Court Again to Be Asked to Pass Upor

Pittaton's Nominations. The adverse decision handed down by the court a few days ago governing the various objections raised particularly those relating to the Republican candidates, which in effect was that said nominations were not valid as party nominations, because of failure to comply with the law, which expressly pro vides that the proper officers of a party convention shall file their certificate of nomination with the county commissioners at least eighteen days before the election. The court decided that the delay was fatal as to the Republican ward nominations, because no certificates whatever were filed by officers of ward caucuses, but opportunity was given other candidates named in the Republican certificates to file nomina tion papers as in the case of the inde-pendent candidates or nominees of bodies of citizens other than regular party organizations.

General McCartney, counsel for the Republican candidates, asked the county commissioners yesterlay to have the names of Candidates I. Subst. W. H. Young, D. Davis and James Young placed in the column on the official ballot headed by the state Rapublican nominee, Galusha A Grow. The commissioners grant of the request, but had no sconer done so than Messra, Donnelly and Shea, counsel for the Citizen's movement served a mandamua upon the commissioners, restraining them from so doing The court fixed 10 o'clock as the hour at which time the case will again be presented for them to pass upon.
