

DAILY CHRONICLE OF PITTSTON EVENTS.

[THE SCRANTON TRIBUNE'S Pittston office, No. 8 South Main street, is in charge of W. E. Tooke and J. M. Faby, to whom complaints and news items may be referred by any subscriber.]

SPECIAL SURVEY MADE.

Burgess Maloney Proposes to Prosecute a Thorough Investigation. Surveyor Bartl, under the direction of Burgess Maloney, has made a survey of Railroad street, the extension of La Grange and the recent work done in opening Daley street.

Since the investigation was begun the civil engineer has discovered that the first figures on the Daley street opening were not correct, and has accordingly advised council that his figures for the excavation should read 235 cubic yards instead of 725 cubic yards, which would show an over payment of \$63.60; also that 103 cubic yards of stone should be deducted from the cost.

OFFICERS DULY INSTALLED.

On Jan. 2, 1894, Venus Lodge, Knights and Ladies of Honor, installed officers as follows: Protector, Ann Thompson; vice protector, Margaret Daniels; chaplain, Margaret Hastie; guide, Sarah Stewart; guardian, Frances Keddle; sentinel, William Chivers; treasurer, Thomas Hastie; secretary, Samuel Fear; trustees, Margaret Hastie, Mary E. New songs and dances were furnished in the play "Grimes' Celar Door."

It appears that the reporters of Pittston were victims of a fake story relative to James Clark, who claimed to have been attacked and robbed of his pay Saturday night. An investigation of the borough officials proves the story to be without foundation.

Rev. Frank S. Dobbins, formerly a missionary to Japan, but now one of the secretaries of the American Baptist Missionary union, will preach in the Luzerne Avenue Baptist church tomorrow morning, and in the evening will speak on Japan. What with the Water company breaking up our roads laying in ruins and the thaw that has set in, our roads never presented a worse appearance. This does not mean any reflection upon our supervisors, because they are not responsible for this bad state of affairs, but it makes an eloquent plea for different material to be placed on the roads.

The Old Forge Cornet band gave an excellent rehearsal on Thursday night in their well known style.

How to Make Turkey Scallop. Marion Harland's recipe for turkey scallop provides an excellent ending for the meat cut from the bones of a cold turkey or chicken from yesterday's dinner.

Remove the bits of skin and gristle and chop up the rest very fine. Put in the bottom of a buttered dish a layer of crackers or bread crumbs. Moistened slightly with milk that they may not absorb all the gravy to be poured in afterward. Then spread a layer of the minced turkey, with the bits of the stuffing, pepper, salt and small pieces of butter. Another layer of cracker wet with milk, and so on until the dish is nearly full. Before putting on the topmost layer pour in the gravy left from the turkey, diluting, should there not be enough, with hot water, and season with Worcestershire sauce, catsup and butter.

Have ready a crust of cracker crumbs soaked in warm milk, seasoned with salt and beaten up light with two eggs. It should be just thick enough to spread smoothly over the top of the scallop. Stick bits of butter plentifully upon it and bake. Turn a deep plate over the dish until the contents begin to bubble at the sides, showing that the whole is thoroughly cooked; then remove the cover and brown. A large pudding dish full of the mixture will be cooked in three-quarters of an hour. This, like many other economical dishes, will prove so savory as to claim a frequent appearance upon any table.

The 5 o'clock Tea Table. The return of the late-afternoon service to the 5 o'clock tea table is one of the small changes of the season. Heretofore harlequin sets or silver and china combined have been the most popular furnishings of this small but most hospitable and social boudoir, but the complete sets, including the china tray of a few years ago, are now to be seen in the high class drawing rooms and, if may be added, in the high class shops—which being the cause and which the effect is not known. Some of the most pleasing services are those of a clear, cream porcelain, with handles, spoons and cover tips, in the case of teapot and sugar bowl, of gilt.

Walnut Cream Candles. Two cupsful of coffee crust sugar, two-thirds cupful of boiling water, one-half spoonful of cream of tartar. Boil until it threads, cool slightly until it begins to thicken; then stir in chopped walnuts and drop on oiled paper.

Among the "Tocks" of people who visit the "Invalids" Hotel and Surgical Institute, at Buffalo, N. Y., are many who are sent there, by those who have already, from personal experience, learned of the great triumph in Conservative Surgery achieved by the Surgeons of that famed institution. Little heroic, or cutting surgery is found necessary. For instance (Uterine) TUMORS many others, are removed by Electrolysis and other conservative means and thereby the perils of cutting operations avoided.

PILE TUMORS, however large, Fistula and other diseases of the rectum without pain or resort to the knife.

RUPTURE, cured without the knife and without pain. Trusses can be thrown away!

STONE, large, is crushed, pulverized, washed out and safely removed without cutting.

STRICTURES, no matter how long standing, are removed without cutting in hundreds of cases.
