GUARDIANS OF HEALTH

Business Transacted at the Meeting Which They Held. REPORT OF HEALTH OFFICER

He Suggests Improvements to Improve Sanitary Conditions—Sewer Wanted at Green Ridge—Emigrants Who Came on a Small-pox Vessel Bound for This City—Will Be Kept Under Surveillance.

The board of health met yesterday afternoon. Those present were Kelly, Ziegler, Drs. Paine, Buntly, Allen and Secretary Briggs.

The vital statistics record for the month was reviewed by the secretary. It showed that there were 141 deaths during the month, 123 of which resulted from accident; 63 were males and 78 females.

The reports of Superintendent H. W. Loftus, of the garbage crematory, and Food Inspector Thomas were submitted. Health Officer Allen had no written report but called the attention of the board to the condition of Diamond avenue between Court street and Providence road, stating that, in his judgment, the same could be remedied by a drain extending to the river.

The bad condition of affairs at the corner of Pittston avenue and Fifth street also received Dr. Allen's attention. The numerous complaints of children were referred to the health officer and sanitary policeman.

It was decided to shut down the crematory tonight for the purpose of making slight repairs. A committee to examine the crematory and see what repairs are needed was appointed.

WILL PUSH THE CASE. City Solicitor Torrey appeared before the board and stated that the defendant in the case of Food Inspector Thomas against S. G. Stevens for selling skin milk without proper labels attached to the cans, wished the case discontinued, as he had gone out of the milk business.

Mr. Torrey stated that the intention of the milkman had been to make it a test case. He desired to know what answer the board desired him to return to the defendant's lawyer, who had submitted the proposition for discontinuance.

The members, however, were not in mood for smoking the calumet. They declared that Stevens had made a more trouble than any other milkman in the city, and on motion of Mr. Ziegler the city solicitor was instructed to go ahead with the case.

MURPHY'S HAND WAS INJURED.

He Sues D. and H. Coal Company to Recover \$25,000. On Oct. 29, 1891, Michael Murphy, the 18-year-old son of Edward Murphy, had his hand injured while employed by the Delaware and Hudson Coal company.

Yesterday, through Attorney C. Smith, he began suit to recover \$25,000 damages, alleging that the accident was caused by the failure of the company to keep the culm car on which he was employed in proper repair.

MORE CLERKS ARE NEEDED.

Postmaster Vandling Will Ask the Department for a Larger Force. Since the postoffice was moved into the new federal building Postmaster Vandling has discovered that his present force of clerks is not large enough to transact the business of the office in a proper manner.

WILLIAM CONNELL RE-SELECTED.

He Will Continue at the Head of the Anthracite Coal Operators' Association—Other Officers. The following gentlemen were elected managers of the Anthracite Coal Operators' association at a meeting held at the Hotel Waldorf in New York, on Wednesday: William Connell, E. B. E. J. H. M. Hows, John Jeramy, O. S. Johnson, E. B. Leisenring, W. O. Payne, F. Patterson, Charles Parrish, L. A. Riley, C. B. Simpson, Dr. J. S. Wentz. William Connell was re-elected president; E. B. Leisenring, vice president, and C. B. Simpson, secretary-treasurer.

An Inebriety was served in one of the large private dining rooms, to which forty-five persons sat down, and the occasion was a very pleasant one. The secretary read a report of the Board of Managers, showing the work that had been done the past year, and also a plan that they are endeavoring to have adopted to regulate the production of anthracite in accordance with trade demands. Mr. Hermon, president of the association, presented the opinion that the plan suggested by the Board of Managers did not conflict with the law.

A vote of thanks was tendered Mr. Watkins for his faithful work in the general sales agents' meetings, where he represents the association, and also a tender of thanks to the entertainment committee and the proprietors of the hotel for the handsome lunch, and after addresses by Messrs. Smith, Watkins, Parrish, Newton and Shipman, the meeting adjourned.

The next meeting will be held in July and will probably be at some point in the antarctic region, and will include a luncheon and excursion to points of interest.

MR. WEBSTER WAS UNKIND.

Then He Added Desertion to His Faults and His Wife Asks a Divorce. Testimony was taken yesterday in the divorce case of Martha Webster against Edgar H. Webster before Judge Edwards.

Mrs. Webster said that she was married to Mr. Webster on Dec. 18, 1880. They quarreled at times and her husband abused her. Two years ago last September he said he would not live with her any longer, and he has kept his word. He is a brakeman on the Delaware, Lackawanna and Western railroad and resides in this city. Mrs. Webster makes her home on the West Side.

