BODY FOUND IN WOODS

It Is Supposed to Be that of Alexander Prantz, of Danmore.

HE DISAPPEARED MONTHS AGO Body Discovered in a Lonely Part of the Mountain Near No. 4 Breaker

by Hunter Nicholas Klein—Coroner Kelley Will Investigate the Case if He Discovers Any Evidence of Violence.

The much decomposed body of a man was found by Nicholas Klein, a hunter, yesterday afternoon on the mountain near the Nos. 4 and 5 breakers.

He reported his ghastly find to Officer Matthews and Coroner Kelley and a jury repaired to the scene about 3 o'clock.

From papers found in the dead man's pockets he is supposed to be Alexander Prantz, who disappeared from Danmore about three months ago.

The spot where the body was found is at the very top of the mountain about a mile from the No. 5 breaker, which is the nearest inhabited locality.

Hardy about and large bonfires cover the ground. Even hunters in search of game hesitate to visit the spot, and but for the two dogs of Klein, the bleached bones of the gruesome bulk might have laid undiscovered for years.

CORONER'S JURY SELECTED The jury impaneled on the case is composed of P. O. Kutzler, W. F. Clifford, William Matthews, E. J. Melvin, James H. Kelly and Henry Burns.

For a hard climb attended by many falls and bluffs for rest, and piloted by Klein, they reached the body.

It was lying face downward with hands outstretched and apparently fallen. Flies and vermin infested it. The hair had grown to several inches in length, and it was the opinion that the body had rested there for several months, though the decomposition rendered the period doubtful.

Anything further than a cursory examination was out of the question. The party was supplied with an under-taker's slab, and loading the remains upon it, started on a laborious descent to the breaker.

Talby Coroner Kelley will carefully examine the body, and if any evidence of violence are discovered, an autopsy will be performed.

The man had on two suits of clothes, a brown suit over a light one. A black derby hat was found a few feet distant. Papers found in a coat pocket consisted of a pass book issued from Sheriff's store at Danmore, and an Italian society card in an envelope addressed "Celia Raymond, County Jail."

A further examination could not be made owing to the presence of vermin. MYSTERY OF THE CASE

As yet, Prantz's presence in such an isolated spot is unexplained. A vestry, and may some of the coroner's examination of the body and clothing today reveals a clue.

Inquiries made at Danmore last night throw but little light on Prantz's history. He had trouble with his wife and they had been living separately for some time. His mind was not considered sound. His occupation during a portion of last winter was that of a miner.

MISS HEATH'S TALK ON ART. Retained a Number of Persons at Residence of Col. H. M. Hois.

A representative gathering to the number of about sixty persons was present last night at the residence of Colonel H. M. Hois, on Clay avenue, and listened to a very interesting talk by Miss Heath, a story of Russian life, in which treachery, love and self-sacrifice are mingled, was skillfully interpreted at new Wonderland theater last evening.

The play is one of deep and absorbing interest, and the development of the plot is followed with keen interest by the audience from the moment the curtain rises until it goes down at the close of the last act.

As Nikifor, a serf, Al F. Darey appears to good advantage. His acting is in rapport with the character assumed, and is certainly of a high order.

Ethel Fuller, as Princess Lydia, interprets her lines well; while Margaret Tennant, as the Countess Danicheff, seems to fall into a groove for which she is well fitted.

This evening's entertainment concludes with a comedy act entitled "An

Upton Flat," in which Miss Margie Willet assumes the leading role.

It is a light, cheery and fun provoking piece, and rounds out the programme in excellent style.

IN OLD KENTUCKY TONIGHT. The Big New York Success to Be Seen at the Frothingham.

"In Old Kentucky," the play that made such a successful run at the Academy of Music, New York, during this season, will be at the Frothingham tonight and tomorrow afternoon and evening.

It is a vivid and graphic story of life in the blue-grass region of Kentucky, strong in its development of character, intensely dramatic in its scenes, situations and picturesque in its setting.

In addition, a number of novel features are promised which are declared to be absolutely new. One elaborate scene is the representation of the Lexington race track showing the finish of an exciting race.

The grand stand and the usual attendants—spectators and hangers-on, bookmakers, jockeys, touts and others.

Another scene is one of historical interest, the Phenix hotel, of Lexington, the famous hostelry which often welcomed Henry Clay, Breckinridge and other great Kentuckians beneath its hospitable roof.

THAT DUNMORE SEWER.

Effort Being Made to Have Report of Viewers Set Aside.

In the matter of the petition to set aside the assessment of the viewers for the construction of a sewer in the Sixth ward of Danmore, on motion of Attorney T. J. Duggan, a rule was granted yesterday to show cause why the final confirmation of the report of viewers shall not be annulled and set aside. The rule was made returnable on May 11.

