

The Eagle Book Store, ADLER office, DAILY EAGLE and READING GAZETTE & DEMOCRAT have been removed to 542 Penn street, Schmucker House building, opposite the Keystone House.

Mr. Aaron R. Bouvier is our author. Read next to obtain subscriptions for the DAILY EAGLE, the GAZETTE AND DEMOCRAT, and the ADLER. He is now canvassing the county.

REPUBLICAN MOVEMENTS. Our Republican friends are going to and returning from Washington in squads, and both the Alexander and Tutton factions profess themselves sure of ultimate success.

'Outside' curiosity has induced us to consult a number of political astrologers, who are how so heavily taxed by the expectations, and they have cast the requisite horoscopes, and furnished us with the following result:

William M. Baird, Esq., is again in his office, we don't mean the office of Collector, but his law office in Court street, and is as placid as usual. Mr. Galt has returned, and is considering what office he will accept. It appears that all the big Conventions were spoken some time ago, and the little ones don't pay.

Dr. Wallack, after leaving his patients for some time to the tender mercies of other doctors, has returned from Washington with very diminished hopes. Col. Ely has started for Washington with a carpet-bag full of recommendations. He is confident of success, the Messrs. Eckert having given their names at last.

Ina Eckert, Governor McKnight and Andy Davis did not find General Cameron at Washington, so after looking at the outside of the Treasury Department for a few hours, they hurried on to Harrisburg, where the General out of his bed on Saturday morning, and presided their views. Mr. Tutton, however, happened to take the same road home, and apprising his friends of this flank movement, they hurried to Harrisburg to the rescue.

Our friend Elliott of the Dispatch and Harry Eckert started for New York a few days ago to buy a new press for their newspaper, but they said—but somehow found themselves in Washington, like the gentleman who lately started for Omaha, and landed in Richmond. While at Washington they remonstrated against Senators making the appointments, and put in other big licks at Willard—the result of which is as yet unknown. In the meantime Major McKnight's opponents are active, and have discovered that in 1864, he would not let his soldiers help stuff the ballot boxes for Abraham Lincoln, in other words would not let them vote, as other officers, who had no regard for the law, did; an act which greatly disgusted the friends of "Father Abraham" in Reading at the time. Snobky Fisher is supposed to know all about this. Of course McKnight wouldn't do for Collector.

Dr. Trexler's supposed withdrawal was in this wise: The Messrs. Eckert first proposed to him that on condition of Durell withdrawing, he should give the latter the Deputyship and 25 per cent. of the emoluments. The Doctor was not willing to stand any deviation so long as he had to take all the responsibility of the office, but was ready to make Durell his deputy at a liberal salary. This Durell wouldn't stand. The story is that the next offer was that Durell should be appointed, then his friends declined going his ball so as to prevent his taking the office, upon which Dr. Trexler was to receive the support of Durell's friends. Dr. Trexler indignantly rejected any such dodge, expressing his opinion of certain parties pretty freely, and has by no means withdrawn from the contest.

The Tutton party complain that they are without an organ, while the Dispatch pitches into them daily, and they must grin and bear it. Col. Alexander's friends as hope as the Colonel himself, while the Journal won't say a word in support of Mr. Tutton's friends. So all the latter can do is to complain that the Dispatch is the organ of a faction and not of the party, and threaten to start a new daily, so that they can strike back. The friends of Col. Alexander seem determined to nominate his successor, and want no man of the Tutton stripe, who will worry himself over other people's incomes, send for account books, hire outside book-keepers, and indict fines and penalties. They say that if they can only get Gen. Cameron to view the revenue department from their standpoint, they will be all right.

The various factions are holding frequent caucuses in the back-rooms of law-offices in Court street, at private tables in beer saloons, and occasionally at street corners. They are all very communicative, and the town is daily apprised of their hopes and movements. More anon.

