Tuesday last. Information in regard to the girl can be left at this office, or at the Mayor's office.

SUICIDE.—An unknown white man committed suicide yesterday, by throwing himself under a train of cars on the Reading Railroad. Deceased is 5 feet 8 inches high, has brown hair, wore a light brown woollen jacket, green plaid pants, gaiter shoes, and straw hat. The Coroner took charge of the body.—*Phila. Ledger of Saturday.*

IN Manheim, Lancaster county, some property holders refuse to pay borough taxes, for the reason that the roads are not kept in better condition. This is certainly a good reason, but whether a lawful one is designed to be ascertained by the courts.

THE nickel cent coin issued under the act of February, 1861, are not a legal-tender for any amount, but are exchangeable for three and five cent pieces, which are a legal-tender for the sum of sixty cents and one dollar respectively.

THE EXPERIMENTAL FARM IN CHESTER COUNTY.—W. H. Drayton, of Philadelphia; Thos. Baker, of Lancaster county; John J. Carter, of Chester county; Aaron Cunnell, of Bucks county, and C. Harvey, of Delaware county, have been appointed a committee on behalf of the Eastern Experiment Farm in Chester county, to visit Harrisburg, to procure from the Legislature an appropriation in aid of the farm.

SECOND EDITION.

2 1-2 O'CLOCK P. M.

NEW SUBSCRIBERS.—Within the past few days we have added a large number of new names to our rapidly increasing list. The EAGLE is becoming more popular every day. We shall spare no effort nor expense to make it the leading daily of the city.

BRIEF MENTIONS.—Yesterday was cheerless and disagreeable.——Didn't people have a nice time getting through the mud yesterday.——An imposition—the prices extorted from strangers by some of our omnibus men.——Good news for the poor—coal is declining in price.——"Cheap John's "dorg" was run over by the cars and instantly killed yesterday.——A suspicious-looking black mark was discovered on a young lady's lip a few evenings since. The sequel proved that her young man colored his moustache with cheap pomatum.——Blind Tom will now sing in Allegheny to-night.——A Connecticutter was born with no passage between mouth and stomach.——A Western paper speaks of a certain lecturess as "an ornament to both sexes."

CHOCOLATE CARAMELS.—One cup molasses, one cup sugar, one egg, one cake of sweet chocolate, one half cup boiled milk, butter size of an egg. Let the whole boil twenty minutes. Then pour into buttered pans to cool.

TICKET OFFICE ROBBED.—The ticket office of the Reading Railroad Company, at Perkiomen station, was broken into and robbed of valuables, last night. The robbers, three in number, were captured this morning.

PRINTING.—Don't forget that we are now fully prepared to do all kinds of Job Printing in the most acceptable manner and at the lowest rates. Parties wanting sale bills can usually have them printed immediately and take them home with them, thereby saving an extra trip.

FRESHET IN THE SCHUYLKILL.—The heavy rains during the thunder storm on Sunday night a week caused a rise of nine feet in the Schuylkill at this place on Monday. The mills were obliged to cease running for the day. No damage to property occurred as far as we heard.—*Norristown Paper.*

IMPROVED ENVELOPES.—One of those very simple improvements in the construction of a long-known article, has recently been announced in regard to the gumming of envelopes, consisting in applying the mucilage to the lower part of the envelope instead of the flap. On moistening the edge of the flap, as usual, and pressing it down upon the gummed surface below, a very thorough adhesion takes place, without the objection of getting the taste of the gum in the mouth, or removing a part of it by the tongue.

THE BEES.—Our exchanges from various parts of the State give accounts of a singular fatality among bees. Many hives are left full of nice clean honey, but entirely destitute of bees. Some disease seems to cause their death, but what has produced the disease is a mystery that has yet to be solved.

ANOTHER PROMPT COLLECTOR.—Mr. Daniel Laucks, Collector for Oley township, has paid in full his duplicate of State and County tax for 1868. It maketh the hearts of the Commissioners and Treasurer glad, this promptness on the part of the Collectors.

CAUGHT BETWEEN TWO CARS.—On Saturday evening, while a woman, whose name we could not ascertain, was engaged in picking coal near the upper depot, she was accidentally caught between two cars, and terribly if not fatally hurt. Another warning to coal pickers.

PROTECTION OF STAIRWAYS.—In much frequented buildings, as museums, libraries, schools, factories, railway stations, &c., great inconvenience is often experienced by the wearing away of the stairs, and various devices are made use of to protect them, such as plates or bars of metal, &c. These, in turn, are not very desirable, if thin, and if thick, are expensive and apt to trip up the feet. Aluminium bronze is now recommended for this purpose, as answering all requirements. In one establishment, where plates of common bronze, half an inch thick, were worn out in six weeks, aluminium bronze plates of one-eighth of an inch, after eleven months' use, show scarcely a trace of abrasion. This bronze consists merely of copper, alloyed with eight or ten per cent. of aluminium, and if as durable as reported, would be by no means too expensive for use.

PROCEEDINGS OF CONGRESS.