OUR CLUB AT SYRACUSE

It Suffered Defeat in the First Game of the Season. MADE A GOOD SHOWING, HOWEVER

Scranton Will Play at Syracuse Again Today and at Binghamton on Monday and Tuesday—First Game Will Be Played in This City on Thursday. Work on the Ground Delayed by Storm—Other Matters.

At Syracuse yesterday, the hired athletes who for the next six months will uphold the dignity of Scranton in the base ball world played their first game.

There is no reasonable cause for weeping over that fact, however. It was the first time the boys played together and they were opposed by a club that is expected to lead the Eastern league this season, a league by one way which is supposed to be a somewhat better organization than our modest little State league.

The score was Syracuse, 13, Scranton, 7. That shows that our boys were in the game and worried the Salina City men to some extent. They will play in Syracuse again today and may be expected to give a better account of themselves.

On Monday and Tuesday the clubs scheduled to play exhibition games in Binghamton. On Thursday next, weather permitting, the first game of the season will be played in this city. Our ball tossers will be opposed by the Murray Hills, of that city.

After that the cranks will begin to develop. Little progress has been made at the park this week on account of the severe snow storm. The fence is up and the grand stand and bleachers are almost completed, but as yet no work has been done on the diamond. The storm was a serious setback to that work. A few warm days just now would be much appreciated. On top of the grand stand a flag pole has been erected from which the club hopes to float the league pennant at the end of the season.

We are making no boast at this time that our team is a sure pennant winner, but it will not cause any one to die of heart failure if such a thing should occur. We say this with all due respect to the ballistic abilities of the other clubs that will prance around our new diamond this season.

PLAYERS AT SYRACUSE. The players who went to Syracuse with Manager Martin Swift (manager) were: Westlake, third base; Rees, second base; Muesy, first base; Weitzel, short stop; Patchen, catcher; Hogan, center-field; Staltz, right field; Doran, Nolan, Flanagan, pitchers. The intention of Manager Swift when he left the city was to win left field himself and give the pitchers three innings in the box.

Catcher Rogers has accepted the club's advance money and notified the management that he is now on his way from San Antonio, Tex., to join the club. He has an excellent record and is counted on to do good service for the club. Pitcher Hodgson will report for duty about the beginning of the league season.

MORE LAND SECURED.

Poor Board Decides to Purchase the Vezburg Farm. The poor board met last evening at 7:30 o'clock for the purpose of taking action on the report of the committee appointed to investigate lands for a joint use of the poor farm and a cure (propose) to sell to the city the sum to the extent of all the proceeds of the present real estate, Mrs. Vezburg.

The committee, when they met last evening, examined the farms and lands proposed for purchase and they were in favor of the purchase of the Vezburg farm, known as the Vezburg farm. The report was a topped, and on motion of Mr. Shorten, the board's attorney was instructed to examine the title and if the same be found good, the committee is empowered to make the purchase.

The land in question is convenient and available for the purpose of the district and is a bargain at the price asked.

IT WAS ALMOST A MURDER.

Mrs. Martin Coyne, of Minooka, Brutally Assaulted—She is Now Out of Danger. Michael Coyne and his cousin, Thomas Coyne, had a dispute in the home of Mr. Shorten, the board's attorney, Wednesday.

Presently the men began to fight and Mrs. Martin Coyne rushed between them. During the struggle which ensued Mrs. Coyne was kicked in the abdomen and struck over the head with some blunt instrument.

She fell to the floor unconscious and for a time it was feared she would die, so dangerous was her condition. Michael and Thomas Coyne were thereupon arrested and committed to the county jail to await the result of her injuries.

Yesterday Dr. Haggerty declared that Mrs. Coyne was out of danger and the men were released on bail, Patrick Coyne becoming security for their appearance at court.

At a meeting of the Father Whitty Young Men's society held at St. Mary's hall Thursday evening, resolutions were passed, concerning the court for granting the De-Kinick license and approving the movement to have all drinking places closed on Sunday.

A team of horses owned by Bu cher Sherwood ran away Thursday. At Brick avenue and Oak street the wagon came in contact with a post smashing it badly.

Roy Williams, a nephew of Robert Westlake, aged 17 years, died of appendicitis at the home of his uncle on West Market street yesterday after an illness of three days. Notice of enternment later.