Speaking about business, I suppose our worthy merchants and mechanics have got their share. Our ruling market prices at present are: For wheat, best, per bu. \$1.50 to 1.60; Corn 80 cts; Rye \$1.25 to 1.35; Oats 40 cts; Butter 20 cts; Eggs 25 cts per doz. Eggs 25 cts per doz. Eggs 25 cts per doz. Eggs 25 cts per doz.

PIRACY ENCOURAGED.

About a year ago, four negroes, the crew of the schooner 'Brave', brutally murdered the white captain and mate of the vessel in Chesapeake Bay, and threw their bodies overboard, with lights attached to mark them, and made off with the schooner. Their crime was discovered, the bodies were found, and the negroes were arrested and convicted, and a few days ago they were executed. The murdered men left families, and there was much indignation felt by the people of that section in regard to the matter. In former times, when our nation was peaceful, happy and virtuous, a man who would sympathize with a pirate and a murderer was looked upon as a bad citizen and a dangerous character. Times have changed—we have 'progressed', and a Republican daily paper of this city actually has the hardihood to defend these pirates because they were negroes! The Dispatch excuses their crime by saying that the four negroes killed the two white men 'in self-defense,' and that they stole the schooner 'because they thought it belonged to them!' Four men kill two men 'in self-defense,' and steal a vessel, worth some thousands of dollars, because they 'think' it their own property! Truly, we are progressing rapidly—in the wrong direction—when the organ of the 'God-and-morality party' encourages piracy and murder. Comment is unnecessary. John Brown must grin with hellish delight to see how rapidly 'his souls marching on'!

ANOTHER VICTORY!

Col. T. H. Good, the Democratic candidate, was elected Mayor of the City of Allentown yesterday. The present incumbent is a Republican. 'The good work goes bravely on'!

The State Guard complains bitterly because George Berger, of the Telegraph, has been appointed Postmaster of Harrisburg.

Hon. Geo. D. Jackson, of the State Senate, has our thanks for a report of the proceedings of the State Agricultural Convention, at Harrisburg. We regret that the crowded state of our columns at present prevents us from publishing it.

H. Boser, Esq., of the House of Representatives at Harrisburg, has our thanks for a copy of the Report of the Commissioners for the Restoration of the Fisheries of the Susquehanna, for the year 1868. It is very interesting, especially to those who feel an interest in the commendable enterprise of stocking the creeks and rivers of our State with fish—an enterprise which we hope the Legislature will encourage by every means in their power.

OUR NEW DICTATOR PREPARING FOR WAR.—Orders have been sent from Washington to the U. S. armory at Springfield, to turn out 500 of a new breach-loader daily.

More NIXON.—The President has signed the bill 'for the security of equal rights' in the District of Columbia. It strikes out the word 'white' from the laws and charters of the District. 'Grant Democrats,' how do you like it?

PENNSYLVANIA LEGISLATURE.

HARRISBURG, March 10. In the Senate, no business of importance to our readers was transacted. In the House, the general militia supplement, reducing the minimum number of men required to form a militia company and imposing a tax of one dollar annually upon those who do not belong to any militia company, passed finally with the tax reduced to fifty cents.

PROCEEDINGS OF CONGRESS.

WASHINGTON, March 10. In the Senate, a bill was presented amending the laws relating to the settlers upon public lands. The bill continuing the educational and collection departments of the Freedmen's Bureau was passed. The Tenure of office act was discussed, but the Senate adjourned without acting upon it. In the House, a bill requiring that agricultural lands sold for non-payment of taxes in the South, shall be sold in lots not exceeding 40 acres, was introduced by Mr. Jallia. Mr. Dockery introduced a bill to re-find the special tax on brandy distilled from apples, peaches or grapes. The Indian Appropriation bill was passed. A resolution was reported directing the Foreign Committee to investigate the imprisonment of Messrs. Bliss and Masterman in Paganago, with the conduct of our late Minister there. A message was presented announcing the ratification of the Suffrage Amendment by Massachusetts.

A dispatch from Utica states that a fight occurred in Oxford, Chenango county, N. Y., on St. Patrick's day, and a number of Irishmen were driven out of the town, some of them being fatally injured. Further trouble is apprehended.
