BE READY.—The Reading Relief Society again appeals for aid. The win-ter has not been severe, yet it has had its trials and wants for the poor, and which, those who Providence has kindly dealt with, should alleviate. This Society is now feeding about nine hundred persons. This requires a large amount monoy, and unless our benevolent citizons aid, the Society will be compellad to cease operations at an early day, thus turning away a largo number of destitute and poor. A collector will call upon our citizens, and we hope he will bo liberally received.
