### SENATE PASSES THE FRAUD BILL

It Decides That Dishonesty Shall Not Be Discouraged at Elections.

### MR. STEWART THE ONLY BOLTER

The Silver Senator from Nevada and the Three Populists Join with the Democrats in Inviting Electoral Corruption—Senator Cameron Makes His Second Speech—The House Passes the M'Creary Resolution Making Ex-Minister Stevens Democracy's Hawaiian Scape-Goat.

WASHINGTON, Feb. 7.—The closing debate in the senate on the house bill to repeal the federal election laws was more interesting than that of any previous day. It was opened by Hoar (Rep., Mass.), and ended by Mr. Bates (Dem., Tenn.). Mr. Hoar's speech was a bitter arraignment of the Democratic party in regard to the election frauds—some of his assertions being that wherever there was a cravine in the protection of the freedom of the ballot there the Democratic party would be found trying to break through and another being that the time would come when the Democrats would need federal election laws, if for no other reason than to protect them against each other.

The Democratic position in favor of the bill was stated by Mr. Gray (Dem., Del.), to be that the election laws ought to be wiped out, not only because they were at war with every tradition of self-government, but because they buttressed up the very fraud which they were professedly intended to destroy.

SENATOR CAMERON SPEAKS. Mr. Cameron (Rep., Pa.) found an opportunity for stating that, as secretary of war, he had interfered to prevent election frauds in 1878, and that the result of his interference was that Mr. Tilden was not president of the United States. All amendments that were offered to the bill were rejected, and the bill was passed without amendment—yeas 39, nays 28, the yeas being that one Republican senator, Stewart, Nev., and the three Populist senators, Allen, Kyle and Peffer, voted with the Democrats.

THE BILL PASSED BY THE HOUSE ON October 19, 1893, and is a simple repeal of all the statutes relating to supervisors of elections, and special deputy marshals. The senate adjourned at 6:10 p. m.

### DEMOCRATS WHIPPED IN LINE

Only Three Members Fail to Support the Administration. WASHINGTON, Feb. 7.—The adoption by the house today of the foreign affairs committee's resolution censuring ex-Minister Stevens for his course at Honolulu, after a legislative battle of a period of five days, finally disposes of the Hawaiian question as a "question" so far as the house is concerned. The day began with the resolutions and the possibility of a certain Democratic defection when they were put to a vote, was followed with deep interest not only by the president, but by his constitutional advisers, the members of his political household, so to speak, as well.

The gentleman in question asked Senator Quay very frankly if he thought the Wilson bill would pass. He said he was dubious of knowing as the measure would have great weight on his business.

### GEORGE JONES HEARD FROM

Jones, chairman of the national committee of the National Greenback party, today issued the following call for the preparation and signing of petitions by those who favor a largely increased volume of money.

"National Greenbackers and all others who are in favor of the immediate issue of a large increased volume of constitutional money and of perpetuating our statute books that decision of the United States supreme court, rendered March 8, 1884, which in substance was as follows: That United States legal tender notes, commonly known as greenbacks, when issued by direction of congress, to meet the exigencies of the government or the necessities of the people, are constitutional legal tender money of the United States, and any law that favors the free and unlimited coinage of silver are hereby requested to meet in their respective cities, towns, villages and neighborhoods on Saturday, February 8, 1894, to celebrate the tenth anniversary of that important decision, and then and there to prepare and obtain signatures to petitions to their senators and representatives in congress, requesting them to speedily enact laws authorizing and directing the further issue of greenbacks and for the immediate repeal of all laws relating to the coinage or use of silver that have been enacted since January 1, 1873, and to re-enact all laws relating to silver that were in force on that date and to immediately forward said petitions to their senators and representatives in congress at Washington."
