"I do think Hood's Sarsaparilla is 'worth its weight in gold.' For four years I suffered misery with terrible pains in my back and trouble with my kidneys. The doctors thought I had Bright's disease. Many a time I had to give up work, and continually grew worse, and when I sat or stood down I had to be helped up. At last I had to give up and go to bed and remain six long weeks. It was then I began to take Hood's Sarsaparilla, and I soon found that it was helping me although I had been told nothing would help me and thought

I would have to die. But I continued to improve till I am now in perfect health and have as good a back as any man in town. Today I can do a good day's work, and truly feel that Hood's Sarsaparilla was a God-send to me. I am as sound as the best doctor that was ever made, and I want this statement put into print so that everybody can see what good it did me. Every word of the above can be proved by a score of people here who know how I suffered and how I have been cured. I took but six bottles. I think no one can realize Hood's Sarsaparilla as much as I will praise itself." JOHN SARTOR, Scottsdale, Westmoreland Co., Pennsylvania.
