BOARD OF TRADE TALK.
The Black Diamond, a Chicago industrial coal publication, in its issue of April 21, gives mention of the recent letter of Secretary L. B. Alorton, of the Scranton board of trade, meant the advantage of the attractive coal fields over the Niagara tunnel in cheapness of power. Secretary Alorton's letter was only published April 13, and the comment of the Chicago paper is testimony that the business eye of the country is occasionally focused on Scranton.
An important meeting of the manufacturing committee will soon be held to consider the proposal of a corporation recently organized in New York city to locate here. The concern would capitalize to the extent of \$150,000 and establish an industry, the nature of which is entirely new in this city. This company owns a patent for the manufacture of indestructible clay bricks suitable for all purposes of heat and illumination. This kind of brick, it is said, will revolutionize the entire plan of illuminating mechanism in this country.
Upon the recommendation of Colonel Albert Pope, of Boston, the board is endeavoring to get Isaac B. Potter, of New York city, to address the meeting of May 21 in the interest of good roads.

Scranton's Business Interests.
The TRIBUNE will soon publish a carefully compiled and classified list of leading wholesale, banking, manufacturing and professional interests of Scranton and vicinity. The edition will be bound in book form, beautifully illustrated with photographs views of our public buildings, business blocks, streets, etc., together with portraits of leading citizens. No similar work has ever given an equal representation of Scranton's many industries. It will be an invaluable exposition of our business resources. Sent to persons outside the city, copies of this handsome work will attract new comers and be an unequalled advertisement of the city. The circulation is on a plan that cannot fail of good results to those concerned as well as the city at large. Representatives of THE TRIBUNE will call upon those whose names are desired in this edition and explain its nature more fully.
Those desiring views of their residences in this edition will please give notice at the office.

NOTES OF SOUTH SIDE

Weekly Paper to Be Started in Interests of the Polish People.

THE OBJECT OF THE EDITORS
Wedding of Miss Mary Davitt to Patrick Lynch Has Been Indefinitely Postponed—Groom Has Disappeared—Miss Davitt Is in a Serious Condition—Marriage of Miss Annie Baker to Alex Neglie—Personals.

The Polish people of Scranton and vicinity are to have an organ, printed in their own language and published in their interest. The initial number will be run off a week from next Friday and the first edition will consist of 1,000 copies. The journal will be an eight-page weekly and its name will be *Tygodnik*, which translated means *The Scranton Weekly*. Its publishers will be Rev. R. C. Aust and Rev. E. Hodur, rector and assistant rector of the Polish church on Prospect avenue. Nominally it will be Democratic in politics, although remaining independent of, or more properly speaking, neutral in local affairs. It will be the only Polish paper in northeastern Pennsylvania and will be a power for good in Lackawanna and sister counties. Rev. Richard C. Aust, the proprietor of the new paper, says:

"The columns of this paper will be used as a channel for continuing the work of the pulpit. Its aim is to educate our people to become good American citizens by pointing out to them what is and what is not a transgression of the law. In addition we will publish a synopsis of American history from a historical point and free from bias. The Polish people are all readers, if furnished their own literature, and the Hungarians and Lithuanians will also be readers."
Father Aust concluded by stating that there was no doubt of the success of the venture.

May Remit Seriously.
Today was to have occurred the wedding of Miss Mary Davitt, of Park street, and Patrick Lynch, of Birch street, but the nuptial festivities have been indefinitely postponed. Miss Davitt is a talented young lady and had hosts of suitors but bestowed her affections on young Lynch, who has hitherto been her admirer. She was employed as an engraver at the South works of the Lackawanna Iron and Steel company and was considered a steady and reliable youth. The friends of the young couple predicted a bright future for them. Now all this is changed. Lynch on Saturday drew the pay coming to him and left for parts unknown. He did not appear his fiancée of his action, and when she learned of the true state of affairs on Sunday she became ill. Her condition was serious yesterday and it is doubtful if she will recover. Her brother promises to teach her transient lesson in constancy if the occasion presents.

COMING ATTRACTIONS.

Wednesday night Barlow Brothers' minstrel will be seen at the academy of music. The first part will be entertaining enough beyond a doubt. In the semi-circle will appear beside the Barlow brothers several other funny end men, and the latest songs will be sung by sweet singers. Among the special selections are "The Girl I Left Behind Me," "After the Play" and a dainty ballad called "Baby's Letter" by the wonderful boy soprano, Master Percy Williams. The second part is filled with no end of variety and novelty.
HENDRICK HUDSON THURSDAY NIGHT. Sprightly Corliss and the Kimball Opera company will give "Hendrick Hudson" at the Frothingham Thursday night. It has been produced more gorgeously, more elaborately and more exquisitely than any other spectacle which Mrs. Jennie Kimball, the manager, has directed, and to one looking back over her successful pastorage of the fortunes of the Kimball Opera company organization that means a great deal indeed. In the leading character, the jolly rascals Hendrick, the worthy Corliss has decided the best opportunity has been afforded for the display of her talents.
PRIMROSE AND WEST'S MONTE CARLO. Primrose & West's Comedy company will present to the public at the Academy of Music, Thursday evening, the spectacular comic opera play, "Monte Carlo," introducing the famous minstrel comedians in white face, George Wilson and the German Brothers. In this production, the necessities of all kinds and descriptions are necessary wherewith to still the hue and cry which the public sends forth for something new. In speaking of theatrical productions which are composed chiefly of those mentioned adjuncts, the history and details may be cited of a wonderful production. The play is full of fun from start to finish. It is full of comedy, choice specialties, lightning sketches and popular music.

A. M. PALMER STOCK COMPANY.
The original A. M. Palmer Stock company from Palmer's theater, New York, will be at the new Frothingham theater on next Friday and Saturday evenings and Saturday afternoon. The attraction on Friday evening will be "Saints and Sinners," on Saturday evening "The Bohemian," and on Saturday afternoon "The Bird Pair of Spangled" and "One Touch of Nature," will be presented. The Palmer company is by far the strongest dramatic organization that has ever appeared in Scranton and includes such well known and capable actors as William Lackey, J. H. Seward, E. M. Holley, George Fawcett, Edward Bell, Walden Ramsey, Virginia Harwood, Mrs. D. P. Bowers, Madeline Bouton, Jennie Eastman, H. M. Conquest and nearly a score of others.