WASHINGTON, Feb. 22.—The Senate, immediately after meeting, took a recess until evening, to allow of a caucus of the Republican Senators, in relation to the Tenure of Office act.

On reassembling at 7 P. M., the bill abolishing the office of Superintendent of Exports was passed.

The supplementary Banking bill, which provides for a re distribution of the currency was considered, the House amendments rejected, and a conference asked.

The Suffrage amendment, as passed by the House, was considered, but not acted upon.

In the House, various bills were introduced and referred.

Mr. Williams introduced a bill granting the right of way to the Memphis, El Paso and Pacific Railroad Company to the Pacific Ocean, which was passed by a vote of 122 to 40.

Mr. Schenck called up his bill "to strengthen the public credit," but the House instead of discussing it went into Committee on the Post-office Appropriation bill, which was passed with some amendments, mostly reductions.

The Naval Appropriation bill was considered.

PENNSYLVANIA LEGISLATURE.

HARRISBURG, Feb. 22.—The Senate was not in session.

In the House, Mr. Jones asked leave to read a bill in place. Leave being granted, he presented an act to incorporate the Kutztown Savings Bank.

The bill was read and passed finally.

An act was passed giving five hundred dollars to each family of the two men injured this afternoon by the premature explosion of a cannon in the State Capitol grounds.

Mr. Subers presented a petition from judges, lawyers, school directors and controllers in favor of making provision for the support of old and infirm school teachers.

Mr. Davis, of Philadelphia, presented a bill for the formation of a new county from part of Crawford, to be called Grant.

Mr. Nicholson reported an act to authorize the Auditor General to settle the claim of the Commonwealth for the bonus due on the capital stock of the Kuskauilliam Coal company upon the basis of the existing amount thereof.

Mr. Strang, with a negative recommendation, an act to protect stockholders against close corporations.

Also, from the same committee, as committed, bill No. 184, an act relating to the selection of candidates for offices by political parties in this Commonwealth.

Several bills were returned from the Governor as vetoed. Among them was an act relating to the election of township officers in Pike district, Centre and Tulpehoccon townships, Berks county.

TELEGRAPHIC SUMMARY.

TUESDAY, Feb. 23.—A caucus of Republican Senators, in relation to the Tenure of Office act, was held yesterday. After a session of several hours, it was decided by 22 votes to postpone the question until after the 4th of March. Several Senators present who were opposed to this action refused to vote and withdrew, saying they would not be bound by the caucus.

The President sent a veto of the Copper Tariff bill to the House of Representatives yesterday. Its receipt was announced by Speaker Colfax, who said he would lay it before the House this morning.

The resolutions offering President Johnson the hospitalities of Baltimore on his retirement from Washington, were presented by Mayor Banks, and a committee of the Baltimore Councils, yesterday. Mr. Johnson accepted the invitation, and said he would designate the day at a future time.

James Rogers was murdered, in Richmond, Va., on Sunday night, by a man named Willis, whom he had ordered off his premises, a few hours before.

Wm. S. Balch, Treasurer of the James Steam Mills, Newburyport, Mass., is charged with embezzling $80,000. His employers have accepted his resignation, to take effect when work now in progress is finished, after which an investigation will take place.

At Harrisburg, yesterday, George Church and Marshall Quay had each a hand blown off by the premature discharge of a cannon, while firing a salute.

A young man, named Bell, was shot dead, by a policeman, named Tyler, at Southwick, Mass., on Sunday. He was killed in resisting an arrest for an assault.

Two men were killed, and a third seriously injured, at Fonda, N. Y., yesterday, by a blast explosion.

NEW ADVERTISEMENTS.

NOTICE.—The members of the Friendship Steam Fire Company are requested to meet to-morrow evening, at 7½ o'clock. Business of importance will be transacted.

NOTE PAPER FOR SALE at the EAGLE Office.

THE IMPORTANCE OF HEALTH.

None but those deprived of this blessing know of its loss. The pimply, blotched and tettered covered person looks upon a clear, smooth skin with jealousy, and inwardly desires the same. Those whose systems are filled with the virus of SCROFULA, and other cutaneous diseases, cannot have good health. When the blood is impure, disease is sure to follow.

All have timely warning in those Pimples, Blotches, Tetters, Sores, Boils, Copper-colored Patches, Scales, &c. Avert the calamity by purifying the system with the SAMARITAN'S ROOT AND HERB JUICES, SAMARITAN'S ROOT AND HERB JUICES, SAMARITAN'S ROOT AND HERB JUICES, Before Scrofula takes a firm hold.

How many have the virus of Syphilis in the system, and in that condition contemplate marriage, knowing little of its baneful influence on the constitution. To such we say STOP. First cleanse yourself of those impurities, of that scrofulous infection, (which in many cases is hereditary in the constitution,) before you bring misery on yourself and offspring. Price $1.25 per bottle.

SAMARITAN'S GIFT!

THE MOST CERTAIN REMEDY EVER USED.

TO PHYSICIANS.