The reasons set forth as cause for the petition and which are sworn to by Charles P. S. Pace, borough clerk of the council of Danmore, summarize as follows:

The ordinances establishing said sewer district are illegal and void, for the reason that the council at the time the ordinances were passed creating a sewer district in the borough of Danmore and providing for the appointment of viewers to make an assessment, said ordinances were not duly and correctly transcribed in the ordinance book, as provided by law; that said ordinances were not signed on said ordinance book by the burgess, nor were they attested by the secretary of council.

Said ordinances were typewritten on sheets of paper containing the names of the burgess and secretary and were then pasted on the ordinance book. Furthermore, said book fails to show that the ordinance was published in the papers of the county as directed by law.

Other reason is that liens for the assessments were not entered against the property holders benefited within six months from final confirmation of viewers fixing assessments and that said assessments cannot be collected by any action of assumpsit, the sole remedy for the collection of said assessments being the entry of a fieri facias in the prothonotary office.

The petition further alleges that some time in June, 1893, the council of Danmore received bids for the construction of said sewer and awarded the contract of said sewer to Fred Hinder, of Wilkes-Barre, who on discovering the facts set forth, refused to accept the contract.

SENTENCES IMPOSED. Convicted Evil-doers Receive Punishment for Their Crimes.

Judge Archbald yesterday sentenced a number of persons who were convicted of various charges last week.

John Abankoff, convicted of stealing \$204 dollars from Mrs. Annie Keisani, was sentenced to pay a fine of \$4, and if not paid, to undergo a confinement in the county jail for one year.

W. J. McNeill, convicted of having assaulted Paul Leister, was sentenced to pay the costs and an additional fine of \$10.

David Kane, who last week pleaded guilty to hurrying a stone at Professor White, of Archbald, was sentenced to pay \$5 and costs of prosecution.

Arthur Gregory and George W. Norrish, self-confessed burglars, were sentenced to pay a fine of \$50 and suffer confinement in the county jail for three months. Owen Eingen, an accomplice, was given the same sentence except that in his case the fine was made \$15 instead of \$50.

CONVENTION AT WILKES-BARRE. Delegates from Father Mathew Societies Will Meet There May 10 and 17.

On May 10 and 17 the annual convention of the Scranton Diocesan union will be held at Wilkes-Barre. Nearly all of the Father Mathew societies, that are affiliated with the union, have already elected delegates to represent them at this convention.

It will be very interesting as several matters of much importance are to come up for discussion. Among them is the question of organizing an insurance bureau in connection with the union, which is likely to precipitate a lively debate.

Officers for the ensuing year and delegates to the national convention in St. Paul in August will also be elected, and the places where the district parades will be held on Oct. 10 decided upon.

INJUNCTION MADE PERMANENT. Carbide Gas Company Restrained from Issuing Bonds.

The preliminary injunction granted John W. Alston against the Carbide Gas Company was yesterday made permanent by Judge Gunster.

The defendant was also perpetually enjoined and restrained from issuing any additional stock or bonds of the Carbide Gas Company. Costs in the proceedings were assessed to be paid by the defendant.

THE SCRANTON TRIBUNE—TUESDAY MORNING, MAY 1, 1894.

Free Exhibition at the Store of Horan & Healy, Danmore, who has been so successfully showing the merits of the celebrated Gold Medal and Superlative Flour of the Washburn-Crosby company at all wishing to become experts, how to make it is to waste materials and ruin the temper as well as the digestion by making and using poor bread.

Go to the store of Horan & Healy, Danmore, and see how simple a matter it is to make the table with beautiful bread and cake.

St. Luke's Summer Home. St. Luke's Summer Home at Dalton, for tired out mothers who would not otherwise be able to secure a vacation rest and recuperation, also for sickly and drooping little ones, will reopen this year, at an earlier date than last summer. A mistaken statement has been made that it is for aged persons. It was poor mothers and children chiefly who were cared for in its last year and will be again. The chairman of the committee having the matter in charge is William A. Avery. The admission committee will be announced later by the rector of St. Luke's church.

Scranton's Business Interests. THE TRIBUNE will soon publish a carefully compiled and classified list of the leading wholesale, banking, manufacturing and professional interests of Scranton and vicinity. This edition will be bound in book form, beautifully illustrated with photographic views of our public buildings, business blocks, streets, etc., together with portraits of leading citizens. No similar work has ever given an equal representation of Scranton's many industries. It will be an invaluable exposition of our business resources. Sent to persons outside the city, copies of this handsome work will be an unequalled advertisement for the city. Circulation is on a plan that each fair of good results to those concerned as well as the city at large. Representatives of THE TRIBUNE will call upon those whose names are mentioned in this edition and explain its nature more fully. Those desiring views of their residences in this edition will please have notice at the office.

HAMLEN, the only scientific shooting in the city. The only qualified veterinarian in the business.