NEW YORK, August 15th, 1867.

Allow me to call your attention to my PREPARATION OF COMPOUND EXTRACT BUCHU. The component parts are BUCHU LONG LEAF, CUBEBS, JUNIPER BERRIES.

MODE OF PREPARATION.—Buchu, in vacuo. Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement by liquor obtained from Juniper Berries, containing very little sugar, a small proportion of spirit, and more palatable than any now in use. The active properties are by this mode extracted.

Buchu, as prepared by Druggists generally, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopœa, nor is it a Syrup—and therefore can be used in cases where fever or inflammation exists. In this you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation, With a feeling of confidence,

I am, very respectfully,
H. T. HELMBOLD.

Chemist and Druggist of 16 Years' Experience in Philadelphia, and now located at his Drug and Chemical Warehouse, 594 Broadway, New York.

[From the largest Manufacturing Chemists in the World.]

I am acquainted with Mr. H. T. Helmbold; he, occupied the Drug Store opposite my residence and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise.

WILLIAM WEIGHTMAN.

Firm of Powers & Weightman, Manufacturing Chemists, Ninth and Brown Streets, Philadelphia.

HELMBOLD'S FLUID EXTRACT BUCHU, for weakness arising from indiscretion. The exhausted powers of nature which are accompanied by so many alarming symptoms, among which will be found, Indisposition to Exertion, Loss of Memory, Wakefulness, Horror of Disease, or Forebodings of Evil, in fact, Universal Lassitude, Prostration, and inability to enter into the enjoyments of society.

The Constitution, once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. If no treatment is submitted to, Consumption or Insanity ensues.

HELMBOLD'S FLUID EXTRACT BUCHU, in affections peculiar to Females, is unequalled by any other preparation, as in Chlorosis, or Retention, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrus State of the Uterus, and all complaints incident to the sex, whether arising from habits of dissipation, imprudence, or in the decline or change of life.

HELMBOLD'S FLUID EXTRACT BUCHU AND IMPROVED ROSE WASH will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superseding those unpleasant and dangerous remedies, Copaiva and Mercury, in all these diseases.

USE HELMBOLD'S FLUID EXTRACT BUCHU in all diseases of the organs, whether in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and, more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken-down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the greatest Diuretic.

Sold by Druggists everywhere. Price—$1.25 per bottle, or 6 bottles for $6.50. Delivered to any address. Describe symptoms in all communications.

BOILS.

Like the volcano, Boils give issue to the foul and fiery contents of the deep interior. To remove the cause of such suffering it is only necessary to vitalize the Blood by supplying it with its *Life Element*, IRON.

THE PERUVIAN SYRUP,

(a protected solution of the Protoxide of Iron) will do this effectually, and give *strength, vigor* and *new life* to the whole system.

Extract of a letter from REV. RICHARD S. EDES, *of Bolton, Mass.:*

"For years I was a sufferer from Boils; so that my life became wearisome through their frequent quent and persistent recurrence, finally a carbuncle formed in the small of my back. During its progress large pieces of decomposed flesh were every day or two cut away, and the prostration and general disturbance of the system were great. Before I had recovered from this attack two smaller carbuncles broke out higher up, and I was again threatened with a recurrence of the sufferings to which I had so long been subjected, it was at this time I commenced taking the PERUVIAN SYRUP. I continued taking it until I had used five bottles; since then I have have had nothing of the kind, for years I was one of the greatest sufferers. Other medicines gave me partial and temporary relief, but this remarkable remedy, with a kind of intuitive sense, went directly to the root of the evil, and did its work with a thoroughness worthy of its established character."

HARRIS'

PEARL SOAP,

THE CHEAPEST AND BEST ARTICLE FOR ALL PURPOSES THAT SOAP IS USED FOR, WASHING CLOTHES EXCEPTED.

THE GREAT AMERICAN SOAP COMPANY take pleasure in informing the people of Reading and vicinity, (but more particularly all good Housekeepers) that they are manufacturing and introducing a Soap superior to all others for the following purposes:

FIRST—For Cleaning Paint, Wood-work, Marble, &c.

SECOND—For Cleaning (and Polishing at the same time) Metals of all descriptions.

Housekeepers can at once see the great advantage of this, as it is entirely unnecessary to keep as heretofore, Polishing Powders, Brick Dust, Sand, Ashes, &c., &c.

THIRD—For a Palm or Bath Soap, especially where there are any impurities or stains upon the hands, such as Paint, Grease of any kind, Printers' Ink, &c., &c.

FOURTH and last—For the thousand and one other purposes for which soap is in constant use, and which it is impossible to enumerate at this time.

DIRECTIONS FOR USING HARRIS' PEARL SOAP for each and every purpose above mentioned. To be used in the same manner as any other Soap with this exception, that it only requires ONE-THIRD the amount of our Soap to accomplish the same results as others, and ONE-THIRD of the TIME and LABOR saved.

WANTED, every Person in Reading to try
HARRIS' PEARL SOAP.

BEWARE OF ALL IMITATIONS!
